

Table of Contents

| | |
|---|-----|
| Sheet Metal Bending Residual Stress Effect on Fatigue Performance of Ultra-High Strength Steels I. Men | 1 |
| Utilizing Palm Kernel Fibre to Reinforce Cement-Based Composite Panels Blended with Bamboo Leaf Ash Z.T. Giwa, S.O. Odeyemi, U.N. Wilson, A.A. Adefila and E.O. Eyinade | 23 |
| Experimental Fracture Failure Analysis of Superheater Water Pipe Boilers H. Husaini, R.A.W.S. Rambe and N. Ali | 33 |
| Heat Transfer Characteristics of Multi-Story Flat Plate Type Cooling Tower: Effect of Number of Holes A.K. Perangin-Angin, A. Syuhada and R. Thaib | 41 |
| Performance of a Double-Blade Archimedes Screw Turbine with Head and Flow Configuration for Low-Head Applications M.I. Maulana, A. Syuhada, Y. Yusmanizar and M.A. Asyqar | 51 |
| The Numerical Simulation of Air Foils Used on Unmanned Aerial Vehicles F. Jayadi, S. Fathi and M. Masykur | 65 |
| Polarization Reconfigurable Circular Patch MIMO Antenna with Improved Isolation S.K. Gupta, U.K. Agrawal and S. Das | 73 |
| Sub-Saharan Africa Electric Power Distribution Networks Performance Enhancement Prospect P.T. Ogunboyo and I.E. Davidson | 85 |
| Forecasting-Based Design and Optimization of Grid-Connected Solar Photovoltaic System Using MMC and ANFIS for Peak Load Shaving and Ancillary Support in Bahir Dar Distribution Substation W.A. Alemu, Y. Alemu and A.M. Tadege | 101 |
| Dynamic Leader Selection and Gradient Climbing Techniques in Swarm Optimization O. Adenekan, B. Ubochi, N. Nwulu and K.F. Akingbade | 129 |
| Modelling and Performance Evaluation of Two-Leader Following Communication Topology in Heterogenous Platoons T.O. Tijani, B. Ubochi, N. Nwulu and K.F. Akingbade | 141 |
