

# Table of Contents

## Preface

## Chapter 1: Construction Mechanics and Theory of Structures

<b>Calculation of Cylindrical Corrugated Shells Using a Semi-Analytic Finite Element Method</b> E.G. Yanukyan, A.S. Chepurnenko, B.M. Yazyev and M.S. Turko	3
<b>Calculation of Temperature Stresses in Polymers in the Cycles Heating-Cooling Process</b> V.I. Andreev, I.I. Frolova and L.Y. Sigunova	9
<b>Damper as a Rigid Insert for Rigid Bus Structures Oscillation Damping</b> S.A. Fomenko, I.M. Garanzha and A.V. Tanasoglo	14
<b>Construction of Stiffness Matrices for Isotropic Plates in Parallelogram and Rhombus Shapes</b> G.E. Muro, V.I. Kovtyukh and D.A. Oleynik	19
<b>The Influence of Cross Section Shape on Strengthening of Hollow Core Slabs</b> A.S. Vasilyev, R.I. Bazhenov and T.N. Gorbunova	24
<b>Stress and Strain Intensity Factors of the Corner Area of the Structure Boundary</b> L.U. Frishter	30
<b>Energy Model in Calculating the Strength Characteristics of the Reinforced Concrete Components</b> V.A. Eryshev	36
<b>The Study of Natural Oscillations of Thin Elastic Shells of Complicated Shapes by the Energy Method</b> V.D. Eryomin	42
<b>Free and Forced Longitudinal Vibrations of Rods</b> K.P. Kulterbaev, L.A. Baragunova and M.M. Shogenova	47
<b>Structural Concepts of High-Rise Buildings Resistant to Progressive Collapse</b> G.M. Kravchenko, E.V. Trufanova, D.S. Kostenko and S.G. Tsurikov	54
<b>The Boundary Condition Influence on a Stress-Strain State of a Corrugated Plate on an Elastic Foundation</b> A.N. Beskopylny, E.E. Kadomtseva and G.P. Strelnikov	60
<b>Random Oscillations of the Vertical Continual and Discrete Rod under Seismic Influences</b> K.P. Kulterbaev, L.A. Baragunova and M.M. Shogenova	66
<b>Numerical Method for Solving the Problems of the Building Structures Dynamics with a Mobile Massive Load</b> L.N. Panasyuk, G.M. Kravchenko and V. Matua	72
<b>Comparison of the Stress-State Level for the Inhomogeneous Rock Mass with a Spherical Cavity in the Stationary and Non-Stationary Temperature Conditions</b> I.I. Frolova and V.I. Andreev	78
<b>The Impact of the Conical Indenter on a Plate Laying on a Winkler Foundation</b> A.N. Beskopylny, A.A. Veremeenko, E.E. Kadomtseva and N.I. Beskopylnaia	84
<b>About Contemporary Seismic Analysis of Underground Structures</b> A.M. Belostotskiy, P.A. Akimov and D.S. Dmitriev	91
<b>Rational Dimensions of Transverse Stiffenning Ribs in Girders with a Slender Web</b> A.I. Pritykin and I.E. Kirillov	100
<b>Modeling of Reactor Dry Protection Stressed-Strain State Taking into Account Temperature and Radiation Exposure</b> R.M. Kurachev, D.A. Vysokovsky, A.S. Chepurnenko and P.A. Shvetsov	107
<b>Local Stability of Castellated Beams with Diamond-Shape Openings: FEM Calculation and Experiment</b> A.I. Pritykin and K.A. Emelyanov	113
<b>Presentation of a Framed Cyclically Symmetric Structure as a Ring Plate</b> A.A. Zhuravlev and D.A. Zhuravlev	119

<b>The Definition of a Critical Deflection of Compressed Rods with the Creep by the Method of Bubnov-Galerkin</b>	
B.M. Yazyev, S.B. Yazyev, A.P. Grinev and E.A. Britikova	127
<b>Buckling of Glass Reinforced Plastic Rods of Variable Rigidity</b>	
S.V. Litvinov, S.B. Yazyev, I.I. Rudchenko and G.S. Molotkov	133

