

Table of Contents

| | |
|--|-----|
| Study on the Sintering and Mg Composition Effect on MgB₂ Superconducting Bulks and Wires Synthesized by Powder-in-Sealed-Tube Method M.R.U.K. Khan, A. Imaduddin, H. Nugraha, R. Hattori and A.W. Pramono | 1 |
| Simulation Analysis of Influence of Different Parameters on Sliding Failure and Compressive Failure of Carbon Fiber Reinforced Polymer J.Y. Cao, X.M. Zhang, H.B. Chen and Y. Jiang | 13 |
| A Study on Material Dispersion around Zero Material Dispersion Wavelength of Different Material Composition based Optical Fiber P.R. Chowdhury, A. Mitra, S. Patra and S. Biswas | 25 |
| High Resolution Residual Strain/Stress Measurements on Three Axis Neutron Diffractometer P. Mikula, J. Šaroun and V. Ryukhtin | 33 |
| Engineered Nanoparticles for Prevention against CoVID-19 Infection R. Dwivedi, Meetkamal and R.K. Dwivedi | 41 |
| Numerical Simulation on Dynamic Fracture of Glass Plate Fitted with Polymeric Film T. Kojima, M. Suzuki and M. Notomi | 57 |
| Machine Learning for Modeling the Bearing Capacity of Prestressed Concrete Elements Damaged by Corrosion A. Zalapa-Damian, E.M. Alonso-Guzmán, J.M. Ponce-Ortega, W. Martínez-Molina, C. Bernabé-Reyes and H.L. Chavez-Garcia | 65 |
| Compressive Strength of Steel Fiber Reinforced Polymer Modified Recycled Aggregate Concrete G. Awchat | 81 |
| The Statistical Approach to Study the Effects of the Size of Coarse Aggregates and Percentage of Steel Fiber on Mechanical Properties and Ductility of Concrete S.A.H.S. Taghia, H.R. Darvishvand, M. Ebrahimi and E. Keramati | 95 |
| A Classification Review on Green Concrete J.N. Tzortzi and R. Hasbini | 113 |
