

Table of Contents

In Vitro and In Vivo Evaluation of a Calcium Phosphate and Demineralized Bone Matrix Composite Biomaterial

A. Rosenberg, A. Tofighi, N. Camacho and J. Chang

1

Replacement of the Corneal Endothelium and the Conceptual Framework for an Artificial Substitute

T.V. Chirila, P.W. Madden and L.W. Hirst

13

Effect of Phosphate Precursor on the Production of Hydroxyapatite from Crocodile Eggshells

U. Boonyang, P. Chaopanich, A. Wongchaisuwat, P. Senthongkaew and S. Siripaisarnpipat

31

Titanium Surface Modification Techniques for Implant Fabrication – From Microscale to the Nanoscale

K. Subramani

39

Calcium Orthophosphate Bioceramics

S.V. Dorozhkin
