

# Table of Contents

## Preface and Conference Organizatio

## Chapter 1: Architectural Design and its Theory

<b>Construction and Utilization of Post-Earthquake Waste Building Materials</b> H. Tang and Y.Y. Xu	3
<b>The Abstract Expression in Zaha Hadid's Architectural Drawings</b> J.W. Li and W.Y. Zhao	11
<b>Study on Protective Planning Design for Buddhist Ancestral Chamber in Zhongnan Mountain</b> R.Q. Guo, H.Y. Li, M.Y. Zhang and Y.F. Zhang	15
<b>The Research on Protection Planning of Ancestral Temple of Sanlun Caotang Temple of Chinese Buddhism in Mount Zhongnan Based on ASEB Grid Analysis</b> X. Xu, F. Wang and Y.C. Sun	20
<b>Analysis of Different Building Materials Used in Heritage Protected Areas in North China</b> X.Y. Zhang, Y.Q. Sun, X. Lan and J.M. Bai	26
<b>The Research of Folk House Development in Lhasa Area</b> J. Chen, F. Wang and J.P. Liu	33
<b>Expression of Form on the Steel Building Design</b> B. Li	39
<b>New Trend in Facilities for the Elders in Japan - Small Multi-Care Facilities</b> X. Chen, T. Zheng and Y. Zhou	43
<b>Explore the Integration of Mountain Tourism Urban Construction Design and Regional Architectural Culture - Taking Shennongjia Shenlin Hotel as an Example</b> G.Y. Li, H.X. Xie and Y. Li	47
<b>What is the Real Study on the Difference of the 3D Simulation Skills for Architectural Spatial Design</b> Z.K. Lei, Y. Ding and L. Zhou	54
<b>Comparison and Optimization of Habitation Form in Mixed-Use Mode under Marine Environment: Zhejiang as Example</b> X.Q. Zhu, J.J. Sun and J.Y. Fu	59
<b>Study on the Dynamic Construction in Zaha Hadid's Early Works</b> J.W. Li and Y.Y. Zhang	63
<b>Renewal Patterns of the Administrative Office Buildings</b> F. Li and X.M. Wang	67
<b>Analysis on Building Sculpture Art from the Perspective of Deconstructivism</b> Y.Z. Guo	71
<b>Study on the Changes of Elderly Couple's Living Style and Sustainable Residential Designing</b> W.J. Lin, Y.J. Yang and Z. Yu	75
<b>A Study on Window Design Optimization for Residences in Severe Cold Zones</b> B.L. Chen	82
<b>The Influence of Linear Architecture Space Structure on Building Evacuation Time</b> H. Xu	86
<b>Analysis of the Development of Chinese Commercial Buildings</b> J.S. Liu	91
<b>Characteristics of Behavior Setting in Day Service Center for Children with Developmental Disorders</b> H.W. Choi	95
<b>Art of Light and Shadow Reflected in Architecture</b> J. Zhao	100
<b>Research on the Method of Architecture Design Idea</b> H.H. Cui	104

<b>Interpreting Chinese Traditional Folk Houses from the Angle of Chinese Traditional Culture</b>	
X.J. Wang	108
<b>The Innovative Design of the New Countryside Residential Building</b>	
W.J. Gaowa and W.H. Ming	112
<b>Structure Force System and Form Combination of Long-Span Structure Building to Lightning Design</b>	
Y. Dong and L.G. Shi	116
<b>Research on the Spatial Construction Strategy of Traditional Settlements for the Tujia Nationality</b>	
H.C. Zheng, C.Q. Chen, L. Tang and Y.Q. He	120
<b>The Inheriting and Development of Tradition - Analysis of Wang Shu's Award Receipt and more Architectural Engineering Cases</b>	
B.Q. Zhang and Y.S. Chen	129
<b>Researches on the New Characteristic Residences in the Eastern Henan</b>	
X.M. Shi, F. Zhang and L. Li	135
<b>Study on the Composition of Inner Mongolia Wudangzhao Monastery Building Complex</b>	
Y. Zuo	141
<b>Ideal Human-Habitation Forms in Modern Cities of China: Multi-Style Townhouse Design Practices</b>	
X.J. Chen, X. Xu and Y.H. Chu	145
<b>The Application of BIM in Architecture Design - Taking "Step Vision" of Contest Works for Example</b>	
X.N. Hao, H. Liu and L. Guo	155
<b>The Influence of Early Sound Direction on Apparent Source Width (ASW)</b>	
X. Yan	160
<b>Tropical Regions Rehabilitation Hospital Building Energy Efficiency and Interior Environmental Design Research</b>	
Y. Wu and C.Y. Liu	164
<b>Symbolic Representation of Indigenous Architectures in Meishan Region</b>	
J.G. Luo and F.H. Chen	168
<b>Training Path of Creative Personnel in Architectural Design under the Concept of A + T •CDIO</b>	
C.Y. Liu and H.Y. Qi	172
<b>Envelop Structure Transformation Technology of Container Architecture in Cold Areas</b>	
W.D. Li, Y.W. Wang and Z. Tang	176
<b>Evaluation Analysis of Intensive Design of Campus Based Analytic Hierarchy Process Method</b>	
Y. Wang, M. Zhu, S.J. Qiu and P. Sun	180
<b>Developing a System for Evaluating Roof Shape Design</b>	
J.L. Sui, S.L. Wang, Y.T. Ren and T. Ma	187
<b>Based on Parametric Design to Analysis the Skin Design of the Cultural Complex</b>	
Y. Wang, H. Tang, C.S. Li and D. Fang	191
<b>Study on the Rationality of Zaha Hadid's Creativity in Architecture</b>	
J.W. Li and H.Z. Ma	197
<b>Study on the Impact of the Digital Technology on Zaha Hadid's Creativity in Architecture</b>	
J.W. Li and L.Y. Ma	201
<b>Transformation Design and Research about Community of Large Enterprises in Baotou City in 1990s in Order to Appropriate the Aged</b>	
X.Y. He	205
<b>The Influence and Application of Feng Shui in the Design of Interior Doors and Windows</b>	
T.F. Su and Y.P. Liu	209
<b>The Research on South Dwellings Building - Fujian Dwellings for Example</b>	
S.P. Wang, J. Xue and J. Huang	213
<b>Diversified Architectural Model: Chinese-and-Western Architectural Style of Residences in Ancient Town of Nanxun</b>	
X.K. Zhang	219
<b>Building National Form of Chinese Contemporary Residential Design</b>	
Z. Li, W.D. Tan and L. Chen	224

<b>Analysis of Spatial and Temporal Sequence Structure of the Environment Modality for Chinese Meishan Cultural Park</b> C. Li and F.H. Chen	228
<b>Analysis of Building Technology on WANGYUE Pavilion of Golden Phoenix Temple</b> J. Li, Y. Wei and D.Q. Xiao	233
<b>Research on the Relationship among Human Being, Building and Environment - Take I. M. Pei's Architectural Design Works for Example</b> L.Q. Guo	238
<b>Study on Regional Expression of Space Design in City Commercial Pedestrian Street</b> X.L. Xu, J. Liang, L.N. Xie and H.H. Chen	242
<b>Research on the History and Characteristics of Xi'an Higher Learning Institutions' Planning and Architecture Design</b> Y.S. Wang, F.J. Meng and W.F. Gou	246
<b>Culture and Arts Experience in HOPSCA</b> F.F. Yu and X. Ju	252
<b>A History of the Evolution of Building Control in Hong Kong (1841-1997)</b> H. Zou	257
<b>An Exploration of Sustainable Development of Indemnificatory Housing Based on the Idea of Mixed Housing</b> X.C. Hou, J.Y. Zhang, M. Fu and Y.T. Xu	261
<b>Comprehensive Application of Natural Light and Materials for Modern Protective Structure outside Architectures</b> Y. Su	266
<b>Technique Transmission of Flemish Church Buildings in China: Works of Scheut Fathers</b> W. Luo	271
<b>The Influence of Architectural Culture on Architectural Design</b> J.S. Liu	278
<b>Qin Brick and Han Tile in Chinese Ancient Construction - Aesthetic Analysis of the Ancient Chinese Building Materials in Qin and Han Dynasties</b> Q. Jia, Y. Zhou and Y.N. Shen	282
<b>Study on Humanistic Factors in Design of Kindergarten</b> Y. Zuo	285
<b>Topology Theory Application in Exhibition Design</b> J. Liang, M.Y. Zhang, X.L. Xu, J.W. Li and L.D. Huang	289
<b>The Full Culture Gates of Chinese Folk Houses - Especially the Gates of Bai Ethnic People in Dali</b> M.B. Li and Z.K. Li	293
<b>Comprehensive Evaluation of Historical Architectures in Huizhou with GIS Technology</b> W.M. Ji and T.T. Niu	297
<b>French State Patronage of Architecture in the 1950s</b> H.Q. Liu, M. Chen, D. Zhao and Y. Cao	301
<b>Analysis of Regional Characteristics for Chinese Traditional Dwelling</b> X.Y. Wang, W. Dong, B. Zhou and S. Li	306
<b>On the Architectural Design of University Libraries</b> J.L. Liu	311
<b>Exquisite Characteristic in Peter Zumthor's Architecture Works</b> J.J. Jia, S.F. Liu and F. Yang	315
<b>Planning and Design of Contemporary Villa District</b> J. Liu and Y.B. Gao	319
<b>Study on the Exploration of the Designs for the Business Office Building from the Perspective of Architectural and Environmental Psychology - A Case Study on the Chinese Diamond Trading Center</b> L. Han and Q.F. Shi	323
<b>Attention to Rural Green-Building Design in China</b> Y. Wu and H.F. Li	327
<b>Chasing the Essence of Architecture</b> X.L. Yang	332

<b>Exploration of Modular Build of Architectural Space</b> X.X. Li and G.L. Li	338
<b>The Analysis of Design Thinking of Harmonious Bus Station</b> J. Li	345
<b>The Complex Network of Architectural Design</b> X.M. Hu and Q. Liu	349
<b>Study on Description Method of Architectural Plan</b> W. Yun and M. Funito	354
<b>Comparative Study on Traditional Settlement Patterns of Guangfu and Chaoshan</b> Y. Pan and X.L. Zhuo	358
<b>The Problems and Solutions of Archaized Architectures in Chengdu Tourist Areas</b> J.Y. Wang, H. Fu and J.S. Chen	363
<b>The Differences between the Architectural Characters from the Perspective of Immigration Culture - Take the Fenghuang Ancient Street as an Example</b> R. Bai and J.F. Yin	368
<b>The Investigation of Environment and Behavior Transition under the Influence of “Zou Xikou” Immigration in Inner Mongolia</b> J.F. Yin and R. Bai	372
<b>Analysis of Architectural Discourse in 1990s</b> S.J. Zhang and T.Q. Xiao	376
<b>Discussion of Strategies on Vernacular Dwellings Transformation, Utilization and Renovation</b> Y. Pan and X. Ye	380
<b>A Trip for the Works of Epidermis Artists</b> F. Jia, R.X. Wang and X.H. Bai	384
<b>Analysis of the Present Situation of Research on Soundscape and Han-Chinese Buddhist Temples</b> D.X. Zhang, D.P. Liu, Z.L. Cui and M. Xiao	388
<b>Research on Architecture Technology and its Aesthetic Features of Traditional Residential Buildings in Edong</b> X.S. Lu and P. Zhang	392
<b>On the Application of Traditional Elements in Modern Environmental Art Design</b> Z.L. Dong	396

