Resistance of Polymer (PET) - Mortar Composites to Aggressive Solutions A.S. Benosman, M. Mouli, H. Taïbi, M. Belbachir and Y. Senhadji	1
The Optimization of Ball Milling Method in Preparation of Phenolic/Functionalized Multi-Wall Carbon Nanotube Composite and Comparison with Wet Method R. Taherian, M. Moradzaman, M.J. Hadianfard and A.N. Golikand	16
Minimizing Total Earliness and Total Tardiness on Single Machine with Release Dates E. Oyetunji and A.E. Oluleye	30
Numerical Analysis of Cold Tube Drawing Operation using Finite Element Method M.H. Oladeinde and J.A. Akpobi	44
Comparison of the Three-Zone Evaporation Model with Boiling Heat Transfer in a Compact Tube Bundle E. Adom, P. Kew and K. Cornwell	53
Determination of the Distribution Patterns and Abundances of Trace Elements in Nigerian Crude Oil Using the AAS Technique O.D. Nworgu and O.D. Osahon	64
Development of Electrical Porcelain Glazes from Non-Essential Materials in Ghana Using RO/R₂O, R₂O₃, RO₂ Classification P.S. Kwawukume, A. Essuman and R. Amoanyi	74
