Preface and Committee

Chapter 1: Properties and Processing of Steels and Alloys

Tensile Strength of Wire-Woven SUS 304 Austenitic Stainless Steel R.T. Dewa, D.M. Adinata, R. Akbar and M.R.A. Yasir	3
Study Effect of Holding Time at Post Weld Heat Treatment (PWHT) on Joint Dissimilar Welding ASTM 335 P11 to ASTM 304L under Controlled Condition S. Ismadi and W. Winarto	9
The Effect of Cetyl Trimethylammonium Bromide Addition as Surfactant in Multiwalled Carbon Nanotube-Based Nanofluid for Quench Medium in Steel Heat Treatment Application W.N. Putra, M. Ariati and B. Suharno	21
A Novel Processing Route in the Mechano-Synthesis of Austenitic 58Fe25Ni17Cr Oxide Dispersion Strengthened Cast Alloy through Y₂O₃ Pre-Linking P. Farihin, B. Suharno, M. Dani, A. Andryansyah, D.A. Prastowo, A. Insani and D.H. Prayitno	29
Effect of Weight Percent Mg and Heat Treatment on the Mechanical Properties of Al10Si Aluminum Alloy Casting Products Car Chassis Materials J.J. Numberi, J. Joni, E.I. Bhiftime, R.T. Dewa, A.N.S. Permata, W.D. Lestari, M.S. Utama R., M.I. Atami, A. Ariesta and M.R.A. Yasir	41
Corrosion and Microstructure on the Casting Product Propeller Shaft Model of Al6063 Aluminum Alloy Base Materials J. Joni, E.I. Bhiftime, O. Ranteallo, R.T. Dewa, A.N.S. Permata, M.D. Nayaka, A. Zulhazmi and I.A. Priyono	53

Chapter 2: Polymers and Composites

Study on Structural and Morphological of Steam-Treated Sorghum Stalk Fiber: Enhancing Potential for Reinforcement in Polymer Composite A. Rifathin, R. Pratama, A.F. Nugraha, J.A. Laksmono and M. Chalid	65
The Effects of Silver Nanoparticles on the Antimicrobial and Biodegradation of Cornstarch Bioplastic R. Ningtyas, S. Nadya, M. Muryeti, D. Priadi and M. Chalid	73
Investigation Mechanical Properties of Polypropylene Composite with Difference Composition of Nucleating Agent Based Sorghum Fiber Z. Zainuddin, T. Nurtaasto, A.F. Nugraha, J.A. Laksmono and M. Chalid	81
Curing Kinetics of Epoxy Adhesive by Non-Isothermal DSC W.U. Dewi, R. Sutrisna, H. Supriyatno, S. Astutiningsih and M. Chalid	87
Impact Resistance Enhancement of GLARE Composite Laminates Reinforced with Shape Memory Alloy Wires Y.A. Sumbaga and R. Saptono	95

Chapter 3: Minerals Extraction

Optimized Ilmenite Leachate by Wet Mechanical Activation for the Synthesis of TiO₂ Nanoparticles through Sulfate Route F.A. Maulana, A.H. Yuwono, N. Sofyan, D. Dhaneswara, F. Septiningrum, E. Nurhidayah, A. Noviyanto and M. Dioktyanto	107
The Effect of Leaching Duration and Solid/Liquid Ratio on Lithium Extraction from Mica Schist Used Hydrochloric Acid Process N.C. Natasha, L.H. Lalasari and J.W. Soedarsono	119

Chapter 4: Engineering Management in Construction

Saving Environment in Architecture Design through Illusion Method: A Literature Review
F.Y. Pradika, F.X.T.B. Samodra and S. Cahyadini

127

**Analysis of Benefits of RFID Technology Implementation in Improving Precast Concrete
Material Management Systems in Indonesian Construction**

P. Arganiz and F. Muslim

143
