

Table of Contents

Preface

Structural, Electronic and Elastic Properties of CeTi Intermetallic Compound D. Shrivastava and S.P. Sanyal	1
A FP-LAPW Study of Structural and Electronic Properties of NdPd₃ Intermetallic Compound V. Thakur, G. Pagare and S.P. Sanyal	5
Theoretical Analysis of High Pressure Phase Transition of Samarium Bismuthide (SmBi) with a NaCl-Type Structure N. Yaduvanshi and S. Singh	8
Structural and Electronic Properties of ScPt₃ and YPt₃ Intermetallic Compounds N. Acharya, B. Fatima and S.P. Sanyal	12
Study of Structural, Elastic Properties and their Pressure Dependence in IrN Compound S. Soni, A. Jain, K.K. Choudhary and N. Kaurav	16
Structural and Electronic Properties of Neptunium Sulphide: An <i>Ab Initio</i> Study C. Makode, M. Aynyas, J. Pataiya and S.P. Sanyal	23
A Theoretical Investigation on Structural and Electronic Properties of MgTi S.A. Dar, V. Shrivastav and U.K. Sakalle	27
A Density Functional Prediction on Phase Stability, Optical, Elastic and Thermal Properties of Metallic CuZr Intermetallic Compound E. Jain, G. Pagare and S.P. Sanyal	32
<i>Ab Initio</i> Investigation of Structural and Electronic Properties of ErPb₃ in AB₃ Structure S. Dubey, G. Pagare, E. Jain and S.P. Sanyal	39
First Principles Based Study of Ground State and Electronic Properties of TmPb₃ Intermetallic Compound G. Pagare	43
Properties of Thorium Compounds: Application of Interionic Potential Theory J. Pataiya, M. Aynyas, C. Makode, A. Singh, B.S. Arya and S.P. Sanyal	47
Structural Analysis of Rare Earth Compound with NaCl-Structure P. Bhardwaj and S. Singh	53
Structural and Electronic Properties of Thulium Compounds Y.S. Panwar, M. Aynyas, J. Pataiya and S.P. Sanyal	59
Electrical-Transport, Magnetoresistance and Magnetic Properties of La_{1-x}Ca_xMnO₃ (x = 0.12 and 0.3) Single Crystals T.M. Tank, A. Bodhaye, Y.M. Mukovskii and S.P. Sanyal	65
Comparative Study of Electronic and Elastic Properties of Aluminum Gadolinium M. Shugani, M. Aynyas and S.P. Sanyal	71
High-Pressure Structural Phase Transition in Mg_xCd_{1-x}O Compounds S. Verma, A. Jain, K.K. Choudhary and N. Kaurav	77
Effect of Ru Substitution on Temperature Coefficient of Resistance and Magnetoresistance Properties of Nd_{0.67}Sr_{0.33}MnO₃ D. Acharya, A. Bhargav, T.M. Tank and S.P. Sanyal	85
Pressure-Volume Behavior of Some Ionic Solids and Geophysical Minerals (CsBr) M. Mahendra and S. Rajput	93
Pressure Induced Structural Phase Transition in InP at Room Temperature P. Pawar, S. Kapoor and S. Singh	98
Theoretical Analysis of the Structural Phase Transformation and Elastic Properties in the ZrN under High Pressure A. Jain, S. Soni, S. Shah and N. Kaurav	101
Pressure Induced Properties of U_xLa_{1-x}S Compound A.K. Ahirwar, M. Aynyas and S.P. Sanyal	108
Luminescence Properties of Rare Earth Activated Aluminates Based Phosphor A. Selot, K. Dev, M. Aynyas and S. Bhatt	115

Low Frequency Study of Te₂ Cluster and CdSeTe Nanoparticles Embedded in Borosilicate Glass

V. Mankad, V. Sharma and P.K. Jha

120

Phonon Properties of Americium Sulphide

B.S. Arya, M. Aynyas and S.P. Sanyal

125
