

# Table of Contents

## Preface

## Chapter 1: African Natural Materials for Pollutants Removal and Soil Treatment

- Optimization by Response Surface Methodology of Methylene Blue Removal in Aqueous Solution on Bioadsorbent Based on *Hyphaene Thebaica* Shells**  
M.N. Amadou Kiari, L.Y. Ouattara, A. Adamou Ibro, M.H. Ibrahim Grema, A. Sanou, A. Traore, M.M. Malam Alma and K.B. Yao 3
- Use of Biochar and Digestat for Soil Amendment and Treatment for Greenhouse Cultivation**  
A. Diedhiou, J.M.A. Troh and A. Bensakhria 23

## Chapter 2: African Natural Materials for Food and Textiles Applications

- Ecological Anti-Vector Knitwear: *Sida rhombifolia* Impregnated with *Aloe vera* Gel for Sustainable Control of Insect Vectors**  
A. Nsangou, D.E. Nkemaja, E.S. Eteme, E.F. Betene, P.M.A. Noah and O.A.D. Betené 33
- Optimisation of the Iron, Zinc and Vitamin C Content of a *Zea Mays*-Based Infant Food Supplement Enriched with *Parkia Biglobosa* Pulp and *Anacardium Occidentale* Almond Meal**  
K.M. Gboko, K.Y. Kone and D. Soro 45

## Chapter 3: Biocomposites

- Effects of *Grewia Bicolor* (GB) Fiber Extraction Methods in the Reinforcement of a Biosourced *Detarium Microcarpum*(DM) Tannin Matrix Material**  
M.M. Taoga, B. Ndiwe, F.B. Ebanda, P.M.A. Noah, J.P.E. Mbang, A. Ngue, C. Mansassou and A. Pizzi 55
- Study of the Potential of *Typha Domingensis* Fibers as Reinforcement for Composite Materials**  
G. Diouf, P.B. Gning, M.M. Sarr, C. Herbelot and A. Imad 67

## Chapter 4: Green Building Materials

- Highlighting of Design and Mechanical Behavior of Adobe Clay Bricks Made with Biomass Waste**  
L.S. Soumbou, C.F.P. Nziengui, J.E. Boulingui, S.E. Ango, J. Temdie and R. Moutou Pitti 83
- Study of Clay Soils, Case of Dibang - Cameroon: Thermophysical and Chemical-Mechanical Characterization of Clay Bricks Loaded with 7% of Polyethylene Aggregates**  
C.P.M. Touani, R. Djomi, R. Olembe, A.C. Hamka Hamka, G.D. Kan and T. Tchotang 99
- Variable Order Fractional Creep Model of Wood Material: Case of Tropical *Pericopsis Elata* Species**  
L.C. Nguedjio, F. Mafogang Mbekou, R. Moutou Pitti and P.K. Talla 115

## Chapter 5: Recycled Materials

- Artisanal Production Process of Recycled Aluminum Pots in Cameroon: Assessment and Improvement Perspectives**  
M.M. Ngouono, P.W.H. Mejouyo, T. Kanaa and E. Njeugna 127