## **Chapter 2: Architectural Environment & Equipment Engineering**

<b>Research on Green Building &amp; Occupant Satisfaction</b> Y. Hu	403
<b>The Construction Strategy Analysis of the Traditional Building Settlement on the Bonan</b> H.C. Zheng, W. Zhang, G.C. Feng and Z. Liu	407
<b>Experimental Study on Feasibility of New Scaffold Construction Scheme in Preventing Fire Spread</b> Y. Yang, J.J. He and J.T. Yang	415
<b>Effect of Field Irrigation on Tensile Behaviors of Disposable Drip Tapes Made from Virgin PE</b> S.J. Wu, Z.H. Zhang and D.L. Zhu	421
<b>The Factors Analysis of Increasing Community Emotion</b> D. Ya, Y. Zhou and Z. Yan	425
<b>Study on Community Living Facilities under the Mode of Home-Based Care for the Aged</b> J. Bai	429
<b>Inner Mongolia Grassland Herdsman Residential Patterns of Behavior - Wu La Gai Grassland as an Example</b> M. Ma, Y. Li, J. Kong, J. Wang, M. Zhang, W.M. Wang, H. Su, L. Qiu, J. Kang and W. Chen	434
<b>Analysis on Correlation between Surface Thermal Infrared Bright Temperature and Nearby Air Temperature of the Underlay</b> X. Yuan and Q.L. Meng	438
<b>Local Architectural Features of Hebei Taihang Mountain and the Protection Strategy</b> Y. Peng, R.X. Zhang and X.Q. Jiao	444

<b>Prehistoric Human Activities and its Environmental Background in Central China: A Case Study in Henan Province</b> Z.X. Li and G.X. Wu	448
--	-----

## **Chapter 3: Ecological Architecture**

<b>Research on Eco-Architecture-Oriented Architectural Education</b> C.A. Liu	455
<b>Study on Technology Status and Development Strategy of Green Building in Xi'an Area</b> X.P. Li and Z.F. Yan	459
<b>The Present Situation and Trend of Green Building Development in China Dongying City</b> Y.X. Song	463
<b>Photosynthesis of Plant and Photovoltaic Integrated Application of Buildings</b> B.Q. Yin, Y.P. Wang, L. Zhu and Y. Cui	467
<b>The Green Concept Used in the Field of Architecture Design</b> H.W. Li and Y.M. Zhang	474
<b>Green Building Technology of Regional Suitability Evaluation System Research and Case Study</b> P. Zhao, Y.T. Niu, L.N. Xie and Z. Wang	478
<b>Design Thinking on Urban Agricultural Construction of Intelligent Ecological Residential Building</b> X.D. Li, W.P. Hu and X.P. Yang	482
<b>Thinking on the Water System Design Method of Intelligent Civil Ecological Agriculture Residential Buildings</b> X.D. Li, W.P. Hu and X.P. Yang	487
<b>On-Site Inspection and Analysis on Earth Architecture's Enclosure Construction</b> H. Yu and H.J. Sun	492
<b>Research on the Ecosystem of Architecture Design</b> H.H. Cui	499
<b>Analysis on the Image of Ecological Space and the Inspiration Drawn from Huizhou Traditional Settlement</b> D. Hui, X.X. Zhang and R.Y. Liu	503
<b>Research on Green Building Assessment System Based on Bp Neural Network and Life Cycle Assessment (LCA)</b> L.M. Xia and J.J. Liu	508
<b>Localized Ecology Design of the Architectural Interface</b> X. Shu and D.K. Zhong	515
<b>Design Principle of Interior Air Environment Based on Passive Ventilation Idea</b> L.J. Yuan and C.L. Meng	525
<b>Discussions on the Ecological Designing of the Preschool Constructions</b> C. Lan, Z. Liu and W. Gao	528
<b>Construction Strategy for Ecological Residential Building in Marine Environment: Zhejiang as Example</b> J.J. Sun and J.Y. Fu	532
<b>The Design of Green Building and Sustainable Development - Take Weifang Art and Cultural Center Project as an Example</b> X. Hua	537
<b>Green Industrial Building Design for Hot Summer and Cold Winter Zone</b> L. Xiong and D.F. Mao	543
<b>Research on Natural Regeneration Measures of Urban Low-Carbon Ecological Architecture</b> D. Li and S. Chuan	547
<b>The Application of Community Co-Management in Ecological Function Area Planning - Taking the Example of Planning for Sustainable Development of Xing'an Ecological Function Area</b> B. Pang, H.F. Zou and F. Lin	554

<b>Study on Development Strategy of Yesanguan Ecological Vacation Tourism in Badong Country Hubei Province</b> K.P. Dong, H.L. Liu and W.Q. Gong	558
---	-----

## **Chapter 4: Traditional Construction Materials**

<b>An Experimental Study on Behavior of FRP-HSC-Steel Double-Skin Tubular Columns under Concentric Compression</b> T. Ozbakkloglu and B.A.L. Fanggi	565
<b>Study on Influences of Slag Powder and Fly Ash on Concrete Penetration Performance</b> H.Y. Wei, Y.G. Wei, X.L. Zhang, W.F. Zhou and Y.Y. Li	570
<b>Influence of Sinter Temperature on the Hardness of Fly Ash Based Glass Ceramics</b> H. Ye, J.T. Hou, W.W. Zhang and S.Y. Yao	578
<b>A Experimental Study on the Influence of Fly Ash, Slag Powder on the Property of Concrete</b> Y. Li, L. Jia and X.L. Liang	582
<b>Preparation of Ultra-High Performance Concrete Using Phosphorous Slag Powder</b> Y.Z. Peng, J. Huang and J. Ke	588
<b>Experimental Study on Cement Clinker Particles under Impact Force</b> L. Xu, Y.W. Wang, G.B. Gao, Z.P. Chu and K.Y. Wang	592
<b>Optimization of High Concrete Retaining Wall Structure</b> S.Y. Gao, Y. Chen, Y.F. Xie, W.D. Lei and K. Yin	597
<b>Assessment Model of Concrete Durability in Complicated Environment</b> C. Yi, M.L. Lin, F.Y. Sun, H.X. Liu, J. Guo, Y.K. Hu and S.Y. Man	604
<b>Develop High-Strength Concrete of C60 with Local Raw Material</b> R.X. Hao, X.Y. Guo and M.Y. Hang	612
<b>Determination of Concrete Strength Based on the Double-Hole Shear <i>In Situ</i> Test</b> W.L. Zhu	617
<b>Experimental Research on Chloride Ingress into Concrete Exposed to Freeze-Thaw Cycles</b> S.J. Chen, X.B. Song and X.L. Liu	621
<b>Steel Rod Stability and Inelastic Buckling Study</b> Y. Zheng and H. Zheng	626
<b>Grey Interval Model of the Temperature Rise Prediction of Massive Concrete in Construction Process</b> C.X. Dong	631
<b>The Research and Comparing Test on Calcium Carbonate-Acid Water Glass Grouting Material</b> Z.Q. Xiao, C.Y. Xu and G.D. Wu	635
<b>The Status, Causes, Problems and Prospects of Application of Stainless Steel Materials in Chinese Urban Sculptures</b> H. Wang	641
<b>Study on the Application of Desulfurization Gypsum for the Gypsum Fiber Board Production</b> C.F. Tang, C.W. Cai, B. Xu and Y.L. Liu	646
<b>The Time-Dependence of Chloride Penetration Resistance of Concrete by the Rapid Chloride Permeability Test</b> Y.J. Hu and Y.L. Du	651
<b>Ultrasonic Testing of Lightweight Fine Aggregate Concrete in Time and Frequency Domains</b> J.S. Kim and K.S. Yoo	655
<b>A Study of the Preparation and Properties of the Concrete for the Bearing Platform of the Xiamen-Zhangzhou Sea-Spanning Bridge</b> H.M. Hu, H. Wang, R.G. Du, B.S. Zheng, Y.K. Yi and Y.W. Shen	659
<b>Study on High Amount Mineral Admixtures Concrete Performance</b> Z.D. Huang	667
<b>The Impact Molding and Test Results of High Fly Ash Block</b> Z.D. Liu and W.J. Zhao	671

<b>On Comparison between Reinforcement Electricity Accelerated Corrosion and Natural Corrosion of Concrete</b> S. Li, J.Y. Yan and X.G. Wang	676
<b>Self-Healing Ability of Smart Coating for Anticorrosion of Reinforcing Steel</b> W. Wang, L.K. Xu and L. Li	680
<b>Estimating on Creep Strain for Ready-Mixed Concrete during Shrinkage</b> L.L. Xiao, M.Y. Pan and M. Chen	684
<b>Preliminary Experimental Study on Self-Leveling Ground Mortar</b> D.M. Zhang and M.S. Lu	689
<b>The Numerical Simulation of Projectile Penetrating into Steel-Fiber Reinforced Ultra High Strength Concrete Target</b> D. Li, J.L. Tao and J. Tan	694
<b>Experimental Study on Strength and Failure Characteristics of Reinforced Concrete Plate under Complex Stresses Conditions</b> G. Yang, Z.Z. Zhao and X.G. He	699
<b>Experimental Study of Alkali-Activated Red Mud Cement Material</b> M. Zhou, Y.S. Ji, Z. Chang, C. Zhang and X.T. Yan	705
<b>Research of Near-Infrared Spectroscopy Method for Wood Density Determination</b> L.L. Yi, X.C. Li, L. Wang, S.X. Yu, J.Y. Yang and X.S. Wang	710
<b>On the Application of Decoration Materials in Architecture</b> Q. Jia, Y. Zhou and Y.N. Shen	715
<b>Study on the Quick Hardening Cement-Based Grouting Material's Modification by Nano-Materials</b> L.H. Wang and Y.F. Duan	718

## **Chapter 4: Traditional Construction Materials**

<b>Experimental Study of the Mechanical Properties of the Low Elastic Modulus Concrete</b> M.S. Zheng, X.H. Ma and G.Q. Liang	727
<b>The Study on Metakaolin's Effect of Restraining the Alkali-Silica Reaction of Slate Aggregate</b> T.C. Liu, G.H. Li, W. Huang, X.C. He, F. Jiang and L.S. Zhang	732
<b>Researches on Concrete Carbonation</b> Z.Y. Li and Z.J. Wang	737
<b>Analytic Solution of Inverse Regression Equation for Evaluating Concrete Strength of Building Materials: Theory and Method</b> J.W. Chen, Y.P. Su and H.B. Chen	743
<b>Triaxial Research of Waste Tire Granules, Cement and Soil Mixtures</b> L.H. Li, H. Chen, B.L. Xiao, J. Wan and Y. Liu	747
<b>Research into the Concrete Freeze-Thaw Damage Mechanism Based on the Principle of Thermodynamics</b> L. Fan, F.H. Li, Y.W. Zhang, S.A. Cui and J.L. Li	751
<b>Analytic Solution of Inverse Regression Equation for Evaluating Concrete Strength of Building Materials: Experimental and Application</b> J.W. Chen, Y.P. Su and H.B. Chen	757
<b>Experimental Study on Mechanical Performances of Magnesium Lightweight Wallboard with Used in Exterior Wall</b> Y.D. Sun and J.C. Zhao	761
<b>Mechanical Strength and Microstructure Analysis of Cementitious Wheat Straw Composite</b> L. Zhang, F.S. Liu, J.Y. Song, Y.B. Zhang and G.G. Dong	766
<b>The Research on Using Ordinary Portland Cement to Prepare Anti-Corrosive Concrete under Frigid Saline-Alkaline Geological Condition</b> H. Xiao, S.L. Fan and M. Ouyang	773
<b>Preparation and Storage Stability of Asphalt Emulsions Made from Modified Lignin Cationic Asphalt Emulsifiers</b> Z.G. Liu, L. Zong, L.L. Zhao and X.M. Xie	781
<b>Research of Producing Aerated Concrete with Quartz Tail-Sands</b> Y. Wang, J.S. Zhang and S.Y. Wu	786

