Preface

Laser Ablation of Yttrium Oxide Nano-Particles in Water and their Activity against Clinical Isolates (Gram Negative, Gram Positive, and Fungi) O.H. Mahmood, H.R. Abd and A.N. Abd	1
Study of the Effect of Laser Energy on the Biological Applications of Selenium Dioxide Nanoparticles Prepared by the Pulsed Laser Ablation Method M.A. Yaseen, A.M. Ali and A.N. Abd	11
The Effect of Various Surface Treatments and Joint Designs on the Flexural Strength of Repaired 3D-Printed Denture Base: <i>In Vitro</i> Study E.E. Hameed, I.N. Yassen and A.A. Beddai	21
Surface Roughness and Microhardness of Monolithic Zirconia under Polishing and Glazing Using CAD/CAM Computer-Aided Design/computer-Aided Manufacturing Technology N.I. Dawood, S. Naji and Z. AL Wahab	31
Transcutaneous Electrical Nerve Stimulation Unit for Therapeutic Purposes A.Q.H. Al-Neami, K.H. Rasheed, H.M. Mohammed, Z.A. Abed and Q.A. Hammoodi	43
Pomegranate Seeds as a Sustainable Coagulant for Water Purification M. A. Mustafa and N.O. Almusawi	55
