

Table of Contents

Semiconductors	1
Halides	65
Oxides: Simple Oxides, Spinel, Garnets and other Complex Oxides	73
Oxides Ionic Substances: Niobates, Phosphates, Silicates and Sulfates	117
Carbon and Carbides: Hydrides, Nitrides, Sulfides and Selenides	123
Organic Compounds and Miscellaneous	143
Metals, Liquids, Non-Metallic and Metallic	155
General References, Diffusion Processes, Electromigration, Point Defects, Linear Defects, Planar Defects, Irradiation Effects and Ionic Conduction	251