## **Chapter 2: Computational Methods in Mechanics of Structures**

<b>Modeling of the Building by Numerical Methods at Assessment of the Technical Condition of Structures</b>	
G.V. Degtyarev, K.A. Belokur and I.V. Sokolova	141
<b>Finite Element Modeling of Eigenvibrations of a Loaded Bar</b>	
A.A. Samsonov and S.I. Solov'ev	148
<b>Numerical Analysis of the Exact Solution of the Wave Equation of the Longitudinal Seismic Oscillations of Soil and the Construction as a Point Insertion</b>	
K.D. Yaxubayev and D.D. Kochergina	152
<b>Numerical Study of the Acoustic Efficiency of Sound-Absorbing Structures with Resonators of Various Forms</b>	
P.V. Pisarev, A.N. Anoshkin and K.A. Maksimova	158
<b>Building Structures Thermal Calculation</b>	
A.V. Maistrenko	164
<b>One Example of Comparison between the Efficiency of Two Approaches to Differential Equations Computational Solution</b>	
N.G. Bandurin and S.Y. Kalashnikov	170
<b>Modification of the Local Variation Method to Minimize the Functionals of the Elasticity Theory</b>	
M.M. Oshkhunov, M.A. Dzhangulaeva, F.M. Nakhushcheva and M.M. Tkabisimova	174
<b>Vibration-Based Damage Detection Techniques for Health Monitoring of Construction of a Multi-Storey Building</b>	
Y.Y. Shatilov and A.A. Lyapin	178
<b>An Analogue of Smirnov's Theorem in Spaces of the Functions which are Inductive Limits of some Holder Spaces</b>	
O.V. Grober, T.A. Grober and A.B. Bychkov	184
<b>Comparative Analysis of Methods for Calculating Cold-Formed Steel Structures</b>	
A.A. Reshetnikov, V.Y. Kornet and D.A. Leonova	188
<b>The Influence of the Characteristics of the Structural System on the Results of the Calculation of High-Rise Building on Seismic Action</b>	
V.N. Aksenov, N.B. Aksenov and M.V. Aushev	196
<b>Strain Analysis of Supporting Profile Vulcanizing Press</b>	
S.I. Evtushenko, V.E. Fedorchuk, A.S. Alexeeva and B.A. Chernykhovsky	200

## **Chapter 3: Design, Monitoring, Reliability and Durability of Building Structures**

<b>Remote Monitoring of Reliability for Water Conveyance Hydraulic Structures</b>	
M.A. Bandurin, I.F. Yurchenko and V.A. Volosukhin	209
<b>Technology for Water Economy Monitoring of Technical State of Closed Drainage on Irrigation Systems</b>	
M.A. Bandurin, V.A. Volosukhin and V.V. Vanzha	214
<b>An Investigation of the Stress-Strain State of Two-Layer Armocement Structures on the Power and Temperature Effects during a Fire</b>	
A. Zhurtov, T. Khezhev and M.N. Kokoev	219
<b>Technology of Strengthening the Supporting Zones of the Glued-Wood Beaming Structure with the Application of Nanomodified Prepregs</b>	
S.I. Roschina, M.S. Lisiatnikov, M.V. Lukin and M.V. Popova	226
<b>Experimental Research of the Durability, Crack Resistance of the Normal Sections of Bending Elements Produced of Rubber Concrete with Fiber and their Deformability</b>	
A.E. Polikutin, Y.B. Potapov and A.V. Levchenko	232

<b>Managing the Safety Level of Buildings and Structures</b> Y.I. Zayarov, Y.V. Pimshin and S.M. Burdakov	238
<b>Wall Panels with Improved Thermal Properties on KBR's Porous Fillers</b> V.K. Khuranov, A. Tsipinov and M.I. Bjakhov	243
<b>Influence of a Metal Beam of a Corrugated Wall Geometrical Parameters on Size and Nature of Internal Tension Distribution</b> A.O. Lukin and V.Y. Alpatov	247
<b>Complex Researches in the Field of Creation of Crack-Resistant Wall Panels from Cellular Concrete with Prestressed Reinforcement</b> D.R. Mailyan, D. Bataev, K.N. Mazhiev and M.A. Gaziev	252
<b>Experimental Research on the Strength and Crack Resistance of Flexural Members Normal Sections of Reinforced Rubber Concrete of a T-Section</b> A.E. Polikutin, T.O. Oforkaja and D.N. Phan	258
<b>Design Features of Three-Layer Slab Reinforced Concrete Structures</b> A.V. Belyaev, G. Nesvetaev and D.R. Mailyan	264
<b>Conditions of Maximum Economic Efficiency and Environmental Safety of Reinforced Concrete Columns with Precompressed Reinforcement</b> D.R. Mailyan and L.D. Mailyan	269
<b>Operational Reliability Evaluation of the Containments of NPP Units during the Commissioning and Operation Phase</b> Y.I. Pimshin, Y.S. Zabaznov and G.A. Naumenko	275
<b>Reliability Comparison of Trusses Made of Thin-Walled Steel Sections</b> S.V. Skachkov and E.Y. Golotaystrova	280
<b>Monitoring of Landslide Slope Stability near Construction Facilities</b> E.V. Uglova, A.S. Konorev and O.V. Konoreva	288
<b>Forecasting Durability of Construction Composites on the Basis of Liquid Rubber</b> T.V. Makarova, O.A. Sotnikova and A.E. Groshev	295
<b>Constructive Solutions of Rod Elements of a Polyhedral Wooden Dome</b> S.V. Skuratov and S.V. Shchutsky	300
<b>Crack Strength and Deformability of Power Transmission Line Conical Poles</b> A.S. Nasevich, V.L. Shchutskiy, S. Stel'makh and O.V. Antipov	304
<b>Technological Features of Designing Buildings Using a Permanent Formwork</b> D.A. Protopopova and E.M. Kojevnikova	311
<b>Strength of Flexible Compressed Elements when Changing the Options of Composite Reinforcement and Application of the Load</b> P.P. Polskoy	315
<b>The Ways to Reduce the Materials Consumption of Compressed Reinforced Concrete Elements</b> V.A. Muradyan	321
<b>The Deformation of Partially Prestressed Elements Subjected to Repeated Static Loads</b> S.K. Bayramukov and Z.N. Dolaeva	328
<b>Evaluation of the Compressed Reinforced Concrete Elements Dynamic Strength, Taking into Account the Temperature Influence on the Strength and Deformability of Reinforcement Steel and Concrete</b> L.A. Avetisyan and M.V. Danilov	334
<b>Durability of Buildings in Urban Environment</b> A.A. Varlamov, V.I. Rimshin and S.Y. Tverskoi	340
<b>Combined Way of Diagnostics of Reinforced Concrete Conical Structures</b> E.Y. Romanenko and M.A. Trubitsin	346
<b>Analysis of the Stresses of the Wall of a Steel Water Tower</b> S.V. Skachkov and S.V. Shchutsky	352
<b>Rational Placement of a Steel Fiber in Sections of the Combined and Monolithic Bent Reinforced Concrete Elements</b> Y.M. Hasauov	358
<b>The Seismic Response Investigation on the Multi-Storey Buildings with Seismically Insulating Rubber-Metal Supports</b> K.M. Omarov and A.D. Abakarov	362

