

## Table of Contents

|                                                                                                                                 |     |
|---------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>Tracer and Collective Correlation Factors in Solid State Diffusion</b><br>G.E. Murch and Z. Qin                              | 1   |
| <b>HRXRD Investigations on Epitaxially Grown ZnTe, ZnSe and ZnSeTe Layers</b><br>K. Wolf, M. Kastner, H. Stanzl and W. Gebhardt | 19  |
| <b>Abstracts: Semiconductors</b>                                                                                                | 25  |
| <b>Abstracts: Halides, Oxides</b>                                                                                               | 67  |
| <b>Abstracts: Carbon and Carbides, Nitrides, Silicides and Selenides, Miscellaneous</b>                                         | 115 |
| <b>Abstracts: Metals</b>                                                                                                        | 153 |
| <b>Abstracts: General, Diffusion Processes</b>                                                                                  | 219 |
