

Table of Contents

Diffusion in II-VI Semiconductors, Ternary System: Hg_{1-x}Cd_xTe	
N.E. Wals��e de Reca	1
Dslocations in MBE-Grown ZnSe/GaAs(001) Epitaxial Layers	
M.A. Vidal, M.E. Constantino, B. Salazar-Hern��ez, H. Navarro-Contreras, M. L��pez-L��pez, I. Hern��ez-Calder��n and H. Yonezu	31
Interdiffusion of Mn and Mg Ions in CdTe-Based Quantum Wells, Studied by Spin Tracing	
S. Ma��kowski and J.A. Gaj	47
TEM Study of Dislocations in ZnTe/GaAs Heterostructure Grown by Hot-Wall Epitaxy	
P. Han	59
Theoretical Description of the Diffusion of Atomic Probes in the Core of the Crystallite Conjugation Region*, and in the Adjacent Lattice	
S.M. Klotsman, M.I. Kurkin, V.N. Kaigorodov and V.V. Dyakin	67
An Experimental Study of the Temperature Dependence of the Population of States Associated with Substitutional ⁵⁷Co Probes in the Core of Crystallite Conjugation Regions and in the Adjacent Lattice Sites of Polycrystalline Tungsten	
V.N. Kaigorodov, S.M. Klotsman, M.I. Kurkin and V.V. Dyakin	75
Abstracts	1