<b>Study on Recycling Method of Waste Concrete Economic</b> P.F. Li, T. Guo, L.G. Zhang and T.F. He	790
<b>Research on Properties of Fired Brick and Tile Waste in Road Greening and Establishment of Optimization Model</b> T. Guo, P.F. Li and X.F. Li	794
<b>Research and Application of the Load-Bearing Aerated Concrete Masonry Structural System</b> J. Cheng	798
<b>Experimental Study on Improving Concrete Carbonation Resistance with Silane Impregnation</b> Z.D. Huang and S.F. Dong	805
<b>Water Absorption and Resistance to Chloride Ion Performance of Concrete Waterproof Silicone Material</b> H.S. Wang, L. Li, Z.W. Ni and Q. Tian	809
<b>Experiment on the Mechanical Behavior of Integrated Concrete-Foam Glass Sandwich Blocks</b> C.J. Ruan, J.M. Wang and N.J. Wang	813
<b>Experiment on the Mechanical Behavior of Ceramsite Concrete under Temperature-Load Coupling Field</b> P. Wang, D. Li, C.W. Shen, W.T. Jiang and J.M. Wang	817
<b>Study on Fracture Criterion for Concrete and other Brittle Materials</b> H.X. Zheng and Q. Zhao	821
<b>Study on the Compressive Strength and Mixing of Ultra-High Performance Concrete</b> S.L. Feng and P. Zhao	825
<b>Significance of Blast Furnace Slag as Coarse Aggregate in Self-Compacting Concrete</b> R. Krishnasami and R. Malathy	829
<b>Effect of Plastic Stage Curing on Long-Term Properties of High Performance Concrete</b> Y.J. Wang, Q. Tian and J.P. Liu	834
<b>A Cracked-Comminuted Model for Penetration into Confined Concrete Targets</b> M. Zhen, D.Y. Song and Z.G. Jiang	839
<b>Experimental Investigation of the Mechanical Properties of Jointed Rubber Wood Using Two Types of Adhesives</b> Y. Nadir and N. Praveen	844
<b>Mechanical Property of Coal Ash Mixed with Clay</b> R. Chen, D.X. Hao and D.Z. Li	854
<b>Ductility and Deformation Performance of Hybrid Fiber Reinforced High Performance Concrete Shear Deep Beams</b> S.B. Liu and L.H. Xu	858
<b>The Anti-Shear Capacity of Abnormal Joint of Steel Reinforced Concrete</b> J.N. Zhu, K.J. Yang, X.W. Li and R.W. Li	863
<b>A Study on Energy Consumption and CO<sub>2</sub> Emissions According to Manufacture of Recycled Rebar Using Wasted Steel from Building Demolition</b> G.W. Cha, W.H. Hong and S.W. Shin	869
<b>Verification of the Efficiency of Anti-Corrosion Systems for Reinforced Concrete Constructions in a Laboratory Environment</b> L. Taranza and R. Drochytka	876
<b>Bearing Capacity Predicting Method on Mortar-Rock Interface of Compression Type Rock Anchor</b> L. Lu and S.G. Wu	880
<b>Temperature Control Measures' Intelligent Optimization for Quasi-Mass Concrete Structure</b> Y.Y. Huang, Y.M. Ding, X.M. Lv and T.F. Tang	884
<b>Experimental Study on Pavement Performance of Emulsified Asphalt Cement Concrete</b> H. Chu, J. Zhang and Y.H. Lu	888
<b>Research on Low-Cost Vanadium Alloying in Producing Vanadium-Containing Seismic Resistant Rebar</b> P. Tian, Z.Y. Zhong, R.G. Bai, X.L. Zhang, C.L. Han and H. Gao	893

<b>Effect on Mechanical Properties of Rubberized Concrete due to Pretreatment of Waste Tire Rubber with NaOH</b> Q.W. Ma and J.C. Yue	897
<b>Prediction of Long-Term Strength of Concrete Based on Artificial Neural Network</b> X.M. Yang and D. Shi	905
<b>High Performance of Stone Chippings Concrete with High Fine Content</b> S.L. Tan, X.B. Ding and X.Q. Jiang	909
<b>Study on Electrochemical Behavior of Prestressed Reinforcement in Simulated Concrete Solution</b> Q.L. Sun, L. Zhang, J. Dong and L.H. He	917
<b>A Preliminary Study of the Recycled Aggregate Concrete Used in U-Shaped Lining Channel</b> X.H. Zhang, Y.F. Meng and R. Li	921
<b>Strain Analyzing of Concrete Creep of Xiaolangdi Sediment Tunnel Lining over Tensioning and Operation Periods</b> C.N. Sui, J.F. Kang, X.Z. Wang and X.P. Xu	928

## **Chapter 5: Advanced Construction Materials**

<b>Properties of Waste-Based Geopolymer Building Blocks</b> F.H. Huang, Z.H. Zhou and X. Cheng	935
<b>Study on the Influence of Freeze-Thaw on the Carbonation Property of Fly Ash Concrete</b> J.G. Niu, L. Yan and H.T. Zhai	939
<b>Experimental Study on Compression Performance of Fiber Reinforced Light-Weight Aggregate Concrete</b> J.G. Niu, B.X. Li and Z. Zhang	944
<b>Study on Production of Autoclaved Aerated Concrete by Coal Gangue Fly Ash</b> Y. Zhang, P.X. Duan, B.S. Jia and L. Li	949
<b>Study on the Preparation Process of Corn Straw-Pumice Composite Concrete</b> J.S. Ma, J. Sun, H.Q. Cai and R.S. Bai	955
<b>A Markov Chain Monte Carlo Technique Based Optimal Mix Design of Porous Concrete</b> L. Jin and Z.G. Yan	959
<b>Experimental Study on Flexural Performance of PVA Fiber Reinforced Cement-Based Composites</b> J.P. Han and J.Y. Tao	963
<b>Effect of Fly Ash and Nano-CaCO<sub>3</sub> on the Viscosity of Cement Paste</b> R.J. Sun, Z.Q. Zhao, D.W. Huang, G.F. Xin, S.S. Wei and G. Zhi	968
<b>The Research of Discrete Optimum Design of Composite Laminate Materials Using Lamination Parameters</b> J.Z. Chen, K.C. Zhang, Y. Xu and Y. Zheng	972
<b>Influence of Silica Fume and Thermal Damage on Uniaxial Tension Performance of PVC-SHCC</b> R.X. Wu, T.J. Zhao, L. Tian and W. Ma	977
<b>Research on the Applicability and Property of Iron Tailing to Produce Autoclaved Concrete</b> R.J. Sun, D.W. Huang, M.Z. Li, S.S. Wei, Z.Q. Zhao and Z. Ge	982
<b>Dispersion of Mutiwall Carbon Nanotubes</b> R.J. Sun, S.S. Wei, Z.Q. Zhao, D.W. Huang and Z. Ge	986
<b>Electrical Resistivity and Piezoresistivity of the Carbon-Nanotube Cement-Based Composite</b> R.J. Sun, S.S. Wei, Z.Q. Zhao, D.W. Huang and Z. Ge	990
<b>Performance and Preparation of Porous Materials Using FGD Gypsum as Aggregate</b> C. Qian, W.Y. Gao, C.Y. Luo, G.S. Liu, H.S. Hao and Z.Q. Hu	994
<b>Study on Modification Mechanism of the Polymer Modified Cement Concrete</b> J.P. Xiong, J.X. Deng, W. Hao and R.P. Qin	998
<b>Research on Controlled Permeability Formwork of Nonwoven Fabrics to Retain the Humidity on the Concrete Surface</b> T. Wang, J.J. Lu, Y.H. Zhong and M.J. Xing	1004
<b>The Application of High Strength/Performance Concrete in Chinese Construction</b> F.H. Wu, Y.L. Lv and Q.Y. Shou	1008

<b>Development of High Volume Fly Ash Concrete (HVFAC) in Czech Republic</b> L. Kratochvíle, H. Sachová and J. Kolísko	1012
<b>Mechanical Property of Brucite Fiber Reinforced Composite Material</b> B.W. Guan, S.F. Chen and K.P. Liu	1019
<b>Prediction of the Elastic Modulus of Self-Compacting Concrete Based on SVM</b> Y.F. Cao, W. Wu, H.L. Zhang and J.M. Pan	1023
<b>The Performance Evaluation of Glass Fiber Reinforced Concrete (GFRC)</b> B.H. Koo and B.M. Yoon	1027
<b>Refractory Performance Study on Foamed Concrete and Concrete</b> S.J. Yu, P.F. Zhang, X.F. Yang, H. Zhao and X.L. Chen	1034
<b>On the Application of Green Ionic Liquids in the Preparation Process of the Gel-Type Wood Composites Materials</b> X.R. Li, B.Z. Liang, D.H. Li, L. Na and X.N. Yin	1039
<b>Experimental Research on Bamboo Fiber Reinforced Concrete</b> C. Zhang, Z. Huang and G.W. Chen	1045
<b>Impact Experimental Research on Hybrid Bamboo Fiber and Steel Fiber Reinforced Concrete</b> X.D. Wang, C. Zhang, Z. Huang and G.W. Chen	1049
<b>Experimental Study of Porous Concrete Material Thermal Insulation Material Lightweight Polystyrene Particles</b> H.Z. Wang and D.G. Fu	1053
<b>Development of High Performance Concrete Containing Admixture in Nuclear Power Plants</b> J.E. Kim, W.S. Park, S.H. Yun, D.G. Kim and J.M. Noh	1062
<b>Study on Green Building Materials Development in Hunan</b> B.Z. Sheng	1066
<b>The Development of Green Building Materials Trend in China</b> B.Z. Sheng	1070
<b>Application on the Sprayed FRPC in Engineering</b> C.F. Sun, W.C. Zhu and Q. Gu	1074
<b>General Introduction of the Performance of Sprayed FRPC</b> C.F. Sun and Q. Gu	1078
<b>Effects of Loading Percentage of Polyurethane in Lightweight Concrete</b> K.A. Mohd Sari, S. Mat, K. Haji Badri and M.F. Mohd Zain	1082
<b>Development Trend of World Expo New Building Materials</b> W. Ye	1086
<b>Numerical Simulation Analysis of Hole Shape Design of Self-Thermal Insulation Perforated Brick</b> X.P. Feng, Y.F. Yu, B. Jiang and W. Bai	1089
<b>Summary of Application of Intelligent Materials in Building</b> E.Y. Sun and W.L. Bi	1093
<b>Experimental Study on Mechanical Properties of CFRP Tendon</b> B. Li, Y.X. Yang, Q.R. Yue, B. Wang, P.Y. Zhang and H.W. Cheng	1097
<b>Basic Mechanical Properties of Concrete with Machine-Made Sand and Recycled Coarse Aggregate</b> S.B. Zhao, Q. Guo, G.X. Li and Y.F. Su	1102
<b>Anti-Permeability and Resistance Carbonization Test Study High Performance Concrete with High Content of Fly Ash</b> X.Y. Guo and R.X. Hao	1106
<b>Flexural Toughness of Hybrid Fiber Reinforced High-Performance Concrete under Three-Point Bending</b> D.T. Xia, X.K. Liu and B.R. Zhou	1110
<b>The Influence of Clay to Water-Reducing Effect of Polycarboxylic</b> G.B. Gao, Y.W. Wang, L.Y. Wang and Y.M. Zhang	1115
<b>The Relationship of the Main Properties of Desulphurization Gypsum Based Inorganic Thermal Insulation Mortar</b> Y. Lai, Y. Liu and Z.G. Luo	1120

