

Table of Contents

Preface

Problems of the Biomedical Technologies Development and Directions for their Solution

Z. Yakhshieva, R. Kalonov, D. Kaigorodov, E. Kalinin, S. Chepur, E. Ivchenko and O. Mustaev

1

Scientific Approaches to the Creation of Biocompatible Implant Materials

A. Markov, G. Soloviev, I. Petrov, K. Khamchiyev, A. Shandaulov, S. Ibrayeva, A. Zhiyengaliyeva, A. Ostanin and K. Voronin

11

Correlation Analysis of Age, Functional and X-Ray Morphological Parameters of Osteotomies in Hallux Valgus

T.B. Minasov, E.R. Yakupova, R.F. Khairutdinov, D. Ruziboev, R.M. Vakhitov-Kovalevich, D.R. Akhmeddinov and Y. Dorofeev

21

Biocompatibility as an Important Component of Dental Materials

N. Mammatmusaeva, U. Tillaeva, B. Daminov, S. Saidkhodjaeva, M. Iskandarov, O. Malyugina, I. Kuznecov and A. Ponomarev

31

Facial Ganglia - Anatomy, Symptomatology of Lesions and Biological Relevance

I. Lebedev, A. Bragin, Y. Boldyreva, A. Borsukov, A. Tersenov and G. Tersenov

41

Histological Features of Osteoarthritis in a State of Decompensation

T.B. Minasov, E.R. Yakupova, D. Ruziboev, R.M. Vakhitov-Kovalevich, R.F. Khairutdinov, Y. Dorofeev and M. Maslova

51

Biomimetics - A Hint of Future Technologies in Nature

B. Kulzhanova, D. Ongdassynkyzy, K. Ongdassynova, A. Duisenbay, T. Chaimerden, Y. Paromova and Y. Petrova

59

Biomedical Engineering as a Modern Component of Science in Biology and Medicine

S. Shalkharov, Z. Shalkharova, Z. Shalkharova, K. Rysbekov, S. Shalkharova, Y. Paromova and Y. Petrova

67

Advances in Biomimetics in Imitation of the Laws of Nature

M. Nasretdinova, G. Utumuratova, A. Dawletmuratov, A. Matveev, D. Kaigorodov, E. Kalinin and O. Mustaev

77

Interdisciplinary Approach of Biomedical Engineering in the Development of Technical Devices for Medical Research

R. Hayaliev, S. Nurkhodjaev, N. Nazarova, J. Rizayev, R. Rahimberdiyev, T. Timokhina and I. Petrov

85
