

Table of Contents

Preface

Air Purification from CO₂ Gas Using a Scrubber and Suggestions to Reach a Better Efficiency	
J. Vlasák, T. Svěrák, L. Drevený and J. Kalivoda	1
Processing Stabilization of Poly(3-Hydroxybutyrate)/Poly(Lactic Acid) Blends with Oligomeric Carbodiimide	
V. Melcova, R. Prikryl, P. Mencik and J. Tochacek	7
Determination of PPD in Hair Dyes Collected from Local Markets in El-Bieda City - Libya	
G. Elmanfe, O. Khreit and O. Abduljalil	13
Improvement of Performance of Electroluminescent Panel by Reducing the Thickness of Dielectric Layer	
M. Hrabal, P. Dzik, L. Omasta, M. Vala, M. Kalina, P. Florián and M. Weiter	20
Thermal Properties of Electro Insulating Paper	
L. Marackova, V. Melcova, J. Samek and O. Zmeskal	25
Impedance Spectroscopy Study of Organic Photovoltaic Cells with an Inkjet Printed Hole-Extracting Graphene Oxide Layer	
J. Pospisil, A. Kovalenko, V. Schmiedová, O. Zmeskal and M. Vala	31
Determination of Two-Photon Absorption Cross-Sections in Selected Diketo-Pyrrolo-Pyrroles	
M. Vala, M. Kratochvíl, P. Heinrichova and M. Weiter	37
Development of High-Compressive Heavyweight Concrete Based on Portland Cement and Supplementary Cementitious Materials	
J. Dragomirová and M. Palou	44
Formation of Clinker Containing Lithium	
T. Staněk, A. Rybová, A. Zezulová and M. Boháč	50
Biodegradable Composite Materials Based on Poly(3-Hydroxybutyrate) for 3D Printing Applications	
P. Mencik, V. Melcova, S. Kontarova, R. Prikryl, D. Perdochova and M. Repiska	56
The Role of Alkalies in Hydraulic Mixtures	
L. Procházka and J. Boháčová	62
Modification of PEDOT:PSS Surface by RGD Peptide	
Š. Tumová, R. Malečková, V. Enev, S. Stříteský, J. Víteček, M. Vala and M. Weiter	68
Extremophiles - Platform Strains for Sustainable Production of Polyhydroxyalkanoates	
I. Pernicova, D. Kucera, I. Novackova, J. Vodicka, A. Kovalcik and S. Öbrüca	74
The Effect of Final Heating on the Concentration of Phthalic Acid Esters by Sous-Vide Production	
M. Jandlová, A. Jarošová and J. Kameník	80
Application of the Theoretical Knowledge of Material Engineering to Building Practice	
J. Koňářík and J. Boháčová	86
In Situ Monitoring of the Curing of a Bisphenol-A Epoxy Resin by Raman-Spectroscopy and Rheology	
M.E. Strobel, M. Kracalik and S. Hild	92