<b>Synthesis and Performance of Polycarboxylate Superplasticizers with Hydrophobic Side Chains</b>	
L.Y. Wang, Y.W. Wang, G.B. Gao, Z.P. Chu, Y.S. Liu, K.Y. Wang and X.Z. Zhou	1124
<b>Characteristics of Pore Structure of Free-Steamming Foamed Concrete and its Influence on the Compression Strength</b>	
Y.F. Luo, Q.J. Yu, J.X. Wei, J. Hu and F.X. Li	1130
<b>Experimental Study on the Axial Compressive Strength and Elastic Modulus of GHPFRCC</b>	
X.L. Li and W. Juan	1138
<b>Mixture Ratio Design of Inorganic Polymer Concrete and the Study of Expansive Performance</b>	
L.M. Yu, Z.A. Lu, X.H. Yuan and H.G. Chen	1142
<b>Shrinkage and Cracking Behavior of Cement Based Materials Containing Undercalcined MgO-Based Expansive Agent</b>	
S.Z. Zhang, Q. Tian, T. Yao and F. Guo	1148
<b>The Research of the Effect of Fly Ash on the Shrinkage Property of Commercial Concrete</b>	
Y. Liu, Y. Lai and Z.G. Luo	1154
<b>Experimental Research on Coal Gangue Grouting Material for Gob Filling</b>	
T.F. Gu, Z.D. Sun, F.T. Luo, K. Guo, Y.M. Liu, L. Feng and Q.Q. Zhang	1158
<b>The Study for Concrete Frost Resistance Durability under the Action of Multiple Factors</b>	
J.L. Tian, H. Yu and J.G. Niu	1167
<b>Property of Water-Reducing and Crystallization on Superplasticize of the Concrete</b>	
Z.J. Fu, F. Song, L.S. Yu and H. Wang	1171
<b>Study on the Factors of Influence on the Production Process of Coal Gangue Sintered Brick</b>	
J.D. Liu	1176
<b>A Study on Modified Methylnaphthalene Sulfonate Formaldehyde Condensates: Synthesis, Structures and Asphalt Emulsification</b>	
K.H. Shen, Y.B. Wang, Y.S. Wang and Y. Li	1180
<b>Research on Composite Strengthening Nano-Technique of Recycled Aggregate</b>	
R.T. Meng, T. Meng, M.Z. Huang and Q.L. Xu	1189
<b>Techno-Economic Analysis of Fiber Reinforced Polymer Substation</b>	
Y. Wang, L. Li, Y.F. Zhang, M.X. Xu and Q. Sun	1194
<b>Research of Performance of Low Amount of Cement Manufactured-Sand Concrete</b>	
C.H. Yu, G.H. Li, J.L. Gao, Q. Wei and D.Z. Xu	1200
<b>Modeling of Perforated Screens or Membrane Using Rigid Frame Porous Models Combined with Thin Membrane Resonance Sound Absorbing Theory</b>	
X.L. Gai, X.H. Li, B. Zhang, P. Xie and Z.H. Ma	1206
<b>Experimental Study on Strength and other Performance of Solid Concrete Bricks Made from Recycled Coarse Aggregate</b>	
X.X. He and T. Zhang	1212
<b>Experimental Studies on the Impact of Waste Mineral Admixtures on Concrete Properties</b>	
C. Lin, F.S. Liu, G.F. Zhou and Y.B. Zhang	1219
<b>Preparation and Performance of Photosensitive Epoxy Acrylate Modified by N-[(4-Bromo-3,5-Difluoro) Phenyl]acrylamide</b>	
X.D. Yao, R.N. Fang, H.J. Pang, P. Cui and G.J. Liu	1224
<b>Research on the Effect of Beads on Properties and Microstructure of Cementing Materials</b>	
W. Yang, N.Q. Feng, C.G. Bee and X.Q. Liu	1229
<b>An Experiment for Effects of Different Additives on Strength of Sediment Solidification</b>	
G.H. Chen and J.Z. Zhu	1235
<b>Synthesis and Application of Organic-Inorganic Composite Flexible Architectural Coatings Emulsion</b>	
J.H. Wu, G.J. Liu, G.X. Zhang, S.H. Liu, J.L. Gong and Y. Wang	1241
<b>Study on Fired Brick Using Large Amount of Low Calcium Fluidized Bed Boiler Fly Ash</b>	
C.B. Li and Z.F. Zhan	1249
<b>Research on the Preparation of Wood-Based Composite Materials Using Wood Processing Residues</b>	
X.R. Li, D.H. Li, E.D. Jiang, Y.L. Fu, L. Lai and X.J. Ning	1254
<b>Relations between Concrete Structural Parameters and Abrasion Resistance</b>	
N.V. Makarova	1259

<b>Research on the Properties and Application of the New Lightweight Composite Insulation Wall Panel</b>	
Q.H. Wang, Y. Feng and C.P. Wang	1263
<b>Microstructure of Thin Wall Formed by Multi-Layer Laser Cladding</b>	
F.X. Huang, D.M. Jiang, W.J. Zhang, Z.J. Zhang and Z.H. Yang	1267
<b>Effect of Different Curing Regimes on Shrinkage and Strength Properties of Self-Consolidating Mortars Containing Silica Fume in Different Contents</b>	
J. Esmaeili and J. Kasaei	1271
<b>Analysis on Application Prospect of Shape-Stabilized Phase Change Materials in Asphalt Pavement</b>	
L.H. He, J.R. Li and H.Z. Zhu	1277
<b>Experimental Study on Strength of Recycled Concrete</b>	
H.Y. Cai, L.B. Fu and L.B. Dang	1282
<b>The Application of Closed-Cell Foaming Technology in Composite Thermal Insulation Material</b>	
C. Wang	1286
<b>Creep Property of Magnetorheological Elastomers of Seism Isolator for Building</b>	
W.X. Yu, S.L. Yang and X. Yang	1291
<b>Preparation of Refractory Fiber Cardboard for Building Insulation</b>	
S. Wang, C.S. Zhao, D.Q. Wang and W.J. Han	1295
<b>Regulation of Fine Grained Concrete Efflorescence Process</b>	
V.V. Strokova, I.V. Zhernovskaya, Y.V. Fomenko and N.V. Makarova	1300
<b>Study on Foaming Agent Foam Ability and Stability for Foam Concrete</b>	
S.F. Dong and W. Zhang	1304
<b>Influences of Limestone Powder on the Performance of Self-Compacting Concrete</b>	
H.P. Gu, G.H. Li, J.L. Gao and X.H. Zeng	1308
<b>Innovative Applications of Membrane Materials in Exhibition Design</b>	
Z.G. Yang and M.Y. Xu	1313
<b>The Research of Silane Oligomer with Lower Volatilization Rate for Protecting Concrete</b>	
H.Y. Sun, Z. Yang, G.X. Sun and X.F. Xu	1318
<b>Study on Slag Powder Concrete Preparation in Baotou Area</b>	
B. Li, Y. Wen and S.F. Dong	1323
<b>Effects of Two Polypropylene Fibers on the Properties of High Strength Concrete</b>	
B.R. Zhou, D.D. Han, J.H. Yang, Y.L. Peng and G.X. Li	1328
<b>Effects of Expansive Agent and Steel Fiber on the Properties of the Fly Ash Ceramsite Lightweight Aggregate Concrete</b>	
S.P. Cao, Q.F. Zhou, Y.L. Peng and G.X. Li	1332
<b>Experimental Study on High Strength Composite Ceramsite Using Fly Ash and Waste Glass</b>	
L. Hong and W. Cheng	1337
<b>The Relationships of Void Rate and Pavement Performances of Open Grade Friction Course with Analysis of Engineering Materials</b>	
D.W. Yuan and Y.Q. Zhang	1343
<b>Research on Bond Behavior of Corroded Reinforcing Bar in Concrete Wrapped with Carbon Fiber Reinforced Polymer Sheets</b>	
J.H. Li and C.X. Miao	1348
<b>Preparation and Research of High-Temperature Foam Ceramic</b>	
X.L. Ji and Z. Chen	1353
<b>Preparation and Characterization of Polycarboxylate Superplasticizer Synthesized at Non-Aqueous Condition</b>	
X. Liu, Z.M. Wang, X. Liang, J. Zhu and Y. Zhang	1358
<b>Quantitative Analysis of Cement-Based Materials and Sulfate Attack Products by XRD-Rietveld Analysis</b>	
H. Li, J.P. Liu and W. Sun	1362
<b>Improved Mechanical Property of Foam Glass Composites Toughened by Mullite Fiber</b>	
H.W. Guo, Z.X. Mo, P. Liu and D.N. Gao	1370
<b>Effect of Bentonite on the Performance of the Limestone Manufactured-Sand Mortar</b>	
C.H. Yu, G.H. Li, J.L. Gao, B. Lan, Q. Wei and D.Z. Xu	1374

