

Table of Contents

Introduction	
G.S. Ansell	1
Shock Phenomena in Metals: Basic - Methos	
G.S. Ansell, D. Fisher, P. Haasen, J.R. Weertman and F.H. Wohlbier	7
Shock Phenomena in Metals: Experimental Results	
G.S. Ansell, D. Fisher, P. Haasen, J.R. Weertman and F.H. Wohlbier	27
High Velocity Deformation of Metals: Microphysical Interpretation of Viscoplastic Behavior	
G.S. Ansell, D. Fisher, P. Haasen, J.R. Weertman and F.H. Wohlbier	45
High Velocity Deformation of Metals: Experimental Methods in Dynamic Plasticity	
G.S. Ansell, D. Fisher, P. Haasen, J.R. Weertman and F.H. Wohlbier	59
High Velocity Deformation of Metals: High Strain-Rate Behavior of Polycrystals	
G.S. Ansell, D. Fisher, P. Haasen, J.R. Weertman and F.H. Wohlbier	85
High Velocity Deformation of Metals: High Strain-Rate Behavior of Single Crystals	
G.S. Ansell, D. Fisher, P. Haasen, J.R. Weertman and F.H. Wohlbier	123
High Velocity Deformation of Metals: Effect of Metallurgical Factors upon High Strain-Rate Behavior	
G.S. Ansell, D. Fisher, P. Haasen, J.R. Weertman and F.H. Wohlbier	145
High Velocity Deformation of Metals: Influence of Initial Temperature and Neutron Irradiation	
G.S. Ansell, D. Fisher, P. Haasen, J.R. Weertman and F.H. Wohlbier	163
Dynamic Hardness	
D. Fisher, G.S. Ansell, P. Haasen, J.R. Weertman and F.H. Wohlbier	183
Conclusions and Problems for Future Study	
G.S. Ansell, D. Fisher, P. Haasen, J.R. Weertman and F.H. Wohlbier	195
