

Table of Contents

Preface

Chapter 1: Polymers

Enhancing Antimicrobial and Irradiation-Shielding Properties of Poly(Butylene Succinate) Composites with Nanolignin for Active Biodegradable Packaging Applications W. Wanmolee, B. Hararak, W. Kraithong and C. Winotapun	3
Effect of Infill Percentage and Pattern Variations on the Compressive Strength and Material Properties of 3D Printed HDPE Materials M.S.M. Al-Kharusi and M.S. Al Owiemri	9

Chapter 2: Photocatalysis and Electrocatalysis for Energy Conversion

Photocatalytic Fuel Cell with Anodic In₂O₃/ ZnO/FTO and Cathodic CuO/Cu for Efficient Aquaculture Wastewater Treatment and Electricity Production S.M. Lam, K.C. Low, J.C. Sin and H.H. Zeng	19
Improvement of Dye-Sensitized Solar Cells Using Hollow ZnO Nanorices Y. Tanaka, T. Nakamoto and K. Taguchi	25
Improved Performance of NiCoFe-LDH Electrocatalyst by Synthesizing on NiCo₂O₄ with Ni Foam for Effective Oxygen Evolution Reaction T.D. Duy, T. Nakamoto and K. Taguchi	31

Chapter 3: Coatings and Surface Treatment

Optimising the HVOF Deposition Technology of Al₂O₃-40%TiO₂ Coatings for Energy Industry Applications A.C. Murariu, I.A. Perianu, M. Cocard and E. Frici	41
Solutions for Increasing the Durability of Metallic Materials to Hydroabrasive Wear Used in the Construction of Hydraulic Turbines C.A. Tugui, M.C. Perju, I. Mititelu and I.A. Perianu	53
Spectroscopic Analysis of HVOF-Sprayed Al₂O₃-40%TiO₂ Coatings for Solar Thermal Applications C.A. Ciurel, A.C. Murariu and A.L. Borz	59
Examination of the Need for Pre-Heating in Case of Hardfacing on S1100QL Steel G. Terdik and Á. Meilinger	69
Effect of Deposition Parameters on Indentation Fracture Toughness of Cermet HVOF Coatings J. Duliškovič, Š. Houdková and M. Vostřák	79
Application of Cold Spray Protective Coating on Steel Used in the Pipeline Industry Ž. Dlouhá, J. Frank, J. Duliškovič, H. Jirková and Š. Houdková	85
