

Table of Contents

Preface

The Corrosion of Ceramics: Where Do We Go from Here?

F.L. Riley 1

Approaches to Standardisation: High Temperature Oxidation and Hydrothermal Corrosion of Silica Forming Ceramics

K.G. Nickel and Y.G. Gogotsi 15

Oxidation Behaviour of Y- α' -Sialons and Y- α'/β' -Sialon Composites

F.E.W. van den Heuvel, H.T. Hintzen and R. Metselaar 33

A Mathematical Analysis of the Non-Parabolic Oxidation Behaviour of α -Sialon Matrices and Composites

L.-. Nordberg, P.O. Käll and M. Nygren 39

Oxidation Behaviour of a Hot Isostatically Pressed TiB₂-AIN Composite

S.V. Schneider, M. Desmaison-Brut, Y.G. Gogotsi and J. Desmaison 49

Development of Advanced AlN and Si₃N₄-Based Ceramics with Metallic Binder and Investigation of Their Corrosion Properties

A.D. Panasyuk and V. Lavrenko 59

Oxidation Behaviour and High Temperature Strength of Alumina-Silicon Carbide Nanocomposites

T. Kennedy, J. Brown, J. Doyle and S. Hampshire 65

A TEM Study of Oxidised Si₃N₄ Material

C. O'Meara and J. Sjöberg 71

Identification of Oxidation Mechanisms in Silicon Nitride Ceramics by TEM

M. Backhaus-Ricoult and Y.G. Gogotsi 81

In-Situ Observation of the Oxidation Behaviour of a Silicon Nitride Densified with the Aid of Y₂O₃ and Al₂O₃ by Hot-Stage Microscopy

F.A.C. Oliveira, R.J. Fordham, S. Canetoli and J.H.W. de Wit 91

In Situ Observation of Oxide Films Formed during Thermal Oxidation of SiC-B₄C Composite Using Raman Spectroscopy

T. Narushima, M. Maruyama, H. Arashi, T. Goto, T. Hirai and Y. Iguchi 99

Rhodium Condensation during High Temperature Oxidation of Ceramics

J. Vleugels, E. Depraetère and O. Van der Biest 105

Silica Scales Grown on Si- and SiC-Ceramics in H₂O-Containing Atmospheres

Y.J. Stockmann, D.A. van Egmond, G. Kleist, R.W. Steinbrech and H. Nickel 113

The Oxidation of Si₃N₄-TiN Ceramics in AIR-1vol%SO₂

T. Graziani, D.J. Baxter and A. Bellosi 123

Gas-Corrosion of Silicon-Infiltrated Silicon Carbide (SiSiC) under C_xO_y-Atmospheres

A. Hebestreit, P. Quirmbach and R. Telle 135

Corrosion of SiSiC in Gases Containing HCl

S. Ullmann-Papst, A. Naoumidis, R. Förthmann and H. Nickel 143

Degradation of Silicon Carbide-Based Materials in a High Temperature Combustion Environment

T. Graziani, D.J. Baxter and C.A. Nannetti 153

Corrosion of SiAlON by a Liquid Aluminium Lithium Alloy and Fluxes Used in Aluminium Casting

L.T. Dower and K. Coley 167

Interaction between Liquid Aluminium and Non-Oxide Ceramics (AlN, Si₃N₄, SiC)

L. Mouradoff, P. Tristant, J. Desmaison, J.C. Labbe, M. Desmaison-Brut and R. Rezakhanlou 177

Corrosion Resistance of HfB_{2-δ} Compounds

X. Deschanel 189

The Effect of Sintering Additives on the Hydrothermal and Corrosive Degradation of Y-TZP

H.C. Tan, C. Gill and S. Lawson 199

Hydrothermal and Corrosive Degradation of Y-TZP Ceramics

S. Lawson, C. Gill and G.P. Dransfield 207

Degradation Behaviour of Silicon Nitride in Aqueous Acid Solutions

A. Bellosi, T. Graziani and F. Monteverde

215

Mechanical Degradation of Silicon Nitride Ceramics in Corrosive Solutions of Boiling Sulphuric Acid

A. Okada and M. Yoshimura

227
