

Table of Contents

Preface

Acknowledgements

Table of Contents

1. Basic Concept of Bone Tissue Engineering Using Ceramic Scaffolds

2. Calcium Orthophosphates

2.1 Structure of Calcium Orthophosphates 5

2.2 Substitutions in Calcium Orthophosphates 7

3. Synthesis and Sintering of Calcium Orthophosphate Powders

3.1 Synthesis of Calcium Orthophosphates 13

3.2 Thermal Stability and Some Features of Sintering for Calcium Orthophosphate Ceramics 40

3.3 Some Features of Sintering of Calcium Phosphate Ceramics 60

4. Calcium Phosphate Based Materials

4.1 Dense Calcium Phosphate Ceramics 67

4.2 Porous Calcium Phosphate Ceramics 71

4.3 Ceramic Granules 86

4.4 Composite Materials Based on Calcium Phosphate Ceramics 96

4.5 Cements 101

5. Some Aspects of Calcium Phosphates Scaffolds Investigation by X-Ray Microtomography

5.1 Microstructural Investigation of Scaffolds by X-Ray Microtomography 129

5.2 *Ex Vivo* Tissue Engineered Bone Investigation by X-ray Microtomography 133

Conclusions
