

Table of Contents

Pressure and Stress Effects on Diffusion in Si M.J. Aziz	1
Boron Diffusion in Pre-Amorphised Silicon: Interactions with the End of Range Defects D. Mathiot, A. Claverie and A. Martinez	11
Stress in Silicon Nitride Films and Its Effect on Boron Diffusion in Silicon S. Matsumoto, K. Osada, Y. Zaitzu, T. Shimizu, E. Arai, S. Tanigawa and F. Uberti	25
Quantum Effects on Hydrogen Diffusion in Silicon C.P. Herrero	45
Self-Diffusion in Silicon M.M.D. Souza and E.M. Sankara Narayanan	69
Diffusion of Si Adsorbates on an Si(001) Surface T. Doi, M. Ichikawa, S. Hosoki and K. Ninomiya	81
Vacancies and Vacancy Defects in Si Observed by Positron Annihilation P.J. Hautojärvi, K. Saarinen, J. Mäkinen and C. Corbel	97
Vacancy Distributions in Silicon and Methods for Their Accurate Determination H. Zimmermann	111
Interaction and Migration Properties of Ion Beam Induced Point Defects in Crystalline Silicon: Basic Research and Technological Relevance E. Rimini, S. Coffa, S. Libertino, G. Mannino, F. Priolo and V. Privitera	137
Review of Growth Striations in CZ and MCZ Silicon Wafers H. Yamagishi	159
Theory of Reaction-Diffusion Processes at Very High Dopant Concentrations E. Antoncik	183
Diffusion and Reaction Kinetics of Fast-Ion-Induced Point Defects Studied by Deep Level Transient Spectroscopy A. Hallén, N. Keskitalo and B.G. Svensson	193
Analytical Expressions for the Length of Stacking Faults during Thermal Nitridation of Oxidized Silicon and Silicon N.K. Chen, K.C. Yu and C. Lee	205
Abstracts	1
