

# Table of Contents

## Preface

## Chapter 1: Technologies of Sustainable Development in Civil Engineering, Transportation and Urban Planning

<b>Sustainable Development of Concrete Using GGBS: Effect of Curing Temperatures on the Strength Development of Concrete</b> G. Turu'allo	3
<b>Properties of Sand Sheet Asphalt Mixture Incorporating Waste Plastic</b> I.N.A. Thanaya, I.G.R. Purbanto and I.G. Wikarga	9
<b>Asphalt Pavement Temperature Profile for Tropical Climate in Indonesia</b> I.M.A. Ariawan, B.S. Subagio and B.H. Setiadji	17
<b>The Development of Slurry Seal Design with Ordinary Portland Cement Replacement by Low Calcium Fly Ash</b> A. Setyawan, D. Sarwono and M.S. Adnan	24
<b>The Structural Properties Assessment of Thin Hot Mixture Asphalt for Pavement Preservation</b> A. Setyawan, A.H. Mustafa Elshawesh and S. As'ad	30
<b>Mechanical Strength of Hydraulic Binder Made by Blending Type I Portland Cement and Pozzolan</b> I.M.A.K. Salain	36
<b>Laboratory Tests on Failure of Retaining Walls Caused by Sinusoidal Load</b> A.M. Hidayati, R.W. Sri Prabandiyani and I.W. Redana	41
<b>Deformation Behavior of Concrete due to the Influence of the Steel Ring Width Variations as the External Confinement</b> E. Safitri, I. Imran, Nuroji and S. Asa'ad	47
<b>Evaluation of High Grade Recycled Coarse Aggregate Concrete Quality Using Non-Destructive Testing Technique</b> N.N. Kencanawati, J. Fajrin, B. Anshari, Akmaluddin and M. Shigeishi	53
<b>Experimental and Theoretical Investigation of Bolted Bamboo Joints without Void Filled Material</b> G.M. Oka, A. Triwiyono, A. Awaludin and S. Siswosukarto	59
<b>The Significant Importance to Measure Road Safety</b> S.A. Caroline	66
<b>Accessibility to Location of Activities in Denpasar City, Bali-Indonesia</b> P.A. Suthanaya	74
<b>Travel Time Estimation Based on Spot Speed with Instantaneous and Time Slice Model</b> A.M.H. Mahmudah, A. Budiarto and S.J. Legowo	80
<b>Port Location Selection Model: Case Study of Tourism Sector in Bali</b> R.M.N. Budiarta, T. Achmadi and P. Harmi Tjahjanti	87
<b>Determining Passenger Car Equivalent for Motorcycle at Mid-Block of Sesetan Road</b> I.G.R. Purbanto	95
<b>Readiness Criteria: Indonesias' New Initiative to Ensure Sustainable Development Program</b> A. Merthayasa	101
<b>Conceptual Framework of Bidding Strategy in Order to Improve Construction Project Performance</b> I.N.Y. Astana, H.A. Rusdi and M.A. Wibowo	108
<b>The Conceptual Framework of Design Change Effects in Some Project Delivery Systems</b> A.A.G.A. Yana, H.A. Rusdi and M.A. Wibowo	114
<b>An Identification of Construction Project Overheads for Sustainable Cost Management and Controlling Practices (CMCPs)</b> N.M. Jaya and A. Frederika	121
<b>Risk Analyses for Riau Regional Water Supply Projects (SPAM), Indonesia</b> A. Sandhyavitri	127

<b>Modeling Discharge of the Bangga Watershed under Climate Change</b> I.W. Sutapa, M. Bisri, Rispiningtati and L. Montarcih	133
<b>Water Resources Management of Subak Irrigation System in Bali</b> I.N. Norken, I.K. Suputra and I.G.N.K. Arsana	139
<b>Study of the Evolution of Sanur Beach Nourishment Project for Beach Enhancement</b> I.G.B.S. Dharma and S.S. Efendi	145
<b>Numerical Simulation of Breaking Waves in a Wave Group by SPH</b> N.N. Pujianiki	151
<b>The Study on Bore Piles Foundation of the Reinforced Concrete Arch Bridge Beams of Tukad Pekerisan and Tukad Penet</b> I.N. Sutarja and I.W. Wayan Redana	157
<b>The Importance of the Physical Boundary Line on Bali Coastal Tourist Resorts</b> A. Rajendra, N. Temple and R. Nicholls	163
<b>Comparative Analysis of Traditional House at Taman Mini Indonesia Indah with Modern House</b> S. Purnawan, I.W. Sukania and L. Widodo	169

