

Table of Contents

Preface, Committee & Sponsors

Creation of a New Class of Nanocomposite Coatings of the Increased Crack Resistance and Hardness on the Basis of Innovative Beam Technologies

S.N. Grigoriev 1

Main Technological Parameters Influence of Selective Electron Beam Melting on Properties of Thin-Walled Titanium Alloy Samples

P.Y. Peretyagin, V.P. Bolbukov, N.Y. Cherkasova and A.V. Kabanov 13

Tool Surface Microalloying by Self-Extending High-Temperature Synthesis

S.V. Fedorov and S.N. Grigoriev 21

Technical Problems and Perspectives of Implementing the Selective Laser Melting Method for Producing Structural Components for Aircraft

T.V. Tarasova, A.A. Filatova and E.Y. Dolzhikova 29

New Approach to Study and Research of Causes of Operational Characteristics Disturbance for Ceramic Tool Materials

M. Volosova, N.Y. Cherkasova, P.Y. Peretyagin and E.Y. Dolzhikova 35

Modeling Process of Spark Plasma Sintering of Powder Materials by Finite Element Method

D.I. Yushin, A.V. Smirnov, N.W. Solis Pinargote, P.Y. Peretyagin and R. Torrecillas San Millan 41

Optical Monitoring and Diagnostics of SLM Processing for Single Track Formation from Co-Cr Alloy

I.V. Zhirnov, P.A. Podrabinnik, M. Tokbergenov, A.A. Okunkova and I.Y. Smurov 51

Effective Sputtering System for Deposition of Wear-Resistant and Anticorrosion Coatings

A.S. Metel, S.N. Grigoriev, V.P. Bolbukov and Y.A. Melnik 61

Selective Laser Melting of 3D Structures Produced from Heat-Resistant Cobalt Alloys

T.V. Tarasova, A.P. Nazarov and A.V. Gusarov 71

Synthesis of Nanostructured WC-Co Hardmetal by Selective Laser Melting

R.S. Khmyrov, V.A. Safronov and A.V. Gusarov 77

Modeling the Effect of Beam Shaping at Selective Laser Melting

C.E. Protasov and A.V. Gusarov 85

Determination of True Temperature in Selective Laser Melting of Metal Powder Using Infrared Camera

M.A. Doubenskaia, I.V. Zhirnov, V.I. Teleshhevskiy, P. Bertrand and I.Y. Smurov 93

Comparative Study of Selective Laser Melting and Direct Laser Metal Deposition of Ni₃Al Intermetallic Alloy

D.V. Kotoban, A.P. Nazarov and I.V. Shishkovsky 103

Laser Post Annealing of Cold-Sprayed Al–Ni Composite Coatings for Green Energy Tasks

P.A. Podrabinnik and I.V. Shishkovsky 113