<b>The Actual Comfort of Human Habitation in the Stationary Environment of a Dwelling at the Stage of its Operation</b> V.O. Chulkov, G.O. Chulkov, K.Y. Losev and K.N. Khashkhozhhev	368
<b>Identification of Concrete Properties in Beam-Type Structures with Defects Based on Dynamic Methods</b> A.V. Cherpakov, E.A. Shlyakhova, I.O. Egorochkina and Y.A. Kokareva	373
<b>Strengthening of Reinforced Concrete Beams by Carbon Fiber Composites</b> Y.V. Ivanov, Y.F. Rogatnev and I.I. Ushakov	379
<b>Estimation of Factors of Aggressive Influence and Corrosion Wear of Underground Structures</b> E.Y. Kulikova	385
<b>Determination of the Optimal Parameters of the Array Stabilized by the Spatial Structural Reinforced Elements</b> M.V. Kuznetsov and E.V. Marinchenko	391
<b>The Foundation Pit Deep Site Ground State Design Modelling</b> G.V. Degtyarev, D.A. Datsjo, D.A. Vysokovsky and M.S. Turko	396

## **Chapter 4: Modern Technologies and Construction Machinery**

<b>Multi-Purpose Forming System for Strengthening Structural Elements of Buildings and Works</b> S.G. Abramyan, O.V. Burlachenko and O.V. Oganessian	405
<b>Development of a Quickly Erectable Prefabricated Collapsible Construction System for Temporary Accommodation</b> S.G. Abramyan, V.G. Polyakov, S.I. Lipatova and O.V. Oganessian	411
<b>Statistical Modeling for Assessment of Dipper Stick Service Life</b> T.M. Rogovenko and M.M. Zaitseva	417
<b>A Driving-Gear Dynamic Analysis</b> Y.M. Kudryavtsev	422
<b>System of Elements for Buildings Erection by Dry Method</b> G.B. Verzhbovskiy	428
<b>Prerequisites and Substantiations of Possible Efficiency of Using Helicopters for Replacement of Roof Structures of Single-Storey Industrial Buildings</b> V.T. Shalenny and O.L. Balakchina	432
<b>The Issues of Energy Efficiency of Buildings for Agricultural Purposes</b> S.V. Fedosov, V.N. Fedoseev and L.A. Oparina	436
<b>The Use of Spatial Voids in the Formation of High-Rise Buildings Architecture</b> E.V. Pimenova, M.N. Grigoryan and P.V. Ivanova	443
<b>Development of the Architecture of High-Rise Unique Buildings with Renewable Energy Sources</b> A.A. Karamysheva	451
<b>The Efficiency of Using Building Energy Modeling in the Construction of High-Rise Buildings</b> L.A. Shilova and E.A. Sorokina	455
<b>System of Volume Elements for the Buildings Erection</b> G.B. Verzhbovskiy and A.A. Reshetnikov	461

## **Chapter 5: Building Materials and Production of Building Materials**

<b>Structure and Properties of the Modified Binding for Silicate Paints</b> V. Loganina, S.N. Kislitsyna and Y.B. Mazhitov	469
<b>Investigation of Physical and Mechanical Properties of Construction Materials of Forced Carbonate Hardening</b> N. Lyubomirskiy, S. Fic and S.I. Fedorkin	475
<b>Model and Mechanism of Stabilization of Carbon Nanotubes with Plasticizer on the Basis of Sulfonated Naphthalene Formaldehyde Resins</b> S.V. Samchenko, I.V. Kozlova and O.V. Zemskova	481

