

Table of Contents

Preface

Chapter 1: Recycling and Applications of Natural Materials

Influence of Orthophosphoric Acid Activation on the Quality of Activated Carbons M.N. Amadou Kiari, A.T.S. Konan, O. Sanda Mamane, H. Kone, G.D. Fanou, M. Siragi Dounounou Boukari, M.H. Ibrahim Grema, M.M. Malam Alma and K.B. Yao	3
Physical and Morphological Characterisation of Typha Australis Fibres A. Gaye, N.A. Sène, V. Sambou, P. Balland and P.B. Gning	11
Optimization of the Co-Production between the Rice Husk and the Pulp of the Cashew Apple Produced in the Natural Region of Casamance O.K. Faye, P.B. Himbane and L.G. Ndiaye	23
Study of the Physic-Mechanical Properties of a Typha Concrete Composites: A Possible New Material for Sustainable Construction E.M. Elhaj-Maham, B. Diouf, E.H.B. Ly and M. Manga	33
Normal Water Effect on the Thermal and the Mechanical Properties of Jute Yarns Y. Ben Smail, F. Lmai, A. El Moumen and A. Imad	45

Chapter 2: Wood in Construction

Development and Characterization of a Micro-Concrete Based on Wood Waste from Sawmills R.R. Ngono Mvondo, R. Oum Lissouck and S. Grigoletto	59
Signal Processing Technique to Study the Propagation Modes of Ultrasonic Waves in Wood Protected by Layers of Liquid Paint (Cement) M. Tafkirte and A. Hamine	71
Experimental and Numerical Study of the Physico-Hygrothermal Behavior of Two Tropical Wood Species C.A. Houngbeme, A. Hounghan and A. Djossou	79
Estimating Wood Specific Gravity of <i>Ravenala madagascariensis</i> Sonn. Using Near-Infrared Spectroscopy L.P. Rasoamanana, A.R. Razafimahatratra and T. Ramananantoandro	91

Chapter 3: Soil Properties and Applications

Morphological and Physico-Chemical Characterization of Soils from Gold Panning in Komabangou, Niger S. Alassane Boukari, I. Elhadji Daou, A. Garba Neino, Y. Soro, A. Tankari Dan Badjo, K.B. Yao and K.A. Yao	105
Comparative Analysis of Local Materials Effects on Two Buildings Thermal Behaviours in Sahelian Climate F.R. Modjinguem, M. Soultan, J. Jay and M. Querry	117
