Preface

Chapter 1: Properties of Silicon Carbide Semiconductor Materials and Devices

A Novel Non-Invasive Cryostatic Spectrometry Technique to Characterize the Carriers' Multiplication Factor in Silicon Carbide Power Devices	3
M. Pocaterra and M. Ciappa	
Electroluminescence Spectra of a Gate Switched MOSFET at Cryogenic and Room Temperatures Agree with Ab Initio Calculations of 4H-SiC/SiO₂-Interface Defects	15
M. Weger, D. Biermeier, M.W. Feil, J. Cottom, M. Bockstedte and G. Pobegen	
Comparison of the Performance-Degrading Near-Interface Traps in Commercial SiC MOSFETs	25
M. Chaturvedi, S. Dimitrijev, D. Haasmann, H.A. Moghadam, P. Pande and U. Jadli	
SiC MOSFETs Biased C-V Curves: A Temperature Investigation	31
I. Matacena, L. Maresca, M. Riccio, A. Irace, G. Breglio, A. Castellazzi and S. Daliento	
Body Diode of 1.2kV SiC MOSFET: Unipolar and Bipolar Operation	37
T.T. Pham, J. Franchi and M. Domeij	
Pulsed Forward Bias Body Diode Stress of 1200 v SiC MOSFETs with Individual Mapping of Basal Plane Dislocations	43
S. Kochoska, M. Domeij, T.T. Pham, S. Masloukas, S. Sunkari, J. Justice and H. Das	
Investigation on Switching Characteristics of 3.3kV SiC Power MOSFETs with SiO₂/ SiN Gate Stack	49
G. Romano, A. Mihaila, Y. Arango, A. Ruiz and L. Knoll	
Measurement and Analysis of Body Diode Stress of 3.3 kV Sic-Mosfets with Intrinsic Body Diode and Embedded SBD	55
G.H. Lee, J.K. Lim, S.M. Koo and M. Bakowski	
Impact of Turn-Off Gate Voltage and Temperature on Threshold Voltage Instability in Pulsed Gate Voltage Stresses of SiC MOSFETs	61
A. Deb, J. Ortiz-Gonzalez, M. Taha, S. Jahdi, P. Mawby and O. Alatise	
Small-Signal Impedance and Split C-V Characterization of High-k SiC Power MOSFETs	67
S. Race, I. Kovacevic-Badstubner, R. Stark, A. Tsibizov, M. Belanche, Y. Arango, G. Romano, L. Knoll and U. Grossner	
Lifetime Projection of Bipolar Operation of SiC DMOSFET	73
C. Schleich, M.W. Feil, D. Waldhoer, A. Vasilev, T. Grasser and M. Waltl	

Chapter 2: Materials in Construction

Shear Strength Analysis of Rock due to the Effect of Surface Roughness Based on Laboratory Testing and Numerical Modeling	81
P. Purwanto, N.F. Qaidahiyani, M.S. Iqbal and D. Djamaruddin	
External Shear Strengthening of RC Beams with Anchored Geopolymer Fiber Mortar Panel: An Experimental Study	93
F. Fakhruddin, R. Irmawaty and J.J.E. Putri	
Failure Mode of GFRP Bar RC Beams Using GFRP Sheet as Shear Reinforcement	101
R. Irmawaty, F. Fakhruddin, R. Djamaruddin and K. Kusnadi	
Strength Development of Seawater Mixed and Cured Concrete with Various Replacement Ratios of Fly Ash	111
D. Patah, A. Dasar, Apriansyah and M.A. Caronge	
Study on some Properties of Sustainable Mortar Incorporating Processed Waste Tea Ash	119
M.A. Caronge, M.W. Tjaronge, A.R. Djamaruddin and H.K. Tjaronge	
Investigation of Depth Variations of the Bamboo Twigs for its Acoustical Performance	127
A. Kurniawan, A. Kusno and R. Mulyadi	

The Sound Absorption Characteristics of Bamboo Twigs Based on Surface Combination Patterns	
A. Kusno, R. Mulyadi, B. Hamzah, N. Jamala, T. Ishak and A. Kurniawan	135
The Utilization of Geopolymer Mortar as Permanent Formwork in Reinforced Concrete Beam	
N.F.R. Arifin, N.E. Nahdiyah, C. Efrein, M.F. Hidayat, R.D. Wardhana and F. Fakhruddin	143
Assessment of Stone Ash as a Fine Aggregate Material to Meet the Value of Normal Concrete Compressive Strength	
B. Budiman	151
Sound Absorption Coefficient Analysis for Composite Made of Agricultural Waste	
A.B. Wicaksono, Z. Djafar and A. Kusno	161
