

Table of Contents

Preface

Piezoelectricity and Pyroelectricity

D.K. Das Gupta 1

Structure and Properties of Ferroelectric Polymers

T. Furukawa 15

Spectroscopic and other Techniques for the Study of Ferroelectricity in Polymers

M. Latour 31

Photopyroelectric Spectroscopy (PPES): A New Technique for Measurement of Thermal and Optical Properties

S.B. Lang 83

Pyroelectricity and Piezoelectricity of Polyurea

E. Fukada 143

Ferroelectric Behaviour and Related Physical Properties of some Copolymers of Vinylidene Fluoride

N. Koizumi 161

Dielectric Behaviour of Polymers and Composites

J. Malecki and B. Hilczer 181

Piezo- and Pyroelectricity in Ferroelectric Ceramic-Polymer Composites

C.J. Dias and D.K. Das Gupta 217

Poling and Properties of Polarization of Ferroelectric Polymers and Composites

G.M. Sessler 249

Piezoelectric Ceramic/Polymer Composites for High Frequency Applications

H.L.W. Chan and I.L. Guy 275

Design of Composite Piezoelectric Transducers

J.A. Hossack and R.L. Bedi 301
