Introduction

Chapter 1: Invited Lectures

The Revised Guidelines of ICS and their Bearing on Jurassic Chronostratigraphy J. Remane	19
Milestones in the Study of the Jurassic of Argentina P.N. Stipanovic	23

Chapter 2: Biostratigraphy and Correlation

Jurassic Ammonite Assemblages and Zones of the Principal Cordillera of San Juan, Argentina P.P. Alvarez	45
Recent Advances in Jurassic Calcareous Nannofossil Research P.R. Bown	55
Jurassic Trigoniceans from Argentina: A Review H.A. Leanza	67
"Once upon a Time in the Pacific": Chronostratigraphic Misinterpretation of Basal Strata at ODP Site 801 (Central Pacific) and its Impact on Geochronology and Plate Tectonics Models E.A. Pessagno Jr. and D. Meyerhoff Hull	79
Correlating New Zealand Regional Stages by Ammonites G.E.G. Westermann	93
Triassic/Jurassic Boundary in Boreal Realm and the Oldest Zone of Jurassic A. Dagys	101
In Search of the Earliest Nonmarine Cypridacean Ostracods: New Discoveries from the Early Mesozoic of Western Argentina R.C. Whatley and S.C. Ballent	111
The Hettangian/Sinemurian Stage Boundary - Further Observations G. Bloos	119
Ammonite Biostratigraphy of the Sinemurian-Pliensbachian in Central and Eastern Pontides (Turkey): Preliminary Remarks C. Meister and F. Alkaya	129
Aalenian Ammonite Biostratigraphy in Northern Apennines (Italy) S. Cresta	135
The Aalenian in the Iberia (Betic, Lusitanian and Iberian Basins) M.H. Henriques, A. Linares, J. Sandoval and M.S. Ureta	139
The Callovian Ammonoid Chronology in Kachchh (India) J. Krishna and J.R. Ojha	151
Marine and Terrestrial Jurassic Microfloras of the Neuquén Basin (Argentina): Palynological Zonation M.E. Quattrocchio, W.A.S. Sarjeant and W. Volkheimer	167
New Mid-Jurassic Ammonitina from New Zealand: Implications for Biogeography and Oceanography G.E.G. Westermann	179
Oxfordian Ammonites from Hungary I. Fözy and G. Meléndez	187
Quantum Refinement in the Kimmeridgian Ammonoid Chronology in Kachchh (India) J. Krishna, D.B. Pathak and B. Pandey	195
Ammonoid Chronology in the Tithonian of Kachchh (India) J. Krishna, B. Pandey and D.B. Pathak	205

Stratigraphy of the Upper Jurassic of Western Siberia Based on Foraminifers V. Podobina and H. Tatyani	215
Upper Tithonian Ammonites and Floras from the Chicama Basin, Northern Peruvian Andes R. Enay, G. Barale, J. Jacay and E. Jaillard	221

Chapter 3: Sedimentary Geology and Paleoecology

Tectonic and Eustatic Controls during the Lower and Middle Jurassic of the South Rif Ridge (Morocco) and their Importance for the Foraminifera-Communities M. Boutakiout and S. Elmi	237
The Significance of Specific Microalgae in the Palaeoenvironmental Interpretation and Biostratigraphical Correlation of the Jurassic in Sweden D. Guy-Ohlson	249
Neo-Cimmerian Uplift of Intraoceanic Czorsztyn Pelagic Swell (Pieniny Klippen Belt, Polish Carpathians) Indicated by the Change of Brachiopod Assemblages M. Krobicki	255
Lower Jurassic Anastomosing Fluvial Deposits from the Cratonic Margin of an Andean Back-Arc Basin, Argentina L. Spalletti	265
Sequence Stratigraphy of the Lower-Middle Jurassic in Southern Neuquén: Implication for Unraveling Synsedimentary Tectonics along the Huincul Wrench System M. Limeres	275
Sequence Stratigraphy in Continental to Marine Transitions. An Example from the Middle Jurassic Cuyo Group, South Neuquén Basin, Argentina C. Zavala	285
High-Resolution Sequence Stratigraphy in the Middle Jurassic Cuyo Group, South Neuquén Basin, Argentina C. Zavala	295
Taphonomic Analysis of Bajocian Ammonites from NW France (Normandy, Poitou) L. Martire and G. Pavia	305
Ecological Perspectives of Late Jurassic Radiolarian Faunas from the Antarctic Peninsula W. Kiessling and R. Scasso	317
Application of Cathodoluminescence and Stable Isotopes to Carbonate Diagenesis in Upper Jurassic Limestones, Neuquén Basin, Argentina S.D. Matheos	327
Sea-Bottom Relief and Bathymetry of Late Jurassic Sponge Megafacies in Central Poland B.A. Matyja and A. Wierzbowski	333

Chapter 4: Regional Stratigraphy and Tectonics

Stratigraphic Correlations of the Main Jurassic Events in the Western Mediterranean Tethys (Western Algeria and Eastern Morocco) S. Elmi	343
Stratigraphy and Tectonics of Cañadon Asfalto Basin, Lows of Gastre and Gan Gan, North of Chubut Province, Argentina E.G. Figari, S.F. Courtade and L.A. Constantini	359
Tithonian Paleogeography of the Aconcagua Basin, West-Central Andes of Argentina G.L. Lo Forte, G. Anselmi and M.B. Aguirre-Urreta	369
Upper Jurassic Sedimentary Infill and Tectonics of the Lusitanian Basin (Western Portugal) R.P.B. Pena dos Reis, J.L. Dinis, P. Proença Cunha and P.R. Trincão	377
Early Mesozoic Tectonics of the High Andes of Argentina and Chile V.A. Ramos and P.P. Alvarez	387
Jurassic of the Tatra Mountains - Western Carpathian Sector of the Western Tethys J. Wiczorek	397

Chapter 5: Magnetostratigraphy and Paleomagnetism

Oxfordian and Lower Kimmeridgian Magnetic Polarity Time Scale

J.G. Ogg and J. Gutowski

406

Preliminary Magnetostratigraphic and Paleomagnetic Data on Lower Jurassic Rocks of Neuquén Basin (Argentina)

M.P. Iglesia Llanos and H. Vizán

415

Chapter 6: IGCP 322 Symposium: Correlation of Jurassic Events in South America

Late Jurassic Vertebrate Communities of Eastern and Western Gondwana

J.F. Bonaparte

427

Andean Jurassic Inoceramids as Potential Bioevent Markers for the Austral Realm

S.E. Damborenea

433

Biogeographic Affinities of the Jurassic Marine Reptile Fauna of South America

Z. Gasparini and M. Fernández

443

The Tithonian Ammonite Genus *Chigaroceras* Howarth (1992) as a Bioevent Marker between Iraq and Argentina

H.A. Leanza

451

Occurrence of Vallupinae (Radiolaria) in the Neuquén Basin: Biostratigraphic Implications

I. Pujana

459

Paleogeographic Changes during the Middle Jurassic in the Southern Part of the Neuquén Basin, Argentina

M.E. Quattrocchio, C. Zavala, V.G. García and W. Volkheimer

467

Circum-Gondwanan Ammonite Correlation at the Bathonian-Callovian Boundary

G.E.G. Westermann

485
