Preface

| | |
|--|----|
| Metallurgical Affects of Three Dimensional Printing Based Rapid Casting Solution R. Singh | 1 |
| Experimental Investigations for Silicon Moulding Solution of Plastic Components R. Singh and B. Singh | 9 |
| Experimental Investigations for Rapid Moulding Solution of Plastics Using Polyjet Printing R. Singh and V. Singh | 15 |
| Performance of HVOF Sprayed NiCr and Stellite-6 Coatings under Pin on Disc Wear Testing H. Singh, B.S. Sidhu and S. Prakash | 21 |
| An Investigation on Wear of Shallow Cryogenic Treated Wire in Wedm J. Kapoor, J.S. Khamba and S. Singh | 31 |
| Surface Modification of High Carbon High Chromium, EN31 and Hot Die Steel Using Powder Mixed EDM Process A. Bhattacharya, A. Batish and G. Singh | 43 |
| Mechanism of Material Deposition from Powder, Electrode and Dielectric for Surface Modification of H11 and H13 Die Steels in EDM Process A. Batish and A. Bhattacharya | 61 |
| Experimental Investigations for Development of Pattern for Dies Using FDM H.K. Garg and R. Singh | 77 |