<b>Heat-Resistant Cement Composites Using Volcanic Pumps and Vermiculite</b> T. Khezhev, A. Zhurtoev and G.H. Hadzhishalapov	489
<b>Unventilated Air Layers with a Reflective Coating in the Building Envelope</b> N.P. Umnyakova and A. Ujma	496
<b>Theoretical and Practical Aspects of the Formation of the Variational Structure of Centrifuged Products from Heavy Concrete</b> S. Stel'makh, E. Shcherban', A.I. Shuyskiy and M.P. Nazhnev	502
<b>Investigation of the Influence of the Initial Composition of Heavy Concrete Designed for the Manufacture of Ring-Section Products on its Properties</b> A.I. Shuyskiy, S. Stel'makh, E. Shcherban' and M. Kholodnyak	508
<b>The Pressing Process of Powders on the Basis of Siliceous Opoka-Like Rocks</b> J. Bozhko, K. Lapunova and G. Kozlov	515
<b>Investigation of the Decorative Ceramics of Matrix Structure from Iron-Ore Waste with Vanadium Component Addition</b> A.Y. Stolboushkin and D.V. Akst	520
<b>Effect of Argillites Reduction Ratio on Ceramic Tile and Paving Clinker of Low-Temperature Sintering</b> A. Kotlyar, K. Lapunova, Y. Lazareva and M. Orlova	526
<b>Medium-Fraction Materials for Processing of Coal-Thread Waste Drains for the Production of Wall Ceramics</b> K. Yavruyan, V. Kotlyar and E. Gaishun	532
<b>The Issue of Increasing the Products Durability Made of Fine-Grain Concrete</b> E.O. Lotoshnikova, L.M. Usepyan, V.N. Telegina and E.O. Tsybenko	537
<b>Investigation of the Properties of New Surface-Active Additives for Concretes</b> D. Bataev, M.A. Gaziev, A.K. Mazhiev and A.K. Mazhiev	544
<b>Influence of Surface-Active Substances on the Phase Interface</b> D. Bataev, M.A. Gaziev, A.K. Mazhiev and A.K. Mazhiev	548
<b>Fine-Grained Concretes on Non-Clinker Binders with Highly Disperse Mineral Components</b> D. Bataev, S. Murtazayev and M.S. Salamanova	552
<b>Dispersing the Charge as a Way to Improve the Quality of Ceramic Bricks</b> V.A. Gurieva, V.V. Dubineckij and A.V. Doroshin	558
<b>The Influence of the Natural Aggregate Roughness on the ITZ Adhesion in Concrete</b> S. Fic, N. Lyubomirskiy and D. Barnat-Hunek	564
<b>Paving Clinker of Low-Temperature Sintering on the Basis of Opokamorphic Rocks</b> V. Kotlyar, G. Kozlov, O. Jivotkov and K. Lapunova	568
<b>The Effect of the Ratio between Water and Foam Concentrate at the Desired Density in the Foam Concrete Mixes</b> V. Morgun and L. Morgun	573
<b>The Role of Industrial Waste in the Formation of the Structure and Properties of Effective Wall Ceramics</b> N. Yatsenko, N.A. Vil'bitskaya and A.I. Yatsenko	578
<b>Wooden Nano-Composite Materials and Prospects of their Application in Wooden Housing Construction</b> S.I. Ovsyannikov and V.Y. Dyachenko	583
<b>Practical Researches to Increase Leaching Resistance on Fine Concrete for Vibropressed Product</b> I.I. Esenkov and A.V. Kramarenko	589
<b>Multi-Purpose Porous Ceramic Material</b> Y.S. Bagaikov	594
<b>The Fiber-Reinforced Concrete Constructions Experimental Research</b> S.V. Klyuev, T. Khezhev, Y.V. Pukharevko and A.V. Klyuev	598
<b>Fiber Concrete on the Basis of Composite Binder and Technogenic Raw Materials</b> S.V. Klyuev, T. Khezhev, Y.V. Pukharevko and A.V. Klyuev	603
<b>Analysis of Specific Properties and Features of Application of New Industrial High-Damping Steel</b> P.A. Mishnev, V.A. Uglov, S.V. Zhilenko and I.B. Chudakov	608
<b>On the Effect of Electric Fields on Cement Solutions Physico-Mechanical Properties</b> A.D. Bulat, V.M. Filenkov, V.A. Obrubov and I.A. Lushkin	614

<b>Methods of Investigating and Quality Assessing Structure of Concretes with Combined Aggregates</b> E.A. Shlyakhova, I.O. Egorochkina, I.A. Serebryanaya and A. Matrosov	618
<b>The Ways to Develop Steel Reinforcing and Concrete Cohesion Testings</b> L. Morgun, A.V. Visnap and V. Morgun	624
<b>Kinetics of Cellular Structure Formation at Thermal Treatment Processes Simulation in the Cellular Glass Technology</b> S.V. Fedosov, M.O. Bakanov and S.N. Nikishov	628
<b>Technological Processes for Manufacturing Cellular Concrete Products for Construction</b> R.R. Kazaryan and V.A. Khvan	634