<b>Metal Coat of Modern Architecture</b> T.X. Dong	1379
<b>Microstructure and Finite Element Analysis of Recycled Aggregate Concrete</b> H.F. Yang, Z.H. Deng and Y.F. Hu	1383
<b>Dynamic Compressive Performance of Concrete Exposed to High Temperature Based on Microstructure Analysis</b> S.W. Yang, Z.G. Liu, Y.W. Wang, Z.R. Liu and H.J. Ba	1389
<b>The Effect of Viscous Materials Making on Self-Compacting Concrete</b> W. Cheng, R.F. Li, G.H. Li and H.P. Gu	1395
<b>Autogenous Volume Deformation of Concrete due to MgO under the Temperature History of a Diversion Tunnel Concrete</b> F. Guo, J.P. Liu, Q. Tian, T. Yao and S.Z. Zhang	1399
<b>Experimental Study of Hygroscopicity of Lunar Soil Simulant</b> R.Y. Shi, J.Q. Li, M. Zou, S.C. Fan, L. He and Y.J. Yang	1405
<b>Surface Modification on Pre-Expanded Polystyrene Particles</b> F.S. Luo	1411
<b>Experimental Study on Stress-Strain Curve of Recycled Coarse Aggregate Concrete under Uniaxial Compression</b> Z.H. Deng, L. Chen, J. Qian and C.L. Meng	1415
<b>Experimental Study on the Shearing Property of Equal Strength Recycled Coarse Aggregate Concrete</b> Z.H. Deng, Y. Liao, C.L. Meng and H.F. Yang	1420
<b>Experimental Study on the Impact of Workability of Low Strength Manufactured Sand Concrete</b> D.Z. Xu, G.H. Li, Z.Z. Liao, H.W. Yan and C.H. Yu	1428
<b>The Compressive Strength and Flexural Strength Test of Recycled Pebble Aggregate Concrete</b> Z.P. Chen, C.H. Zhou and P.H. Ye	1433
<b>Numerical Analysis on Stress Field near Crack-Tip of Mode I in Shape Memory Alloy</b> B. Zhou, J. Lv and D.X. Wang	1437
<b>The Synthesis and Application of a Novel Class of Polyols for Preparation of Polyurethane</b> X.L. Li, Z. Fang, D. Ji, Z.D. Wan and K. Guo	1441
<b>Preparation of Innovative Porous Ultra-Lightweight Ceramsite by Dehydrated Sewage Sludge (DSS) and Yellow River Sediments (YRS) and its Characteristics of Ceramsite Affected by YRS Addition</b> D.T. Yue, Q.Y. Yue, B.Y. Gao, H.T. He, H. Yu, S.L. Sun, Q. Li, Y. Wang and Y. Zhao	1446
<b>The Effect of Slate Powder on Fly Ash in Suppressing Alkali Activity of Slate Aggregate</b> L.S. Zhang, G.H. Li, W. Huang, X.C. He, F. Jiang and T.C. Liu	1450
<b>High Strength Concrete Orthogonal Test of Employing Twin Admixture Technique of Grade II Fly Ash and S95 GGBS</b> X.J. Dong, X. Liu and R. Jiang	1455

## **Chapter 5: Advanced Construction Materials**

<b>A New Flame-Retardant Epoxy Composites Based on Silica and Metal Salt of Phosphinate</b> X.Q. Liu, H. Zhou, J.Y. Liu, H. Wang and S.J. Cai	1461
<b>Research on Enterprises Resettlement in the Second Urban Land Resource Development - Taking High-Tech Zone in Suzhou for Example</b> Y. Du and W.X. Yu	1465

## **Chapter 6: Control of Quality Engineering**

<b>Research on Strain Transfer of Embedded BOTDA Sensors Analyzed by FEM</b> Y. Qiao, C.Z. Sun and B. Zhang	1473
<b>Fire Prevention and Controlling Measures for Building External Thermal Insulation System</b> F.D. Zhang, A.P. Chen and Y.X. Zhai	1480

<b>Discussion on Influence Engineering Project Quality Six Factors and its Countermeasures</b> Y.H. Zhang, L.J. Tang and N. Wang	1484
<b>Concrete Compression Strength Non-Destruction Detecting with Rebounding and Ultrasonic Synthesis Method</b> F. Gao, G.L. Liu and F.X. Wang	1488
<b>Large Ranging of Ultrasonic Testing Inspection Internal Defects of Mass Concrete Structure</b> L. Liu and W. Zhao	1492
<b>Conceive on Construction of Government Supervision in Construction Quality Standard System</b> H.D. Guo, L. Shang, L.Z. Lei and Y.X. Zhang	1498
<b>Experimental and Numerical Study on the Effect of Construction Defects on the Stability of Tunnel</b> Y. Liu, S.H. Wang, Y.P. Guan and L. Shuang	1507
<b>Study on the Quality Control of the Concealed Works of Construction Project</b> Z. Qian and X.G. Wu	1511
<b>Research on Construction Quality Control Measures of Key Construction Works</b> P. Bo, J.J. Li, C.Q. Liu and H.R. Cai	1515
<b>The New Technique of Evaluation of the Early-Age Shrinkage Property of Concrete Material for Airport Pavement by Eddy Current</b> Y. Liu	1520
<b>Parameters Identification for Nonlinear Duffing System Based on Wavelet Transformation</b> S. Zhou, D.M. Huang, W.X. Ren and Q.L. Wang	1524
<b>The Research on Testing Processing Effect of Dynamic Compaction Subgrade Based on Transient Rayleigh Wave Method</b> Y.K. Wu, H.Y. Wang and X.S. Sang	1531
<b>Bridge Bored Pile Construction Management and Accident Treatment</b> Y.H. Zhang, L.J. Tang and N. Wang	1535
<b>Analysis of Fire Intelligent Inspection System</b> L. Wang	1539
<b>Construction Quality Control and Inspection Measures of Ultra Deep Jet Grouting Pile</b> C.L. Wang, S.Q. Sun, J.Z. Xia, B. Qian, Y.S. Li, Z.X. Wang and C.X. Ni	1543
<b>Concrete Structure Safety Inspection Analysis of a Floodgate on the Yellow River</b> C. Ma, X.L. Sun and Y.B. Zhao	1548
<b>Influence Study of Different Site Type on Seismic Performance of Pipeline with Defects</b> L.L. Wang, L.L. Xu and X.Q. Zhang	1551
<b>The Analysis on Influential Factors of Building Project</b> L.B. Fu and Y.W. Wang	1555
<b>The Practice in Reform of Refining Government Supervision on Construction Quality</b> H.D. Guo, J.R. Liu, Y.X. Zhang, L.Z. Lei and Z.W. Mi	1562
<b>Preliminary Study on Review Behavior of Design Documents of Construction Drawings</b> C.B. Zheng	1568
<b>Design Quality Assessment Method of the Primary and Secondary School Teaching Building Engineering Design System</b> Y.Q. Su, L. Qiao and Q.L. Li	1572
<b>Analysis of Responsibilities Division of Quality Defect during Defects Notification Period under the Condition of "Supply-Only" Materials</b> Y.L. Yin and X.C. Ji	1579
<b>The Analysis of Butterfly Effect on Project Quality in the View of Quality Chain</b> G.B. Han and Q.C. Gao	1584
<b>Study on Miners' Fatigue Risk Evaluating System</b> R. Ni	1589

## **Chapter 7: Urban Planning and Design**

<b>Quantity or Quality Evaluation of Open Space in the Urban Ghetto of Downtown, Vancouver</b> H.R. Wu and C.P. Hou	1599
--	------

<b>Study on Contents and Methods of Historical and Cultural Village Planning and Design Based on Daliangjiang Historical and Cultural Village, Jingxing County, Hebei Province</b> A.Q. Jia, H.Y. Liu and Y.G. Hao	1603
<b>Analysis of Living Character of Ranzhuang Historical and Cultural Village</b> L. Wang, G.Z. Shang, T.Y. Du and W. Fan	1607
<b>The Urban Planning Strategies to Solve the Parking Difficulties in Harbin</b> F. Lv and X.C. Qi	1612
<b>The Development Main Points of the New Area in Small-Scale City of Northwestern China - Pingdiquan New Area in Jining District of Wulanchabu City as an Example</b> H.J. Niu and J.B. Zhao	1617
<b>Hubei New Town Planning System Research</b> N. Lin	1621
<b>Singapore's Urban Planning and Management of Enlightenment to Xiangyang</b> Y. Li, Y. Li and H.X. Xie	1625
<b>The Expressions and Enlightenment of Decentralism City Planning Thoughts in Modern China</b> D.W. Wang	1630
<b>A Study on Design of Residential Quarters from the Perspective of Residents' Behaviors and Psychology</b> Y.Y. Lei	1634
<b>Current Situation of Mountain Villages in the City Tourism Plan is Becoming a Great Concern-Take Nanyu Village in Shandong as Example</b> Y. Bai and X.X. Xu	1638
<b>Analysis on Characteristics of Road Planning of University Campus</b> F.X. Ouyang	1642
<b>Research on Industrial Planning Model and Development Path of XiXian New Area from the Perspective of Urban-Rural Planning</b> S.L. Jia and P. Zhang	1648
<b>The Planning Design of Ecological Residence Area Based on Sustainable Development Concept</b> H. Zhang	1652
<b>Rural Community Planning Research - Taking PingQuan County YangShuLing Town SanZuoDian Community Planning as an Example</b> Y.F. Zhong and H. Qi	1657
<b>The Urban Old Building Reconstruction Design Based on Sustainable Development Context</b> C.H. Wu	1663
<b>Study on Positive Significance of Humanity Factor in the City Planning</b> X.C. Wang and G.S. Man	1669
<b>The Research on the Site Selection of Tourist Resort Based on GIS</b> Z.M. Guan and W.F. Qiao	1674
<b>The Characteristics of the Elite Activities Space in the Information Society: A Case Study on the Yangtze River Delta</b> L.Z. Shen	1679
<b>Spatial Layout of Linear Cities in Eastern Region of Northwest China</b> H. Yang	1684
<b>Characteristic Analysis and Protection Study on the Pattern of Ancient City of Dai County in Shanxi</b> Y.J. Liu and J.P. Wang	1688
<b>A Brief Discussion on the Urban Brand Strategy of Fengcheng Town, Wenshui County</b> L. Wang and C.L. Meng	1692
<b>A Smart Time-Space Collaborative System for Construction and Design in Digital Cities</b> Y. Ai, B. He, H. Liu and X.H. Liu	1696
<b>Planning Control and Guidance Research on Residential Differentiation</b> L.L. Li	1700
<b>An Empirical Research on Industrial Structure Optimization of Provincial Area Based on Two-Oriented Society</b> D. He and W.C. Li	1706
<b>Progress of the Study of Rural Clustering and Village Allocation Planning Method</b> X.X. Dang and L. Luo	1710

<b>Research on Land Planning and the Integration of Beijing, Tianjin and Hebei Langfang</b> M.H. Gao and B. Chen	1715
<b>Research on Ecological Nodes of Campus Based on Eco-Network Planning for University</b> Q.F. Zeng and H.B. Lin	1719
<b>Research on Mixed Vitality of Historic District and Space Mode Optimization: A Comparison between Hefang Street and Xinyifang in Hangzhou</b> X.Q. Zhu, J.J. Sun and J.Y. Fu	1724
<b>Protection and Reconstruction Strategy Research of Mixed-Used Historical Settlements Shengzhou Dongqian Street as an Example</b> X.Q. Zhu, J.Y. Fu and J.J. Sun	1730
<b>The Enlightenment of the Planning Modes of Foreign Resort Island for Island Resort's Planning in Zhejiang Province</b> Y. Xiong, F.H. Chen and P. Feng	1735
<b>The Study of Arrangement Model and Potential Maximization of Rural Land</b> P. Ren, B.T. Hong and J.M. Zhou	1740
<b>An Empirical Study on Influencing Factors of Residential Location Choice in Hangzhou, China</b> X.B. Xie, X.Q. Bu, M.J. Zheng and H.Z. Wen	1747
<b>The Preliminary Study of Protection, Development and Development Mode in the Northwards Progress of Xi'an City</b> Y.H. Zhao and Y.H. Lei	1752
<b>The Status and Prospect of Rainwater Utilization Site Appropriateness Research in Northwest Semi-Dry and Semi-Humid Region</b> J.H. Yang and B. Liu	1761
<b>Research on the Settlement Causes and Tourism Development of Ancient Village in Western Beijing</b> L.S. Xi and C.X. Zhang	1767
<b>The Evolution of Urban Color and its Causes in Jinlang District, Shenyang</b> X. Lu, C. Liu, X. Han, Y.H. Huang, H.Q. Xu and J.M. Fan	1772
<b>Relocation Pattern for Minority Villages Stricken by Wenchuan Earthquake</b> J. Xiao	1777
<b>Fuzzy Comprehensive Evaluation on Multiple Constraint Factors of City Underground Space Development and Utilization</b> C.A. Zhou, H. Ren and J.Y. Zhou	1783
<b>Evolution of Urban Spatial Form under the Perspective of Industrial Structure Adjustment - The Case of Inner Mongolia Baotou</b> J. Lei and H. Su	1789
<b>Methods of Reusing the Old Industrial Sites</b> Y. Hu	1793
<b>Research on the Deconstruction and Application of "Xinya Style Architecture " Based on Building Information Modeling Technology</b> R. Han, J. Lv and B. Li	1797
<b>Research of City (Country) Urban System Planning Evaluation</b> J.M. Zhang and X.D. Sun	1801
<b>The Research of New Urbanization Model in Hohhot-Baotou-Ordos Region</b> D.P. Liu and Y. Zhao	1807
<b>The Relationship between the Requirement of Underground Space and Ground Space: The Main City of Nanjing</b> J.J. Cheng and F. Zhong	1811
<b>Study on Living Space of Landless Peasants after Dismantling Villages and Setting up Urban Communities - The Case of Hubin Community in the New Zone of Wuhan</b> Y. Li and Y. Li	1817
<b>Application of GIS in Urban Disaster Prevention Park Planning</b> Z.D. Wu and H.Y. Liu	1822
<b>Study on the Airport District Planning Based on Pulling of Strategic Resources</b> Z.D. Wu and H.Y. Liu	1828
<b>The First Exploration to Traditional Style Protection of the Historic Villages and Towns</b> Q. Liang and G.H. Wang	1832

