

Table of Contents

Kinetic Modeling of Shea Butter Transesterification Catalyzed by Barium Chloride Doped Clay Catalyst N.O. Kenechi, U.C. Nonso, O.D. Okechukwu and J. Ezeugo	1
Development of Water Atomization System for the Production of Aluminium Powder from End-of-Life Aluminium Metal in Nigeria B.U. Oreko, O.B. Otanocha, S.U. Idi and S.O. Okuma	25
Development of a Material Based on Shale and Blast Furnace Slag for Use in Road Construction I. Amara, O. Boudlal, A. Benamar, M.T. Ammami, A. Iddir and Y. Messani	51
Parametric Finite Element Analysis of Back-to-Back Mechanically Stabilized Earth (BBMSE) Walls on Sloped Ground: A PLAXIS 2D Case Study Investigating Geometry and Reinforcement Effects I.E. Debbabi, A. Bensmaine3 and A. Dram	67
Enhancing Prediction Performance in Tunnel Water Inflow with the Improved Stacking Machine Learning Framework X.D. Ou, Y. Wu and J. Jiang	85
Influence of Minor Coarse Aggregate Fractions on Hardfill Strength: A Case Study of Mallegue-Amont Dam A. Ahmadi, M.L. Kadri and B. Jellali	107
Experimental and Predictive Study of the Flexural Behavior of Self-Compacting Rubberized Steel-Reinforced Concrete J. Mallek, A. Loulizi, A. Daoud and O. Omikrine-Metalssi	135
Rheological and Tribological Behavior of Cementitious Materials Incorporating Recycled Concrete Sand and Quarry Waste Sand M. Abdoun, A. Ait Mohamed Amer, M. Adjoudj, K. Ezziane and M. Ezziane	155
Monitoring and Assessment of Seasonal Variation of Water Quality Using a Multi-Band Cloud Based Application in Coastal Environment G.U. Fayomi, E. Onyari, O. Nkwonta, G. Ode and T. Mosiane	181
Optimization of Photovoltaic System Protection: Voltage Dip Management with Integration of Recloser Settings A. Mir, H. Talbi, K. Amghar and A. Derkaoui	199
