## Preface

|                                                                                                                                                                                                                                           |     |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>Surface Characteristics of Base Metal Dental Alloys Processed by Alternative Procedures</b><br>C. Savencu, L. Porojan, M. Bîrdeanu, A. Bolo, S. Porojan, A. Antoniac and S. Gradinaru                                                  | 1   |
| <b>Zirconia Biocompatibility in Animal Studies - A Systematic Review</b><br>S.M. Popescu, H.O. Manolea, O.A. Diaconu, R. Mercuț, M. Scriciu, I.T. Dascălu, M.J. Țuculină, F. Obădan and F.D. Popescu                                      | 12  |
| <b>Bioceramics and Endodontics: Present and Expectations in Clinical Use</b><br>A.A. Iliescu, G. Tulus, P. Perlea, I.M. Gheorghiu, M.G. Iliescu and H.O. Manolea                                                                          | 29  |
| <b>The Use of Graft Materials and Platelet Rich Plasma in Oral Surgery</b><br>C. Dimova, B. Evrosimovska and M. Popovska                                                                                                                  | 39  |
| <b>A Study on Revealing Agents in the Context of Photodynamic Therapy in Dental Medicine - A Literature Review</b><br>M.L. Dascalu (Rusu), C. Sarosi, M. Moldovan and M.E. Badea                                                          | 54  |
| <b>Current Options of Making Implant Supported Prosthetic Restorations to Mitigate the Impact of Occlusal Forces</b><br>H.O. Manolea, F. Obădan, S.M. Popescu, R. Rîcă, P. Măărăescu, A.A. Iliescu, C. Dăguci and S. Gradinaru            | 66  |
| <b>Thermal Changes of Bone Induced during Drilling for Dental Implants Placement: An <i>In Vitro</i> Study</b><br>A.A. Iliescu, C.M. Petcu, R. Mercuț, M.G. Iliescu, I.C. Petcu, I.M. Gheorghiu, T. Țârcă and P. Perlea                   | 78  |
| <b>The Importance of the Magnification Use for the Additional Root Canals Localization at the Second Maxillary Molars</b><br>M.J. Țuculină, S.M. Popescu, M. Bătăiosu, C. Dăguci, C.M. Petcu, H.O. Manolea, I.T. Dascălu and O.A. Diaconu | 89  |
| <b>Experimental Evaluation of Fracture Pattern in Bilayered All-Ceramic Molar Crowns</b><br>L. Porojan, S. Porojan, L. Rusu, A. Bolo, C. Savencu, A. Antoniac and S. Gradinaru                                                            | 101 |
| <b>Minimally Invasive Aesthetic Solutions - Porcelain Veneers and Lumineers</b><br>K. Zlatanovska, C. Dimova and J. Zarkova-Atanasova                                                                                                     | 111 |