## **Chapter 6: Construction of Road Infrastructure**

<b>Determination of Technical Condition of a Bridge Structure Based on Survey Results</b> M.O. Karpushko, I.L. Bartolomei and E.N. Karpushko	643
<b>Economic Effect of Implementing Rubberised Asphalt</b> A.V. Karpenko and D.V. Karpenko	649
<b>Modifying Additives Effect on Use Properties of Asphalt Concrete</b> S.A. Chernov, K.D. Golyubin and L.V. Ereemeeva	653
<b>The Traffic Simulation of Regulated Road Network Using Navigation Systems</b> I.V. Topilin and M.V. Volodina	661
<b>Designing the Composition of Concrete with Mineral Additives and Assessment of the Possibility of Cracking in Cement-Concrete Pavement</b> N.T. Chuc, T.V. Lam and B.I. Bulgakov	667
<b>The Use of Metallurgical Wastes in Road Construction</b> R.R. Sharapov, E.V. Kharlamov and T.R. Gabdullin	674

## **Chapter 7: Geodetic Works in Construction**

<b>The Construction Basis of High-Precision Optical Range Finder GD-j<sub>1</sub>(I)</b> H.S. Petrosyan, Y.H. Hayrapetyan and H.A. Hunanyan	681
<b>Geocentric Coordinate Systems and Actual Problems of Modernization of the State Geodetic Network</b> A.E. Dudnik, O.V. Germak, M.G. Govorukhin and G.K. Tupoleva	687
<b>The Role of Correct Design of Geodetic Works during Erection and Inspection of Complex Metal Structures</b> V.V. Yakovlev and I.V. Korzhenevskaya	692

## **Chapter 8: Urban Planning, Architecture, Reconstruction and Restoration of Architectural Heritage**

<b>Dynamic Architecture as Reflection of a Modern Information Society</b> Y.V. Gorgorova and M.G. Sarkisyants	699
<b>The Style of the Neo-Greek (Neo-Grec) in the Historical and Cultural Context of the Southern Region of Russia by the Example of the Cities of Rostov-on-Don and Yessentuki</b> E.M. Kishkinova	705
<b>Evolutionary Development of the Master Plan of Russian Fortresses, for Example, the City of Orenburg</b> Y.V. Klimova and S.M. Shumilkin	711
<b>Architectural and Artistic Activity as a Condition of the Development of the Existential Sphere of Students</b> N.Y. Zakharova and I.V. Protopopova	717
<b>Ecological Trends in Modern City Architecture</b> A.P. Lapina, A.V. Saibel, M.V. Rozen and S.B. Yazyeva	722
<b>Light Guide as the Element of Natural Lighting in the Industrial Architecture</b> E.Y. Yashin, O.G. Feoktistova and P.O. Vechtomov	727

<b>Art Reconstruction of the Traditional Nogai Yurt, Portable Type "Otav"</b> F.Y. Kanokova	733
<b>Architectural and Planning Design Features of High-Quality Housing on the «Club Houses» Example</b> V.M. Molchanov, C.E. Molchanova and E.V. Irmanova	740
<b>Problems of Reconstruction of Historical Center of the City</b> O.S. Subbotin	745
<b>Architectural and Planning Principles of Organization and Reconstruction of Coastal Areas</b> O.S. Subbotin	750
<b>Modern Glass Constructions and Comfortable Urban Environment</b> I.A. Mayatskaya, S.B. Yazyeva, N.I. Zakieva and A.P. Lapina	754
<b>Sun Protection of Buildings: Stages and Perspectives of Development</b> L.V. Karaseva	759
<b>Postmodern and Social Problems of Cities</b> G.V. Sorokin, T.I. Eroshenko, A.V. Fedoseenkov and A.V. Malyshev	765
<b>Personal Freedom and Identity Representation Performance in Modern Urban Subculture</b> M.V. Timashova	770
<b>Typological Varieties of Traditional Slavic Folk Dwelling in the Southeastern Regions of the Russian Federation</b> D.A. Protopopova	776
<b>The Architectural Heritage of the Balkars</b> A.M. Sultanova	780
<b>Economy Class Hotels on the Cities Embankments</b> A.R. Klochko	785
<b>Architecture of One-Apsidal Churches of North Black Sea Coast VI-XII c.</b> V.V. Pishchulina	790
<b>To the Question of Entrance Complex of Anacopia Fortress Restoration, Abazgia VI-XI c.</b> V.V. Pishchulina and A.V. Argun	797
<b>Archaic Symbols in the Design of Modern Visual Communication Pictography</b> T.I. Lesnevskaya and N.Y. Zakharova	804
<b>Architectural Formation of School Buildings in the Conditions of Education Continuity: General-Higher</b> E.V. Pimenova and E.V. Irmanova	810
<b>The Problem of Affirmatively Architectural Form and Structural Functionalism</b> I.V. Kaschina and A.N. Nesterova	817
<b>Development Technique of Urban-Environmental Passport of the Reconstruction Territory</b> S.G. Sheina and K.V. Yudina	822
<b>The Role of Residential Development in the Spatial Structure of Cities of Russia and Bulgaria</b> A.A. Salov, I.V. Fedoseev and M.N. Yudenko	827
<b>Methods and Models of Multi-Criteria Evaluation of Design Solutions for Installation of Special Constructions, Used for Problem-Solving of Judicial Construction and Technical Expertise</b> I.Y. Zilberova	834
<b>Decision-Making under the Conditions of Fuzziness and Multicriteria on the Example of Urban Planning</b> L.A. Ginis, L.V. Gordienko and A.E. Kolodenkova	840
<b>Theoretical Justification of Target Volumes of Housing Commissioning (Rostov Region as the Example)</b> A.A. Aksenov, O.Y. Shevchenko and E.G. Aksenova	845
<b>Features of Economic Activity on Lands of Historical and Cultural Heritage</b> D.G. Ivanova, O.E. Ivanova and S.A. Sukhinin	851
<b>Evolution of Landscape Architecture</b> A.M. Vorobyeva	856
<b>The Approval of Zoning and Development Rules in Moscow: Analyzing the Economic Impact</b> P.N. Kostrikin	862