<b>Study on the Space Design of Urban Commercial District in Cold Areas</b> X.L. Xu, J. Liang, M.Y. Zhang, J.W. Li and L.W. Guo	1836
<b>Cultural Identity and Continuity - Case Study of Authentic Conservation of Xi'an Bei Yuan Men Historic District</b> H.Y. Li and F. Wang	1840
<b>Developing an Urban Design Competition Proposals Evaluation System Based on the Sustainability Assessment at Area Scale for China</b> B.Y. Zhao, X.P. Zhang and W. Qin	1847
<b>Research on Location of Integrating Village Migration in Coal Mining Areas Based on AHP-Grey Correlation</b> X.H. Zhang, W.B. Wang, S.M. Zhang and Y.Q. Zhu	1851
<b>Analysis of the Relationship between Land Use, Development, and Construction near a Rail Traffic Station and Passenger Flow Volume: The Case of Tianjin Metro Line 1</b> S.H. Teng	1856
<b>Analysis of Ecological Transformation of Block Based on Safety of Public Space: Imperial Street of Southern Song Dynasty as an Example</b> J.Y. Fu and J.J. Sun	1863
<b>The Construction of Non-Motorized Transportation Network Based on Residents' Preference in Urban Central Area</b> X.S. Xi, B.X. Gu, M. Yin and X.S. Wang	1868
<b>Research on Rural Planning Strategies Based on the Coordination with the Development of Large-Scale Construction Projects - A Case Study on Yanqing County in Beijing</b> Q. Yuan, J.G. Zhao and Y.Y. Xia	1882
<b>Study on Authenticity Protection and Restoration of Residential Historic District</b> H. Leng, T. Shi and J. Zhao	1886
<b>Traditional Village Revival and Rural Tourism: A Case Study of Yang-Shan Village in Jingning County</b> H.Y. Zhou, H.J. Han and X.Y. Hu	1890
<b>Interpretation of Residential Type of Mongolian Herdsman in Inner Mongolia Grassland</b> J. Bai	1894
<b>Historical Performance Evaluation of City Fire Fighting and Rescue Force</b> J.T. Yang	1901
<b>The Influence Mechanism of Urban Rail Transit on the Urban Land Use and Spatial Development: Nanjing Metro Line 1 as a Case Study</b> Q.W. Rong	1905
<b>Influencing Factors Study of the Contemporary Spatial Expansion of Wuhan</b> X. Li	1911
<b>Exploration on Traditional Courtyard Micro-Climate Characteristics and Improvement Method - Case Study of No. 6 Courtyard of Chang'anxue Alley in Xi'an Sanxuejie Historic District</b> R.B. Fan and X.M. Li	1918
<b>Research on Interaction of Xi'an Urban Development with Great Heritage Sites Protection</b> L. Lv and R.Y. Lv	1928
<b>A Study Based on Subject of Administration Perspective of Shenyang Early-Modern City Planning</b> J. Wang and B.H. Li	1935
<b>The Study of Region Combined with Era on Planning Design of First High School in Dongxiang County</b> F.J. Xu and N. Wu	1939
<b>Exploration on the Eco-Village Planning from the Perspective of Low-Carbon</b> Y.Y. Zheng and S. Gao	1945
<b>A Framework for the Study of Integrated Design of Rail Transit and Urban Public Space</b> Y.W. Zhang, J. Li and Y. Yu	1949
<b>Structure Model and Developing Rules of Space Form Evolution of Xi'an High-Tech Industries Development Zone</b> Z. Cui and Y. Zhang	1953
<b>Strategies for Protection and Development of Traditional Village</b> H.X. Jia, Y. Peng and Q.H. Dong	1958

<b>The Cause Analysis and Countermeasures of Waterlogging in Wuhan</b> W. Xia	1962
<b>Study on Protectional Ideas and Constructed Strategies of Vernacular Landscape during Planning and Design of Small Towns</b> S.J. Bai and S.Y. Xiao	1966
<b>A Brief Analysis of the Urban Street Design Based on TOD Mode</b> Q. Ning, B.R. Zhou and Y.X. Zhou	1970
<b>The Cultural Heritage Protection in the Process of Urbanization</b> X.M. Wang and L. Fan	1975
<b>Regenerative Design of the Moat in the Rehabilitation Historical Ancient City of Xi'an</b> Y. Zhang and B.Y. Hou	1979
<b>The Urban Environment Design Based on the Combination of Ecological and Cultural Expressions</b> Z.Q. Xiao	1984
<b>Research on the Urbanization Path in China</b> Y.N. Yang and F.F. Yu	1988

## **Chapter 8: Landscape Planning and Design**

<b>A Study on Citizen's Preference for Waterscape Design in Urban Open Spaces</b> N. Yu	1995
<b>Discussion on the Intergration of Road Landscape Design and Urban Mining and Metallurgy Culture in Huangshi City</b> O. Xie and Y.S. Tu	2002
<b>Design of Landscape Architecture for the Huaiyin Garden as Flower Theme Park to Inherit Flower Culture, Jinan City</b> D. Shen and Y. Liu	2005
<b>The Study on Environment Behavior Influence of Settlement Pavement Design Strategies</b> W.B. Sun	2010
<b>On the Strategies of Optimizing the Landscape of the Urban Green Space: Based on Ecological Security</b> F.Q. Ji and J.L. Chu	2014
<b>Landscape Regeneration Strategy of Waste Quarries in Urban Area</b> H. Tang and S.Y. Shen	2018
<b>Application of Waste in Landscape Environment Restoration</b> H. Tang and Y.Y. Xu	2023
<b>Searching for Design Method about Waterfront Environment in the City Park with Ecology Priority</b> B. Ma	2028
<b>Explore Residential Area Landscape Design Features - Taking the "Pearl of the Blue Sea" for Example</b> D.Q. Tong	2032
<b>Analysis of the Function of Urban Sculpture in Landscape Environment</b> W. Yang and C. Yan	2036
<b>Study on the Coordination between City Sculpture and Landscape Environment</b> C. Yan and W. Yang	2040
<b>Research on the Facility Factors in the Hospital Healing Environmental Design</b> X.X. Fan and T.Y. Jung	2044
<b>The Study of Waterfront Landscape Planning and Design of the South Bank in Sui Chuan County</b> F.J. Xu and Y. Ding	2050
<b>The Effect of Grain Size on Landscape Indices Analysis of Shijiazhuang</b> J.Y. Xiao, X. Li and N. Ji	2055
<b>Plant Landscape Design Research of Urban Residential Area Based on Low-Carbon Concept</b> Y. Li, L. Liu and X. Li	2059
<b>The Application of Natural Building Stones Material in the Modern Landscape</b> W.Z. Li	2063

<b>Environment Design of Community Suitable for Elderly Living</b> L. Lin, X.Y. Zhao and J. Zeng	2067
<b>Discussion about Type Characteristics and Design Strategic Focus of Residential Area Landscape</b> H.Y. Guo and Y.N. Cai	2071
<b>Predicaments of Heritage of Rural Cultural Landscape during Urbanization and its Solutions</b> S.Y. Xiao and S.J. Bai	2075
<b>Guide of Urban Open Space for Research on the Urban Landscape in Xi'an</b> B. Liu and Z.G. Liu	2079
<b>Study on Constructing of Green Infrastructure and Riparian Wetland of Cities in Northwest Semi-Arid Area</b> D.H. Xu, X.H. Ding, H. Liu and Z.Y. Zheng	2085
<b>Economics Analysis of Landscape Based on SCM</b> X. Wang, J.R. Zhang and Y.T. Wang	2092
<b>Ecological Strategies of Landscape Planning and Design in University City</b> K. Zhu and H. Tang	2096
<b>Analysis of China's Highway Ecological Landscape Design Example</b> Y. Zhang, Y. Zhang and Y. Wang	2100
<b>Landscape Elements Analysis of Defensive Settlements along Ming Dynasty Great Wall with the Concept of Cultural Landscape</b> X.M. Cao and R. Quan	2104
<b>Application Research of Landscape Effect Degree (LED) in Damaged Mountain Restoration (Green Mine) in Beautiful JiNan City</b> Y.W. Zhang, S.C. Li, B. Zhang, C.H. Yuan and X.G. Chen	2110
<b>Analysis on Plant Design in Landscape Design</b> Y. Zhang	2114
<b>Status Analysis of Linpan Protection in Land Consolidation of Chengdu Plain</b> L.L. Jia and H. Cui	2118
<b>Analysis on Color Configuration of Plants in Landscape Design</b> Y. Zhang	2122
<b>Inherit and Reconstruction of Chinese Rural Landscape Culture - On the Development of Chinese Rural Settlements under the Background of Fast Urbanization</b> Q.J. Sun, N.Z. Maliki and R.X. Zhang	2126
<b>The Discussion on the Influence to Biological in Ecological Function Areas by Planning - Take the Example of Xing'an Mountains Ecological Function Areas</b> G. Han, P. Bo and H.J. Xia	2131
<b>Application of AHP in Highway Landscape Assessment System</b> W. Wang and N. Li	2134
<b>A Discussion on Content and Methodology of City Landscape</b> H.Y. Guo and Y.N. Cai	2141

