

Table of Contents

Semiconductors	1
Halides	87
Oxides, Simple Oxides, Spinels, Garnets and other Complex Oxides	107
Other Ionic Substances, Carbonates, Niobates, Phosphates, Silicates and Sulfates	135
Carbons and Carbides, Nitrides, Sulfides and Selenides, Miscellaneous, Metals, Liquids, Non-Metallic and Metallic	151
General References, Diffusion Processes, Electromigration, Point Defects, Linear Defects, Planar Defects, Irradiation Effects and Ionic Conduction	239