<b>Complex Assessment of Resource-Saving Solutions Efficiency for Residential Buildings Based on Sustainability Theory</b> S.G. Sheina, E.N. Minenko and K.S. Sakovskaya	870
<b>Modelling the Rural Settlement Development</b> E.V. Shcherbina and E.V. Gorbenkova	877
<b>Greening Technology Organization of Multi-Storey Buildings, in the Reconstruction of Architectural and Planning Solutions with the Use of Modern Building Materials</b> S.B. Yazyeva, L.A. Seferyan, L.A. Oparina and A.Y. Golubeva	883

## **Chapter 9: Heating, Gas Supply, Ventilation, Air Conditioning and Lighting**

<b>Pre-Project Analysis of the Construction of Heating Systems in Religious Buildings</b> T.B. Gadaborsheva, A.V. Zhilenko and K.A. Sayadyan	891
<b>Air Supply Device to the Worker's Breathing Zone</b> A.G. Rymarov and V.V. Agafonova	897
<b>Graph-Analytical Estimation Method of Natural Ventilation Efficiency during Natural Gas Combustion</b> V.I. Chebotarev, A.P. Pirozhnikova and A.V. Koroleva	901
<b>Joint Calculation of the Non-Stationary Thermal Mode of a Building and its Water Heating System</b> E.G. Malyavina	905
<b>Assessment of Heat Saving from Intermittent Heating of Buildings with Different Thermal Stability</b> E.G. Malyavina	910
<b>Mathematical Model of Passing the Light Flow to the Space in a Clear Sky through Various Types of Lighting Devices</b> K.M. Guketlov, F. Shogenova and A.R. Fitsev	914
<b>Development of Heating and Cooling Local Air Conditioning System for Houses</b> Z. Melikyan, N. Egnatosyan and S. Egnatosyan	920
<b>New Technologies in the System of Decentralized Supply and Exhaust Ventilation of Residential Premises</b> A.G. Matveev and D.V. Zelentsov	926
<b>Energy Efficiency of the Heat and Power Complex for Highly Efficient Use of the Secondary and Renewable Energy Resources</b> V.V. Papin, R.V. Bezuglov and V.N. Balyan	933
<b>Ground Mass Heat-Accumulating Capacity Evaluation at the Protective Structure Conditioning System Design Stage</b> O.A. Gubeladze, A.R. Gubeladze and L.F. Kirilchik	940

## **Chapter 10: Water Supply, Water Disposal and Wastewater Treatment, Hydraulic Engineering**

<b>Waste from Water Softening Stations for Treatment Wastewater Containing Dyes</b> E.V. Alekseev	949
<b>Elaboration of an Efficiency Indicator of Treatment Industrial Waste Water by Ozone</b> S.E. Alekseev and D.A. Pipko	954
<b>Use of Anionites for Water Softening and Demineralization</b> Y.A. Omelchuk and G.V. Kucherik	960
<b>Sorption Method of Zinc (<math>Zn^{2+}</math>) Removal from Galvanic Wastewater of a Machine-Building Plant</b> G.K. Bru, P.V. Klimov and A. Smolyanichenko	966
<b>Possibility of Conducting Flow Structure Studies on a Large-Scale Hydraulic Test Bench</b> E.G. Tsurikova, A. Smolyanichenko and O.P. Shishova	970
<b>Ecological Assessment of Sludge Biocenosis while Nitrogen Removal</b> E.V. Vilson, L.A. Dolzhenko and E.E. Schutskaya	974