## **Chapter 9: Project Management in Building**

<b>Construction Project Cost Management Based on BIM Technology</b> Y.L. Yin and K. Qian	2147
<b>The Design and Application of Information Data Base of Construction Cost</b> Y. Qiu, Y.L. Yin and G.Z. Zheng	2153
<b>Determination of Comprehensive Unit Price of Variation Using Cost Plus Profit Principle</b> J. Chen and H.R. Tang	2159
<b>Research on Bias of Owner's Decision-Making in Risk-Sharing in Construction Project - A Perspective of Bounded Rationality</b> Y.L. Yin, Z.C. Xu and Q.S. Zou	2164
<b>Critical Issues for Implementing DB Projects in Taiwan</b> M.T. Wang, C.C. Tsai, L.M. Chang, T.L. Ngo, V.D. Mai and Y.H. Sung	2171
<b>Risk Analysis of Hydropower Construction Project Based on Fuzzy Comprehensive Evaluation</b> Y.N. Wu, Z.S. Hu and R.H. Xu	2177

<b>Design Process Optimization Method of Indemnificatory Housing Project Based on DMAIC Theory</b>	
J. Zhu, P. Mao and M. Li	2182
<b>The Project Bid Evaluation Based on Triangular Fuzzy Number and its Application</b>	
Y.F. Xie, X.J. Cheng and X. Zhang	2188
<b>Management Research on the Construction Enterprise Project Cost</b>	
H.Y. Zhang and J.W. Zhao	2193

## **Chapter 9: Project Management in Building**

<b>Construction Delay Analysis and early Warning Model Based on Design Structure Matrix</b>	
D.Y. Liu and J.G. Chen	2199
<b>Maintenance, Building Depreciation and Land Rent</b>	
B. Manganelli	2207
<b>Construction Program Evaluation of Public Project Based on AHP and DEA</b>	
B.K. Qi, C.F. Li, Z. Lu and M.Z. Wang	2215
<b>The Maturity Model Research of Construction Project Management Informationization</b>	
J. Chen, G.H. Yu, S.Y. Cui and Y.R. Feng	2222
<b>Improving the Project Performance Based on Continuous Workflow and Reliable Planning</b>	
X.F. Xue and J.G. Chen	2228
<b>Study on Compilation and Application of Engineering Cost Index for Construction Project in China</b>	
H. Ke, R.Z. Wu and G.F. Luo	2233
<b>The Necessity of Project Portfolio Management in the Construction Industry of China Mainland</b>	
N. Guo and S.W. Yu	2238
<b>Application of Internet of Things Technology in the Property Management of Intelligent Residential District</b>	
B. Jiang	2242
<b>Study on Performance Evaluation Model for Agent Construction Manager Based on SCP</b>	
X. Deng	2246
<b>The Selection of BT Project Organizational Structure Based on Communication Efficiency</b>	
J.L. Tian	2250
<b>Research on Evaluation Method for Construction Bidding Projects</b>	
Y.G. Liu and H.R. Tang	2254
<b>Coordination of Construction Project Cost and Schedule Based on Grey Forecasting Method</b>	
C.L. Sun, H. Song and R. Tian	2259
<b>Research on Multi-Project Resource Allocation Process and Application</b>	
X.L. Zhang, J. Li and Y.F. Zhu	2267
<b>Study on the Problems and Countermeasures of Rural Drinking Water Safety Engineering Construction and Management in China</b>	
X.K. He and C.M. Qin	2273
<b>Using Fuzzy Matter-Element Model and Triangular Fuzzy AHP Method to Select the International Construction Project Material Suppliers</b>	
J. Guan, Z.H. Zhang and Y. Wu	2277
<b>The Practice and Research for Total Contract Management Mode of Land Replacement - Total Contract Management Experience of Weifang Cultural Arts Center Project</b>	
X. Hua	2282
<b>A Brief Analysis of Renovation Project Management of Shanty Towns</b>	
J.G. Cai	2289
<b>Research of Safety Management Innovation of Construction Project</b>	
M. Cheng and G.Q. Ma	2295
<b>Study on the Decision of BOT Project Concession Period Based on a Fuzzy Comprehensive Evaluation</b>	
Q. Yu and Y.N. Zhang	2299
<b>The Risk Evaluation Model of Construction Project Contract Based on BP Neural Network</b>	
H. Liu, J.F. Yang and Z.Y. Zhang	2304

<b>Structure Updates Chinese Kang Technical Countermeasures</b> H.G. Ren and G.W. Li	2308
<b>The Benefit-Cost Analysis on Construction Project Feasibility</b> Y.T. Ma and C.J. Ma	2312
<b>The Application Research for Business Operation Management Based on BIM</b> Y.G. Xu and Z. Zhang	2316
<b>BIM-Based Commercial Real Estate Operations Flatten Structure Research</b> Y.G. Xu and Z. Zhang	2320
<b>Study on Residential Construction by Self-Builders</b> Y.L. Lee, S.C. Lee and Y.C. Shiau	2325
<b>Analysis on Unified Specification of Engineering Quantities Calculation in Practice</b> H.J. Ni	2330
<b>Program Evaluation and Review Technique (PERT) in Construction Risk Analysis</b> M. Liu	2334
<b>Communication Network Analysis of Project Teams in Korean Building Constructions</b> J.Y. Kim, S.T. No and Y.K. Park	2338
<b>Study on the Sustainable Development in the Coalmine Construction Project Based on Order Parameter</b> X.B. Shi and C. Zhao	2342
<b>Project Management Factors Affecting Green Building Projects: Case Study of Singapore</b> Y.Y. Li, P.H. Chen, D.A.S. Chew, C.C. Teo and Y.Q. Xu	2346
<b>Study on Behavioral Risks Based on Complexity Theory</b> X.D. He, Y.L. Wang and Y.Y. Zhang	2353
<b>The Focus on Coordination in the Project Management</b> B.X. Cui	2358
<b>A Group Decision Making Model of Water Resources Management Based on Supporting Degrees of Experts</b> Y.J. Zhao, F. Zhang and D. Zhang	2362
<b>Study on Information System Based on Gridding Management for Hydropower Project during Construction</b> H.L. Cai, S.S. Ye, X. Xiao, Z.Y. Wu and J.F. Zeng	2366
<b>The Application of Earned Value Management in Small and Medium-Sized Hydropower Stations Project</b> J.Y. Zhang and S.J. Wang	2371
<b>Project Cost Control Based on Dynamic</b> Y.M. Hu and C. Liang	2379
<b>Contractor Evaluation Model for Large Project Based on Grey Relevancy</b> W. Zhang, Y. Yang and W. Liu	2384
<b>Framework of a Smart Local Infrastructure Management System</b> H.Y. Xie, T.T. Liang, R.F. Babiceanu and C.W. Lu	2388
<b>A Study on Application of Supportive Housing in Chinese Affordable Housing</b> H.T. Jiang and Q.C. Ban	2393
<b>Issues on the Construction Process of Punched Cast-In Situ Piles</b> F.F. Jiang, S.L. Wang, X.L. Zhang, Z.X. Wang, L. Liu and F.F. He	2398
<b>Application of BIM on Quantity Estimate for Reinforced Concrete</b> Y.M. Cheng and J.Y. Chen	2402
<b>Construction Project Cost Control under the Mode of List Valuation</b> J.H. Liu	2406
<b>Optimization Design of Cantilever Supporting Structure</b> W. Xu, J.S. Feng and F.F. Feng	2410
<b>Game Analysis on Collusion Tender in the Construction Projects Bidding</b> H.B. Shi, X.W. Li and H.J. Xu	2414
<b>Route Selection of Expressway Based on VE and AHP</b> H.Z. Zhu and Y.Q. Chen	2420
<b>Research on the General Construction Layout of Tsingtao Bay Bridge</b> Q. Yuan, Y.Z. Wang and Y.G. Wang	2426

<b>Ordered Weighted Geometric Averaging Operator Multi-Attribute Decision-Making Model under the Preference Circumstances</b> J.W. Huang, D.L. Lu and T. Zhang	2430
<b>Application of Gray-Fuzzy Comprehensive Evaluation in Duration Risk Forecast of Hydropower Project</b> H. An, S.Y. Tang and R. Wang	2434
<b>Influence and Control Measures of Architectural Design on Project Cost</b> L.M. Zhang	2441
<b>Study and Application of Information Management System for Government-Invested Construction Projects</b> X.H. Wang, H.N. Li, J. Liu, S.H. Jiang and H.C. Ma	2445
<b>Research of Cost Estimation of Energy-Saving Buildings Based on the Full Lifecycle Theory</b> H.L. Li, H.T. Liu and X.Q. Li	2454
<b>Hydraulic Construction Project Safety Management: A Human Side Perspective</b> H.Q. Cai	2460
<b>Establishing of Construction Project Risk Indicators System Based on Factor Analysis</b> L.M. Xia and X.N. Li	2464

## **Chapter 10: Engineering Management and Engineering Education**

<b>The Exploration of BIM Technology Application in the Building Fire Emergency Plan</b> X.Y. Bi, J. Wang and J.Y. Zhang	2473
<b>The Construction Agency's Reasonable Profit Research Based on System Dynamics</b> Y. Wang and L. Wang	2478
<b>A Comparison of the Relative Advantages of China and India in International Construction</b> C. Chen, I. Martek and M. Shah	2483
<b>Construction of the Core Competitiveness Evaluation Index System of Engineering Consulting Firm Based on Fuzzy Analytic Hierarchy Process (FAHP)</b> L.J. Shen, L.F. Ruan and J.B. Ye	2489
<b>The Evaluation of Design Supervision Service Based on the Method of SERQUAL</b> P.C. Pan	2494
<b>Modification to the FIDIC Silver Book in a Buyers Market Context: A Case Study of the Hai Phong Power Plant II Project</b> C. Chen, C.H. Jiang and H.J. Li	2498
<b>The Study on the Comprehensive Benefit of Public Buildings Based on Fuzzy Analytic Hierarchy Process</b> Q.J. Guo, F.T. Hao and Z.W. Pan	2505
<b>Strategies for Inherent Safety Design during Engineering Construction</b> X. Wang, L.J. Zhang and X.Y. Liu	2510
<b>Research on the Relationship between Agricultural Information and Urban Agriculture Economic Growth</b> H.H. Shi, Y.J. Shi and G.C. Xu	2515
<b>The Problems in PPP Project Decision Process in China Comparing with Singapore</b> X. Qi, C. Yi and J. Li	2519
<b>The Impact of BIM Application to the Project Organizational Process</b> W. Ting, Y.K. Ying and L.P. Xiao	2524
<b>Green Evaluation Analyse of the Construction Quality Management</b> Y.P. Yang	2529
<b>Discussing the Influence of BIM for the Construction Project Cost</b> H.K. Zheng and J.W. Cao	2533
<b>Based on the DEA Model of Security Housing Construction Efficiency Research</b> D. Li and Q.J. Du	2537
<b>The Study of Safety Management in Constructional Engineering</b> R.J. Zhu, Y. Peng and Y.S. Chen	2542
<b>The Research of Risk Management in Project Contracts</b> R.J. Zhu, Y. Peng and Y. Sun	2546
<b>Explore and Analyse Construction Project Risk Management</b> H.Y. Zhang and J.W. Zhao	2550

