Ion Implantation in Semiconductors: Role of Diffusion	
B. Sharma	1
Abstracts: Semiconductors	109
Abstracts: Halides	159
Abstracts: Oxides: Simple Oxides, Spinel, Garnets, and other Complex Oxides	175
Abstracts: Other Ionic Substances: Carbonates, Niobates, Nitrates, Phosphates, Silicates, Sulfates	199
Abstracts: Carbon and Carbides	207
Abstracts: Hydrides	213
Abstracts: Sulfides and Selenides	217
Abstracts: Miscellaneous	221
Abstracts: Liquids	225
Abstracts: Metals	227
Abstracts: General References: Diffusion Processes, Electromigration, Thermomigration, Point Defects, Linear Defects, Planar Defects, Irradiation Effects, Ionic Conduction	275
