

# Table of Contents

## Preface

<b>Application of a Visual Measurement Technique to the Assessment of Electrodynamic Stamping</b> J. Bednarczyk and A. Sioma	1
<b>Modified Clipped-LQR Method for Semi-Active Vibration Reduction Systems with Hysteresis</b> M. Sibiela, W. Rączka and J. Konieczny	10
<b>Phenomena Occurring during the Electro-Dynamic Forming of Non-Ferrous Pipe Elements</b> A. Kot	23
<b>Micromechanical and Tribological Properties of Nanocomposite nc-TiC/a-C Coatings</b> M. Kot, T. Moskaiewicz, B. Wendler, A. Czyrska-Filemonowicz and W. Rakowski	36
<b>Testing of Throttle Valve Prototype Controlled by Piezoelectric Stack</b> J. Pluta and M. Sibiela	47
<b>Mathematical Model of a Shape Memory Alloy Spring Intended for Vibration Reduction Systems</b> W. Rączka, J. Konieczny and M. Sibiela	65
<b>Automated Determination and On-Line Correction of Emissivity Coefficient in Controlled Cooling of Drop Forgings</b> P. Skubisz, P. Micek, J. Śińczak and M. Tumidajewicz	76
<b>Fuzzy Logic Control of Rotational Inverted Pendulum</b> I. Dominik	84
<b>Advanced Controlling of the Prototype of SMA Linear Actuator</b> I. Dominik	93
<b>Special Application Magnetorheological Valve Numerical and Experimental Analysis</b> S. Kciuk and P. Martynowicz	102
<b>Model of a Squeeze Mode Magnetorheological Mount</b> J. Gołdasz and B. Sapiński	116
<b>Evaluation of the Operational Parameters of Ropes</b> A. Sioma and A. Tytko	125
<b>Self-Excited Travelling Waves as a Model of Cable Galloping</b> J. Snamina	135
<b>Energy Dissipation in Three-Layered Plate with Magnetorheological Fluid</b> J. Snamina	143
<b>Model Testing of Flow Phenomena in the Squeeze Chamber of a Cold-Chamber Diecasting Machine</b> J. Stojek and R. Dańko	151
<b>Study of Accumulated Defects of Steel Wire Ropes</b> M. Lesňák, J. Foukal, L. Slivečka and J. Trojková	159
<b>Construction and Simulation of a 2S1 Tracked Vehicle Model and its Verification Using Vertical Forces on the Road Wheels while Overcoming a Single Obstacle</b> T. Nabagło, A. Jurkiewicz, M. Apostoł and P. Micek	168