## **Chapter 2: Materials and Technologies for a Sustainable Development**

<b>The Property and Applicability to Auto Industry of Natural Fiber Reinforced Composites</b> R.H. Hu, Z.G. Ma, S. Zheng, C.L. Zheng and A.J. Jiang	179
<b>Fracture Parameters of Short Carbon Fiber Reinforced Polycarbonate Composite Fabricated by Injection Molding Process</b> M.G. Hwang, G.H. Kim, H.J. Park, Y.G. Lee, C.M. Yang, J.K. Lim and H.Y. Kang	186
<b>Effect of Polar Extract of Cocoa Peels Inhibitor on Mechanical Properties and Microstructure of Mild Steel Exposed in Hydrochloric Acid</b> Gunawarman, Y. Yetri, Emriadi, N. Jamarun, Ken-Cho, M. Nakai and M. Niinomi	193
<b>Hardness Distribution and Effective Case Depth of Low Carbon Steel after Pack Carburizing Process under Different Carburizer</b> D.N.K.P. Negara, I.D.M.K. Muku, I.K.G. Sugita, I.M. Astika, I.W. Mustika and D.G.R. Prasetya	201
<b>The Effect of Solidification on Acoustical of Tin Bronze 20Sn Alloy</b> I.K.G. Sugita and I.G.N. Priambadi	208
<b>Morphological Analyses and Crystalline Structures of Anodic TiO<sub>2</sub> Thin Film on Ti6Al4V Alloy Using Phosphate and Calcium Containing Electrolyte under Different Voltage and Calcium Molarity</b> I.N.G. Antara, K.I.M. Gatot, I.M. Budiana and D.K. Choi	215
<b>Determination of Optimal Clinker Factor in Cement Production by Chemical Grinding Aids Addition</b> T. Eryanto and E. Amrina	223
<b>Wear of Carbon Steel (0.65%C) in Rolling-Sliding Contact with Creep Ratio</b> I.M. Widiyarta, T.G.T. Nindhia and H. Mudiastrawan	229
<b>Hardness Prediction Based on P-h Curves and Inverse Material Parameters Estimation</b> I.N. Budiarsa	233
<b>The Influence of Austenisation Temperature and Holding Time on Mechanical Properties, Scale Thickness, and Microstructure in Alloy Steel</b> A. Aziz, M. Hidayat and I. Hardiyanti	239
<b>Hardness, Density and Porosity of Al/(SiCw+Al<sub>2</sub>O<sub>3</sub>p) Composite by Powder Metallurgy Process without and with Sintering</b> K. Suarsana and R. Soenoko	246
<b>Development of Fiberglass Woven Roving Composite as an Alternative Material for the Hull of Fishing Boat</b> Winarto, E. Widiyono, R. Liza and H. Syamsul	253
<b>Tensile Strength of Banana Fiber Reinforced Epoxy Composites Materials</b> A.P. Irawan and I.W. Sukania	260
<b>Green Composites Based on Recycled Plastic Reinforced Local Sisal Fibers</b> N.P.G. Suardana, N.M. Suaniti and I.P. Lokantara	264
<b>Cement Bonded Sol-Gel TiO<sub>2</sub> Powder Photocatalysis for Phenol Removal</b> N. Hafizah and I. Sopyan	271

<b>Review on Zn-Based Alloys as Potential Biodegradable Medical Devices Materials</b> M.S. Dambatta, D. Kurniawan, S. Izman, B. Yahaya and H. Hermawan	277
<b>Bone Implant Materials from Eggshell Waste</b> I. Sopyan	282
<b>Boiling Phenomenon of Tabulate Biomaterial Wick Heat Pipe</b> W.N. Septiadi and N. Putra	289
<b>Fluidization Characteristic of Sewage Sludge Particles</b> I.N.S. Winaya, R.S. Hartati and I.N.G. Sujana	294
<b>Design of Fluidized Bed Co-Gasifier of Coal and Wastes Fuels</b> I.N.S. Winaya, R.S. Hartati, I.P. Lokantara, I.G. Subawa and I.M.A. Putrawan	300

