

Table of Contents

Preface

Chapter 1: Biomass Processing

Characterisation and Analysis of Chemical Compounds from the Ozonization Process of Crude Palm Oil (CPO) for Biodiesel Production D. Kusumawati, A.E.E. Putra and N. Amaliyah	3
---	---

Chapter 2: Mineral Resource Exploration, Processing and Management

Multivariate Analysis of Nickel High Grade at Dunite Boulder Lateritization in Marombo, North Konawe, Southeast Sulawesi A. Tonggiroh, U. Irfan, B.R. Maulana, M.S. Burhanuddin, W. Samara, I. Bur and A. Lantapi	17
Low Wall Slope Stability Design on Swamp Material Using Bishop and Janbu Simplified Limit Equilibrium Method N.S. Said, P. Purwanto and M. Ramli	23
The Effect of Pre-Roasting on the Atmospheric HCl and HNO₃ Leaching of Ni, Co, and Fe from Sorowako Limonite Ore, Sulawesi, Indonesia S. Sufriadin, M. Yepta and A. Saputno	35
Cash Flow Analysis of Nickel Mining Activities T. Shafira, A. Virtanti Anas and R.N. Sutardjo Tui	43

Chapter 3: Mechanical Engineering

Design and Manufacture of Cardiopulmonary Resuscitation Equipment Using Manual and Automatic Mode A.A. Mochtar, R. Syam, A. Hayat, L. Kasim, M. Amir, N. Fawan and H.I. Ismail	53
Steam Power Plant's Loads and Efficiency of the Subcritical Pulverized Coal Boiler: A Case in Kendari City S. Sudarsono, R. Rinova Sisworo and A. Singgih Utomo	61
Effects of Adding Passive Mass and Varying Cutting Angles of Carbide Chisels with Cutting Oblique in AISI 1045 Steel Turning A.A. Aji, A.Y. Aminy and F. Djamaluddin	69
Performance Analysis of the Savonius-Type Rotor with Grooved Blades as a Hydrokinetic Turbine P. Sampelawang, N. Salam, L. Sule and R. Tarakka	75
Performance Analysis of Vertical Shaft Savonius Water Wheel with Number of Blade and Discharge Variations G.A. Duma and L. Sule	85
Experimental Study of Flow Characteristics and Changes in Density Concentration in Two-Phase (Liquid-Solid) Fluid Systems S.M.D. Ridwan, N. Salam, R. Tarakka and M.I. Mukrim	93

Chapter 4: Power Engineering

Stub Setting Fixture Prototype on High Voltage Overhead Transmission Line Tower Installation M.R. Buanaputra, N. Azis and H. Arsyad	103
Planning for Additional Power Generation Capacity in the South Sulawesi Area Based on the OseMOSYS Model S. Pangampe, I. Kitta, A. Amri and K.M. Ikhra	115
Evaluation of the Effect of Lightning Strikes on SUTT-150kV Based on ATPDraw I. Kitta, R. Toding, D. Christian and K.M. Ikhra	121
