

Table of Contents

Simulation of Two Phase Flow Dynamics in Flexible Riser Exit Geometries for Oil and Gas Applications I.E. Aniekan, O. Ikechukwu and S. Paul	1
Estimation of Steering Wheel Angle and Vehicle Lateral State from Measured Lateral Forces F.E. Saber, M. Ouahi and A. Saka	14
Investigation of Temporary Overvoltage on Microgrid with Emphasis on Ferroresonance A.O. Akinrinde, A.G. Swanson and R. Tiako	32
Mathematical Modelling of Sayano-Shushenskaya Dam Displacement Process after 2009 Accident V.S. Khoroshilov	47
Numerical Modeling of the Dynamic Behavior of Rigid Retaining Walls Subjected to Real Near-Fault Ground Motions and Estimation of Seismic Lateral Earth Pressures Z. Bouraoui, S. Benmebarek and F. Lopez-Caballero	60
Corrosion Rate Estimation in Steel Sheet Pile Walls - Comparison between Empirical Models and Eurocode 3, Part 5 B. Balegh and H. Trouzine	76
Stabilization Effect of Aluminum Dross on Tropical Lateritic Soil A.A. Busari, I.I. Akinwumi, P.O. Awoyera, O.M. Olofinnade, T.I. Tenebe and J.C. Nwanchukwu	86
Sedimentary Clays as Geopolymer Precursor F. Mostefa, N.E. Bouhamou, H.A. Mesbah, S. Aggoun and D. Mekhatria	97
Physico-Mechanical Properties of Particleboards Produced from Locally Sourced Materials P.P. Ikubanni, A.A. Adeleke, A.A. Adediran and O.O. Agboola	112
Temperature Effect on Mechanical Properties of Carbon, Glass and Hybrid Polymer Composite Specimens G. Aklilu, S. Adali and G. Bright	119
Lead Retention on an Active Carbon Prepared from Date Kernels (Daglet Nour) S. Nora, F. Barbari and K. Mihoub	139
Effect of Organic Loading Rate (OLR) on Biogas Yield Using a Single and Three-Stages Continuous Anaerobic Digestion Reactors E.K. Orhorhoro, P.O. Ebunilo and G.E. Sadjere	147
New Approach to Integrate Planning and Scheduling of Production System: Heuristic Resolution Z.I.M. Hassani, A. El Barkany, A. Jabri, I. El Abbassi and A.M. Darcherif	156
Joint Scheduling of Jobs and Variable Maintenance Activities in the Flowshop Sequencing Problems: Review, Classification and Opportunities A. Sadiqi, I. El Abbassi, A. El Barkany and A. El Biyaali	170
Enhancement of Pass Percentage through Lean Six Sigma Approach in Degree Level Technical Educational Institutions S. Nallusamy and G.V. Punna Rao	191