<b>Research on Construction Cost Control of Contestable Measure Items - Taking a Project in Shijiazhuang as an Example</b> X.M. Yu, Z.B. Xie and L.J. Cao	2555
<b>The Study on Value-Added Information Service Modes Based on the Sci-Tech Novelty Search</b> W. Zhang, S.J. Chen, Q.T. Fan, Y. Du and X. Li	2560
<b>The Study on Hotspot Research Fields of Beijing Municipal Scientific and Technical Innovation - Based on the Statistical Analysis of Novelty Search Projects in 2007-2011</b> W. Zhang, Y. Du, W. Xiao, S.J. Chen and W. Gao	2565
<b>A Study on Construction Technology of XuPingnan Expressway ATB Base</b> T. Peng	2570
<b>The Impact of Development Speed on New Product Success: A Meta-Analysis</b> P.B. Gao, B. Yu and W.W. Wu	2574
<b>Reference to Similar Work in the 99 Version of the FIDIC Construction Contract Change Valuation Methods to Improve Research</b> L.M. Xia and R. Guo	2578
<b>Research on Model of Division of Tender of Engineering: A Minimization Cost Perspective</b> L. Yan and Q. Sun	2584
<b>Discussion on Application of PDCA Theory in Metal and Non-Metal Mine Safety Standardization Management System</b> Y.J. Liu, Z.C. Tian, M. Han and Y.H. Ren	2590
<b>Analysis of Unsafe Acts in Mine Roof Accident and Prevention Measures</b> W.T. Yin, G. Fu, P. Gao and S.H. Shi	2594
<b>Construction Productivity Factors Affected by the Motivation of Foreign Laborers in Construction Fields</b> Y.S. Shin, J.D. Kim, T.Y. Kim and G.H. Kim	2599
<b>Based on Factor Analysis of Building Influencing Factors System of the Highway Construction Project's Cost</b> L.M. Xia, K.L. Song and Z.Q. Deng	2603
<b>Study on Forecast of Engineering Project Cost Using Single Regression Method</b> W.Q. Li, F. Li and Y.X. Yang	2610
<b>Study on Service-Oriented Organization of Large-Scale Construction</b> Y.Q. Xu and D.D. Wang	2614
<b>Study on the Engineering Cost Management Systems</b> H.Z. Zhang, F. Pan, Z.H. Zhang and C.Y. Cheng	2621
<b>Research on Organization Design of Large-Scale Construction Programme in China from the Perspective of Service-Dominant Logic</b> Y.Q. Xu, D.L. Zeng, D.D. Wang and X. Qi	2625
<b>The use of Past Projects as Means to Enhance the Education Experience of Civil Engineering Students</b> L.T. Leong and W. Elleithy	2634
<b>Engineering Project Risk Interpretation Structure Model Building and Analysis</b> R. Zhang	2640
<b>Application of Game Theory in Bidding Strategy</b> X.H. Qin and F. Luo	2645
<b>Improvement and Application of Risk Matrix</b> C.J. Yi, C.Y. Zheng and Q.H. Fu	2650
<b>Risk Analysis and Control in the Yellow River-Crossing Tunnel of South-to-North Water Diversion East Line</b> B. Liu, Y.Z. Wang and M.T. Niu	2655
<b>A Study of the Constitute System of Cost Claim under the Valuation Mode of Bill of Quantities (BQ)</b> Y.L. Yin, Y.C. Huo and T. Sun	2659
<b>Risk Management of International Project Based on AHP and FMEA</b> J. Zhong and Z.Y. Lin	2665
<b>Study on Process Optimization of Design Phase Based on BIM in China</b> L. Zhang, G.B. Wang and X.F. Zhang	2671
<b>Discussion about the Professional Quality and the Education for Civil Engineers</b> J.M. Liu	2676

<b>Integrated Risk Management Based on Life Cycle of Engineering Project</b> F.Z. Luo and Y.H. Han	2680
<b>Value Engineering-Based Selection Strategies of Real Estate Development Scheme</b> M. Cheng and G.Q. Ma	2684
<b>Evaluating Competitiveness of Urban Logistics Using Fuzzy Logic AHP</b> J.Y. Li and Y.Q. Che	2688
<b>Research of Construction Enterprises Adverse Selection Based on the Signaling Model</b> W. Ying and H. Jia	2692
<b>Exploration of Safety Engineering Course Oriented to Civil Engineering Discipline</b> H.L. Guo and X.J. Yue	2696
<b>Supplier Selection Based on FAHP-VIKOR-IVIFs</b> H.L. Jiang and H.X. Yao	2703
<b>Analysis of Prominent Problems Existing in Construction Domain of China and Study on Institutionalized and Informatized Solutions</b> X.H. Wang, H.N. Li and S.H. Jiang	2708
<b>Marketing of Glass Industry and Establishing of Customer Relationship</b> G. Wang and F.Y. Ning	2716
<b>Road Inspection Scheduling Model Using Constraint Programming</b> H.S. Wang and S.S. Liu	2720
<b>The Analysis of Definition of Large Projects Basing on Time and Space Scales</b> Y. Sui, W. Wu and M.X. Zhang	2726
<b>A Hesitant Fuzzy Multiple Attribute Group Decision Making Approach Based on TOPSIS for Parts Supplier Selection</b> J.L. Zhang, X.W. Qi and H.B. Huang	2730
<b>Research on Influencing Factors Model of Highway Engineering Cost Based on Pathway Analysis</b> L.M. Xia, Y.N. Bian and Z.Q. Deng	2738
<b>The Influence of Group Efficacy, Group Identification on Group Performance of University Students Organizations</b> X.J. Li, L.Z. Jia and Y.M. Zhang	2744
<b>Green Building Supplier Selection Based on Advanced Entropy-Revised G1 Combination Weighting and TOPSIS</b> Y.H. Mao, P. Wang, F. Sun and W.H. Zhou	2748
<b>Comprehensive Evaluation on Multiple Constraint Elements of City Underground Space Development and Utilization Based on Analytic Hierarchy Process and Fuzzy Comprehensive Evaluation Method</b> C.A. Zhou, C. Chen and H. Ren	2754
<b>Shaping the "Field Effect" in Communication Space of the College Teaching Building</b> H.O. Wang	2759
<b>Research on Evaluation Index System and University's Green Degree Evaluation Model</b> Y.L. Chen, X.P. Feng and Y.K. Liu	2763
<b>A Survey on the Influential Factors in Energy Performance Contracting Process in China</b> Y. Qu, C.H. Quan, J. Darkwa and D. Chow	2768
<b>Study on Application of Time Petri Net in Nursing Home Site Selection</b> W.Z. Yan and G.Y. Ren	2775
<b>Research on BIM-Based Construction Project Organization Interface Management</b> H.L. Liu, G.B. Wang and L. Zhang	2781
<b>Literature Review on the Incentive Policies to Promote the Development of Green Building</b> G. Liu and X. Li	2785
<b>An ANP-Based Value Engineering Study Performance Assessment Model for Public Works</b> W.T. Chen, S.S. Liu and S.W. Liou	2793
<b>On the Situation and Countermeasure of the Talent Structure of Safety Management in the Construction Enterprises</b> X.W. Pei	2798
<b>The Critical Group of the Vertex Corona of Cycles and Complete Graphs in Industry</b> X.H. Tan, J.G. Zhu, C.W. Cai, K.R. Yu and H.Y. Qian	2802

<b>"A+T-CDIO"-Architecture Major Oriented Talents Cultivation Objectives Establishment and Curriculum System Construction - Using Architecture Major of Ningbo University of Technology as Example</b> C.Y. Liu and R. Duan	2806
<b>Study on Grey Comprehensive Evaluation Based on the APH of the Site Selection of China Inland Nuclear Power Station</b> Y.N. Wu, L. Tan, R.H. Xu and Y.S. Yang	2810
<b>Research on the Calculation Method of Engineering Insurance Rate Based on Bill of Quantities</b> W.K. Chen, P. Yu and Z.Y. Zhang	2818
<b>Risk Management of Information System Project</b> H.B. Liu, F. Li and W.Q. Li	2826
<b>The Comparison and Analysis of Governance Framework for Public Projects: China and the Developed Countries, and Implications</b> Y.N. Wu, N. Mandula, H.Z. Qi and Z. Wang	2830
<b>On how the Knowledge Network Reduces Knowledge Transaction Cost: From the Prospect of Transaction Cost Theory</b> S. Peng, M.Y. Zhou and W.X. Yu	2834
<b>Study on the Evaluation Index System of Project Performance Based on Knowledge Management</b> L.M. Xia and J.J. Zheng	2839
<b>Research on the Application of BIM in EPC Delivery Model</b> J. Zhu and W.G. Han	2845
<b>Improving Life Cycle Quality of Navy Vessel through Integrated Management Approach</b> Q.L. Ma, Z.R. Xie and J.W. Lv	2849
<b>The Study of the Factors Affecting Urban Residential Land Price</b> H. Jiang, S.H. Jia and Y.F. Huang	2854
<b>Study of the Integrated Evaluation Index System of the Design of Energy-Saving Building and the Optimization of these Designs Based on FAHP-Entropy Weight</b> J.B. Ye, L.J. Shen and P. Gu	2859
<b>Computer Integrated Construction and Facility Management</b> H. Liu and W. Wu	2865
<b>The Application of Box-Cox Transformation in Selecting Functional Form for Hedonic Price Models</b> H.Z. Wen, X.Q. Bu and L. Zhang	2869
<b>Management and Modern Aspects of Safety in Civil Engineering</b> P. Suchardova and O. Sucharda	2876
<b>Post-Evaluation about Construction Process for Cogeneration Plant Based on Fuzzy Soft Set</b> D.X. Niu, L.L. Fan and Q.L. Wu	2881
<b>Identifying Appropriate Procurement Systems in the Construction Industry in Iraq Using Procurement Systems Judgment Method</b> H.D. Al-Jawhar and S.E. Rezouki	2885
<b>Empirical Analysis on the Risk Factors of Total Repurchase Price in BT Project of Urban Rail Transit</b> L.M. Xia and L. Sun	2890
<b>Hydraulic Construction Safety Management Model Research Based on Knowledge Management</b> H. Li and G.Q. Shang	2896
<b>Operation and Management of Urban Planning Exhibition Hall in the Mixed-Use Mode: Hangzhou as Example</b> X.Q. Zhu, J.Y. Fu and J.J. Sun	2900
<b>Countermeasure to Collapse Accident during Use of Fastener-Style Steel Pipe Scaffolding</b> Z.X. Yu, H. Li, T. Cheng, L.P. Qin, Z.H. Wu and Y. Chen	2905
<b>General Situation of Constuction Machinery Development in Mechatronics Technology</b> M. Tian, X.W. Zhang, H.Y. Zu and Y.N. Qiao	2909
<b>Application of FCJ in the Evaluation of Low-Carbon Construction Program</b> L. Liu and T. Zhang	2913

<b>Analysis for Collapse Accident of Fastener-Style Steel Pipe Formwork Support System</b> Z.X. Yu, H. Li, T. Cheng, L.P. Qin, Z.H. Wu and Y. Chen	2917
<b>Solving Economical Operation Problem of Basin Cascade Plants Based on Bi-Level Coupling Genetic Algorithm</b> X.L. Yin and Y. Yang	2921
<b>A Simplified Way of Implementing Value Engineering for Public Works</b> W.T. Chen, T.C. Tsai, S.W. Liou and W.S. Shen	2925
<b>Study on Choice Model of Sales Channel on Grain Supply Chain</b> H.F. Song and Y.Z. Liu	2931
<b>Comprehensive Assessment on Emergency Evacuation Capability of the Subway Station Based on Fuzzy Network Analysis</b> S.L. Zhang, M.L. Liu and E.M. Sun	2935