<b>The Rationale for the Fish Farms Circulating Water Biological Treatment Intensification</b> S.V. Starovoytov, A.S. Khalil and N.S. Serpokrylov	979
<b>The Adaptive Neuro-Fuzzy Inference System (ANFIS) Application for the Ammonium Removal from Aqueous Solution Predicting by Biochar</b> A.S. Khalil, S.V. Starovoytov and N.S. Serpokrylov	985
<b>The Calculation of a Drain Seasonal Regulation Reservoir Volume Probability</b> O.G. Degtyareva, T.I. Safronova and I.V. Sokolova	991
<b>Accounting of External Factors for Sewage Disinvasion</b> N.V. Yudina and L.A. Dolzhenko	996
<b>Agentless Water Disinfection by Electrophysical Method</b> A.D. Bulat, V.M. Filenkov, V.A. Seleznev and I.A. Lushkin	1001

## **Chapter 11: Industrial Ecology, Prevention and Mitigation of Natural Disasters**

<b>Modern Condition of Dose Loads from Construction Materials and Main Sources of Ionizing Impact on the Population of the Volgograd Region</b> I.P. Mikhnev, N.A. Salnikova and M.B. Lempert	1007
<b>Propagation of Multicomponent Admixture in the Atmosphere in the Mountain-Steppe Zone</b> V.A. Shapovalov	1013
<b>System of Warning about Dangerous Atmospheric Phenomena in the North Caucasus for Objects of Economic Activity</b> V.A. Shapovalov	1019
<b>Development of Methods of Active Influence on the Processes of Precipitation Formation in Clouds in Order to Solve Environmental and Economic Problems</b> B.A. Ashabokov, A.V. Shapovalov and A.A. Tashilova	1025
<b>Analysis of Changes in the Natural and Climatic Conditions of the Functioning of the Construction Industry (Operation of Buildings and Structures) in the Region</b> B.A. Ashabokov, A.V. Shapovalov and A.A. Tashilova	1031
<b>The Statistical Forecasting Models of a Hail for the Western Part of the North Caucasus and the Black Sea Coast Constructed on Output Production of Global System of Forecasts (GFS NCEP)</b> A.K. Kagermazov	1037
<b>Mountain Recreational Territories of Kabardino-Balkaria under the Influence of Natural Disasters</b> N.V. Kondratyeva, V.V. Razumov, M.C. Zalikhanov and S.I. Shagin	1042
<b>Evaluation of Emission of Pollutants in the Atmosphere Produced by Heating Enterprises of Nalchik Town</b> L.T. Sozaeva	1047
<b>Methodology of Expenses Optimization at Implementation of Measures for Solving the Critical Ecological Situation in the Area of the Azov Sea</b> E.V. Omelchenko and E.A. Trushkova	1052
<b>Integrated Assessment of Exogenic Processes Potential Threat to Facilities Located on the Territory of Recreation Centre "Polyana Cheget" (Elbrus Region, Caucasus)</b> M.D. Dokukin and R.K. Kalov	1057
<b>Environmental Aspects of Natural and Climatic Changes in the Elbrus Region (Kabardino-Balkar Republic)</b> R.K. Kalov, K.M. Kalov and L.A. Kesheva	1063
<b>Impact of the Slurry Pond of the Tyrnyauz Tungsten-Molybdenum Complex on the Mountain Territories Environment</b> B.M. Huchunayev, O.O. Dakhova, S.A. Bekkiyeva and S.B. Hatefova	1070
<b>The Brine Mineralization Processes Dynamics Investigation of the Bolshoi Tambukan Lake</b> A.K. Adzhiev, B.M. Khuchunaev and F.E. Kanametova	1076
<b>The New Sorbent and the Method of Sulphide and Mercaptans Removal from the Enterprises of Oil and Gas Complex Atmospheric Air</b> E.M. Evsina, T.V. Alykova, N.V. Zolotareva and N.M. Alykov	1081
<b>Noospheric and Antropospheric Consequences of Disasters and Safety Philosophy</b> A.A. Holodova	1087

<b>Engineering-Hydrometeorological Researches for the Object “Mountain-Skiing Infrastructure of the Resort “Arkhyz” - Avalanche Risk Evaluation</b> A.K. Adzhiev, N.V. Kondratyeva and M.Y. Bekkiev	1092

