Preface and Committees

Synthesis and Light-Emission Properties of Manganese-Doped Calcium Zirconate Phosphor and Manganese-Doped Strontium Zirconate Phosphor B.B. Wang, C.F. Chang, Y.R. Li, T.N. Chau and W.D. Yang	1
Biomechanical Assessment of Unconstrained Elbow Prosthesis after Total Elbow Replacement: A Finite Element Analysis M. Heidari, M.R.A. Kadir, A. Fallahiarezoodar, M.N. Harun, M. Alizadeh and J. Kashani	7
Study on the Photocatalytic Degradation of Methylene Blue Dye on Titanate Nanotube Powders Prepared by Methanol-Thermal Process T.N. Chau, Y.T. Sung, B.B. Wang and W.D. Yang	11
Transient Analysis of Inlet Fogging Process for Gas Turbine Systems K.H. Kim, D.J. Kim, K.J. Kim and S.W. Hong	17
An Assessment of Wet Compression Process in Gas Turbine Systems with an Analytical Modeling K.H. Kim, D.J. Kim, K.J. Kim and S.W. Hong	23
Assessment of Hole Quality and Thrust Force when Drilling CFRP/Al Stack Using Carbide Tools S.A. Ashrafi, S. Sharif, Y.M. Yazid and A. Davoudinejad	28
Multi-Objective Optimization of Filament Wound Composite Pressure Vessels Based on Weight and Matrix Cracking/ Burst Pressure Using Imperialist Competitive Algorithm B. Abdi, Y.S.B. Ismail, A. Amran, R.A. Abdullah and M.Y. Yahya	34
<i>In Situ</i> Laser Build-Up Welding of Shipboard Crankshafts T. Torims, A. Ratkus, M. Zarins, V. Brutans and J. Vilcans	39
Stress and Deformation Analysis for Caster Segment Based on ANSYS Y. Wu, Z. Liu and Y.J. Yang	47
Instable Crack Propagation Analysis with PDS-FEM H. Chen	53
Reducing the Manufacturing Cost by Using Combination Die C.N.A. Kumar and R. Deivanathan	59
Effect of Aluminium Alloy and Mild Steel on the Productivity in Sheet Metal Forming Processes C.N.A. Kumar and R. Deivanathan	64
Exergetical Performance Assessment of Organic Rankine Cycle with Superheating K.H. Kim and H.J. Ko	69
Effect of Machining Parameters on Cutting Force when Turning Untreated and Sb-Treated Al-11%Si-1.8%Cu Alloys Using PVD Coated Tools M.M. Barzani, M.Y. Noordin, S. Farahany and A. Ourdjini	74
Numerical Investigations of Steel Beam-to-Column Connections with Reinforcing Plates M. Valente	78
Seismic Performance Assessment of a Non-Ductile RC Building Retrofitted by Steel Bracing or Fiber-Reinforced Polymers M. Valente	84
Seismical Protection Properties of High Damping Rubber Bearing and Lead Rubber Bearing Base Isolation Systems for Multi-Storey RC Buildings D. Cancellara and F. de Angelis	90
Dynamic Nonlinear Analysis of an Hybrid Base Isolation System with Viscous Dampers and Friction Sliders in Parallel D. Cancellara and F. de Angelis	96
Optimization Data Processing Result of Integrated Media Plan System (IMPLANS) to PT. CS Media Customer Satisfaction A. Gaol and F.L. Gaol	102
Performance Evaluation of CRM System Based on Cloud Computing Fendy, I.P. Handoko and F.L. Gaol	110
