

Table of Contents

Preface

Predicting a Model for Modified Asphalt Cement Rutting Parameters M.A. Al-Jumaili and H.A. Al-Jameel	1
Calculating Dynamic Strengths of Concrete Subjected to Impact Load Z.H. Abdulabbas and L.A.R. Al Asadi	12
Effect of Nano-Carbon on Geotechnics Features of Gypseous Soils A.M.B. Al-Gharrawi, A.L. Hayal and M.Y. Fattah	20
Effect of Silica-Based Wastes on Wear Rate and Hardness Properties of Epoxy Composites as a Construction Material R.J. Ghayyib, A.J. Salman, Z.F. Jawad and Z.S. Al-Khafaji	31
Effects of Using Corn Cover Fibers on Some Mechanical Properties of Concrete A.A. Kadhemi, H.A. Al-Yousefi and Q.A. Jabal	41
Reducing the Effect of Air Pollution due to Cement Production by Using Low Cement Content Concrete with same or more Efficiency with Normal Concrete R.A. Aldaher, A.I. Khazaly, S.A. Almahbobi and Q.A. Jabal	50
The Combined Effect of CKD and Silica Fume on the Mechanical and Durability Performance of Cement Mortar M.W. Falah, A.A. Hafedh, S.A. Hussein, Z.S. Al-Khafaji, A.A. Shubbar and M.S. Nasr	59
Improvement of Quality of Concrete and Reducing Corrosion of Steel Reinforcement by Using Polypropylene Fibers, Styrene-Butadiene Rubber, and Integral Waterproofing Admixture N.A. Alsahaf, A.M. Al Gharaawy, L.A.R. Al Asadi, Q.A. Jabal and M.A. Al-Jumaili	68
A Comparison Study between Asymmetrical Castellated Steel Beams Encased by Reactive Powder Concrete with Laced Reinforcement H.A. Ammar and A.J.H. Alshimmeri	77
The Effect of Integral Waterproof Admixture on some Mechanical Properties of Concrete, Absorption and Sulfate Attack Using Different Mix Proportions Q.A. Jabal and M.R. Al-Dikheili	88
Study the Behavior of Castellated Steel Column Encasing by Different Reactive Powder Concrete Thickness with Laced Reinforcement M.M. Ghazi and A.J.H. Alshimmeri	97
Some Mechanical Properties of Polymer Modified Concrete by Adding Waste Iron Filings and Chips M.J. Kashkool, W.A. Almadi, Q.A. Jabal, L.A.R. Al Asadi and J.K. Alghurabi	110
White Clay Ceramic Tableware Waste as Coarse Aggregate in Concrete - Some Mechanical Properties and Durability against Fire and Sulfate Attack A.G. Talib, Q.A. Jabal and W.H. Al-Baghdadi	121
Effect of Polypropylene Fibers on some Mechanical Properties of Concrete and Durability against Freezing and Thawing Cycles M.F. Al-Lebban, A.I. Khazaly, R. Shabbar, Q.A. Jabal and L.A.R. Al Asadi	130
Assessment of Asphalt Mixture Behaviour Containing Recycled Concrete Aggregates S.S. Musa, N. Al-Mukaram and M.B. Mahdi	139
Mechanical Properties of Concrete Incorporating Pre-Treated Wastes Sawdust E. Hewayde and Z. Kubba	147
Numerical Investigation of New Cooling Method for Clinker Flow in Opposite Direction with Airflow at Different Height Ratios N.A. Jabbar, A.A. Alshammary, I.Y. Hussain and L.S. Alansari	157
Comparative Study of Structural Behavior for Asymmetrical Castellated (Concavely - Curved Soffit) Steel Beams with Different Strengthening Techniques A.A. Hussein and A.J.H. Alshimmeri	177