### **Chapter 3: Advanced Decisions in Mechanical Engineering**

<b>Magnetic Camera and its Applications in Aging Aircraft, Express Train and Pipelines for Green Technology</b> J.Y. Lee and J.M. Kim	309
<b>Buckling Analysis on Pechiko Field of Fixed Offshore Platform in Makassar Strait</b> M.Z.M. Alie, Y.R. Palentek and D.G. Sesa	313
<b>Simulation of a Differential-Drive Wheeled Mobile Lego Robot Mindstorms NXT</b> I.W. Widhiada, C.G.I. Partha and Y.A.P. Wayan Reza	319
<b>Design and Simulation of Five Fingers Gripper for Dexterous Pick-Up Various of Components</b> I.W. Widhiada, E. Pitowarno, C.G.I. Partha and Y.A.P. Wayan Reza	325
<b>Tar Balls Collector for Mechanical Recovery in Combating Oil Spill on the Marine Environment</b> C.P. Mahandari, M. Yamin and D.S.A. Asandi	331
<b>Three Wheel Bike as Physical Therapy Equipment for Post-Stroke Patient</b> I.M.L. Batan, Rodika and M. Riva'i	337
<b>Geometric Progression Application in Design Transmission Gear Ratio</b> A.A.I.A.S. Komaladewi, I.G.A.K. Suriadi and I.K.A. Atmika	343
<b>Role of Risk Management in Effective Maintenance</b> H.A. Yuniarto and P.F. Paristiawati	349
<b>Redesign Combustion Air Shelter of the Furnace to Improve the Performance in Melting Bronze for Manufacturing Gamelan</b> I.G.N. Priambadi, I.K.G. Sugita, A.A.I.A.S. Komaladewi, K. Astawa and I.W.B. Adnyana	355
<b>Model of Carbon Dioxide (CO<sub>2</sub>) Emission from Motorcycle to the Manufactures, Engine Displacement, Service Life and Travel Speed</b> A.M. Mulyadi and S. Gunarta	361
<b>Experimental Study of Heat Transfer Characteristics of Condensed Flow on the Vertical Wave Plates</b> W.H. Piarah and Z. Djafar	371
<b>Forces Analysis on a Spherical Shaped Delivery Valve of Hydram Pump</b> M. Suarda	377
<b>The Influence of Distance Variation between Rings with Sloping Position on the Cylinder Surface to Drag Coefficient</b> S.P.G.G. Tista, A. Ghurri and H. Wijaksana	384
<b>Auto PID Tuning of Speed Control of DC Motor Using Particle Swarm Optimization Based on FPGA</b> H. Tayara, D.J. Lee and K.T. Chong	390
<b>Mobile Robot Motion Planning to Avoid Obstacle Using Modified Ant Colony Optimization</b> N. Habib, A. Soeprijanto, D. Purwanto and M.H. Purnomo	396
<b>Mobile Robot Motion Control Using Laguerre-Based Model Predictive Control</b> M. Chipofya, D.J. Lee and K.T. Chong	403

### **Chapter 4: Application of Alternative Energy and Information Technologies**

<b>Experimental Investigation of Micro-Hydro Waterwheel Models to Determine Optimal Efficiency</b> L. Jasa, A. Priyadi and M.H. Purnomo	413
<b>Understanding Peak Average Power Ratio in VFFT-OFDM Systems</b> N.M.A.E.D. Wirastuti	419
<b>Fusing Multiple Inexpensive GPS Heading Data via Fuzzified Ad-Hoc Weighing</b> F.P. Vista IV, D.J. Lee and K.T. Chong	425
<b>Tree Data Structure Implementation in Android Base System of E-Ulambebanenan</b> A.A.K.O. Sudana and A.A.G. Brampramana Putra	431
<b>Design and Implementation of Web-Based Geographic Information Systems on Mapping Hindu's Temple</b> N. Piarsa and K. Adi Purnawan	437
<b>Improving Biogas Quality through Circulated Water Scrubbing Method</b> H.S. Tira, Y.A. Padang, Mirmanto and Hendriono	443
<b>Study on Solar Generating Apparatus for Solving Problem of Shadow</b> J.W. Chang, S.S. Kim, J.K. Lim and J.J. Lee	449
<b>An Experimental Study on the Thickness of Stainless Steel as an Electrode in Alkaline Fuel Cell</b> M. Sucipta, I.M. Suardamana, I.K.G. Sugita, M. Suarda and K. Astawa	455
<b>Transient Thermal Efficiency of Natural Hybrid Dryer System on Chimney Height Variation of Exhaust Moist Air</b> M.R. Murti and C.W. Park	461