## **Chapter 12: Economics, Project and Operation Management in Construction**

<b>Mathematical Model of Forecasting the Residential Real Estate Market Prices Level</b> E.V. Voronina, O.B. Yarosh, N.V. Bereza and N.I. Zakieva	1101
<b>Financial Maintenance of Building of Affordable Housing on the Basis of Public-Private Partnership</b> R.R. Mavlioutov, E.V. Egorova and O.Y. Pakhomova	1107
<b>Innovative Approach to Managerial Decision-Making in Construction Business</b> L.G. Selyutina	1113
<b>Analysis and Evaluation of Financial Resources of Social Housing Construction in City</b> T.V. Maleeva and L.G. Selyutina	1118
<b>The Problem of Exceeding the Cost of Construction and New Opportunities to Solve it at the Stage of Project Preparation</b> S.G. Oparin	1122
<b>Reforming Pricing in Construction</b> V.D. Ardzinov, A.A. Leontiev and G.A. Uraev	1127
<b>An Assessment of the Potential for Growth and Development in the Construction Industry</b> N.V. Chepachenko, A.A. Leontiev and G.A. Uraev	1131
<b>Development of Methods of Assessing the Land Market Value</b> S.V. Kolankov, S.P. Voronova and U.A. Golikova	1137
<b>Factor Interrelation System of Integrated Business Structure Development in Construction</b> V.V. Alexeenko and N.S. Seredina	1142
<b>Housing Construction and Economic Dynamics in Largest Cities of Russia</b> E.O. Mirgorodskaya and S.A. Sukhinin	1148
<b>Psychological Readiness for an Entrepreneurship at the Students Planning to Open their Business in the Construction Branch</b> E.V. Romanova	1154
<b>Organizational and Managerial Failures in the Development of the Housing Industry in Russia</b> E.O. Mirgorodskaya, I.V. Novoselova and V.Y. Steiner	1160
<b>Conceptual Approach to Management of the Urban Environment Objects Reproduction</b> I.A. Kuzovleva, O.S. Potapenko and T.P. Blagoder	1165
<b>Formation of a Science-Based Real Estate Services Market Management Mechanism</b> E.V. Voronina, V.E. Reutov, O.B. Yarosh and S.V. Khalezin	1172
<b>Study and Evaluation of the Competitiveness Potential of the Organizations in the Construction Industry</b> N.A. Polovnikova, N.V. Chepachenko and M.N. Yudenko	1178
<b>The Tourist Directions Resources and Sustainable Development Competitive Advantage Marketing Model in the North Caucasus</b> G.M. Danilova-Volkovskaya, L.N. Koval, A.P. Babchenko and N.N. Volkovskiy	1182
<b>Competitive Environment Assessment and the Contractor Selection Criteria for the State and Municipal Contracts Execution</b> T.Y. Filippova and I.A. Kuzovleva	1187
<b>Improvement of Engineering Accounting and Control System in Construction on the Basis of Accounting Engineering Tools</b> M.V. Shumeyko, G.V. Sagamonova and E.V. Sagamonova	1194
<b>The Development of Public-Private Partnerships in Russia</b> G.V. Sagamonova, M.V. Shumeyko and E.V. Sagamonova	1200
<b>The Residential Real Estate Market Influence on the Reconstruction and Housing Restoration Potential in the Region</b> V.G. Sevka, V.V. Panchenko and E.A. Kilimnik	1204
<b>Development of the Methods Improving the Production Costs Formation Process</b> A.N. Sekisov, O.G. Degtyareva, N.V. Samsonova and M.N. Grigoryan	1210

<b>Construction Industry's Regulatory Institutions</b> M.V. Gogitidze, O.I. Guzenko and A.G. Sapozhnikova	1214
<b>The Mechanism for Managing the Business Potential of Commercial Real Estate Projects</b> N.V. Tsopa, L.S. Kovalskaya and V.V. Malachova	1220
<b>Economy of Construction: Modern Trends, Management Decisions Modelling</b> T.K. Miroshnikova and N.N. Taskaeva	1227
<b>Infographic Modeling of the Functioning of Public-Private Partnership in the Activity of Information and Technological Services in Construction</b> V.O. Chulkov, G.O. Chulkov and K.Y. Losev	1233
<b>Structurally-Parametrical Optimization Technological Process by Dijkstra's Method in System Mathcad</b> Y.M. Kudryavtsev	1238
<b>Assessment of Construction Project «Pure» Risks</b> A.V. Ginzburg and A.I. Ryzhkova	1245
<b>Assessment of Organizational and Technological Reliability of the Construction Process</b> V. Kabanov	1249
<b>Optimum Order Management of Building Structures in Panel Building</b> I.V. Kuleshov and A.M. Pishchukhin	1255
<b>Improving the Efficiency of the Bridges Construction Organization on the Basis of Information Modeling</b> M.M. Kozhevnikov, S.T. Kozhevnikova, A.V. Ginzburg and V.A. Gladkikh	1261
<b>Organization of Reconstruction Works of Buildings and Structures after Disasters</b> V.I. Grigoryan and N.N. Tadevosyan	1267
<b>Optimization of Construction Operations at Reduced Resource Intensity and Labor Costs</b> K.A. Tsapko and M.Y. Alyaeva	1271
<b>Problem Aspects of Organizing the Process of Strategy Implementation of a Construction Company</b> N.M. Vetrova, O.L. Ryvkina and A.A. Gaisarova	1276
<b>Increasing the Level of Construction Safety by Using the Protective and Catching Systems</b> M.F. Kuzhin, A.S. Grezeva and O.D. Kochergina	1281
<b>Workspace Planning Based on the Analysis of BIM Collisions</b> E.V. Ignatova	1286
<b>Safety Management of Buildings and Structures</b> V.A. Bobkina and N.G. Tsurkina	1291
<b>Integrated Quality Index of Organizational and Technological Solutions for Implementation of Burundian Capital Master Plan</b> A.A. Lapidus and N. Yves	1295
